

requirements of the MCoE and Fort Benning's tenant units. As such, Fort Benning proposes to construct a new HOMMTA with sufficient contiguous area to enable all units and courses to complete required cross-domain movement and maneuver training.

The Draft EIS analyzes the potential environmental and socioeconomic impacts associated with the Proposed Action, including direct, indirect, and cumulative effects. Mitigation of adverse effects through avoidance and environmentally sensitive design, such as establishment of buffers, would be used to avoid impacts to sensitive resources to the maximum extent practicable. Where these efforts are not sufficient to avoid adverse effects, the Draft EIS recommends additional mitigation measures that the Army may implement to further reduce identified adverse impacts.

In support of the EIS, the Army is also preparing other studies, analyses, and permit applications to meet Federal requirements, such as Section 7 of the Endangered Species Act, Sections 401 and 404 of the Clean Water Act (CWA), and Section 106 of the National Historic Preservation Act.

The Army identified three reasonable Action Alternatives that would meet the purpose of and need for the Proposed Action; these three Action Alternatives (*i.e.*, three distinct locations on Fort Benning where a HOMMTA could be constructed) are analyzed in detail in the Draft EIS.

1. Alternative 1 (Preferred Alternative): Northern Mounted Maneuver Training Area Alternative: This alternative includes approximately 4,724 acres and is located adjacent to and east of the current Northern Maneuver training Area and west of and near Fort Benning's Digital Multi-Purpose Range Complex (DMPRC).

Of the Action Alternatives, Alternative 1 would provide the most preferable size and configuration to enable high-quality heavy off-road mounted maneuver training. Accordingly, the Army has identified Alternative 1 as the Preferred Alternative to implement the Proposed Action.

2. Alternative 2: Red Diamond Alternative: This alternative includes approximately 3,744 acres and is located south of the Southern Maneuver Training Area (SMTA) near the Installation's southern boundary.

3. Alternative 3: Eastern Boundary Alternative: This alternative includes approximately 2,405 acres and is located between the northern duded impact area and the Installation's eastern boundary.

The Army also carried forward the No Action Alternative for detailed analysis in the Draft EIS. While the No Action Alternative would not satisfy the purpose of or need for the Proposed Action, this Alternative was retained to provide a comparative baseline against which to analyze the effects of the Action Alternatives as required under the Council on Environmental Quality's NEPA Regulation.

Resource areas analyzed in the Draft EIS include: Land use (recreation), air quality, noise, soils and topography, water resources, biological resources, cultural resources, socioeconomic, infrastructure, and hazardous and toxic materials and waste.

Based on the analysis presented in the Draft EIS, potentially significant adverse impacts could occur to biological resources (*i.e.*, from disturbance of unique ecological areas). Impacts to all other resource areas would be less-than-significant adverse (*i.e.*, negligible, minor, or moderate), or beneficial. Recommended mitigation measures are presented in the Draft EIS to reduce potential adverse effects.

All Action Alternatives for the Proposed Action may adversely impact wetlands and/or 100-year floodplains. Accordingly, the Army has also prepared a Draft FONPA to comply with Executive Order (E.O.) 11988, *Floodplain Management*, and E.O. 11990, *Protection of Wetlands*. As described in the Draft EIS, environmental protection measures (*e.g.*, buffers from heavy maneuver training) and regulatory compliance measures (*e.g.*, permitting under Sections 401 and 404 of the CWA) would be implemented to minimize adverse impacts on these resources.

Government agencies, Native American Tribes, and the public are invited to review and comment on the Draft EIS. The public comment period begins with the publication of this Notice of Availability in the **Federal Register** and will last for 45 days. The Draft EIS and Draft FONPA are available to the public on the HOMMTA web page at <https://www.benning.army.mil/Garrison/DPW/EMD/HOMMTA/>. The comment period will also include a public meeting that will provide an opportunity for the public to comment about the Proposed Action, Alternatives, and environmental impact analysis. Due to the COVID-19 Pandemic and the need to maintain social distancing, Fort Benning will host the public meeting by telephone. Specific details of the telephone meeting will be announced in local media and on the HOMMTA website, <https://www.benning.army.mil/Garrison/DPW/EMD/HOMMTA/>. The

HOMMTA Draft EIS and meeting materials will be provided online at <https://fortbenning.consultation.ai/>. If you cannot access the meeting materials online, please submit a request to Mr. John Brown at john.e.brown12.civ@mail.mil or by mail to address provided above so materials can be sent to you. Please ensure your request is postmarked no later than June 15, 2020 so that Fort Benning can mail the meeting materials prior to the telephone meeting date. Later requests for documents will be accepted, but the requests may not be fulfilled prior to the HOMMTA telephone meeting date.

Following the public comment period, the Army will consider all public comments and prepare a Final EIS and Record of Decision prior to making any decision regarding the Proposed Action. Comments must be received or postmarked by July 13, 2020 to be considered during preparation of the Final EIS.

Brenda S. Bowen,

Army Federal Register Liaison Officer.

BILLING CODE 5061-AP-P

DEPARTMENT OF DEFENSE

Office of the Secretary

[Docket ID DOD-2020-OS-0054]

Proposed Collection; Comment Request

AGENCY: Office of the Chief Information Officer, Department of Defense (DoD).

ACTION: Information collection notice.

SUMMARY: In compliance with the *Paperwork Reduction Act of 1995*, the Chief Information Officer announces a proposed public information collection and seeks public comment on the provisions thereof. Comments are invited on: Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; the accuracy of the agency's estimate of the burden of the proposed information collection; ways to enhance the quality, utility, and clarity of the information to be collected; and ways to minimize the burden of the information collection on respondents, including through the use of automated collection techniques or other forms of information technology.

DATES: Consideration will be given to all comments received by July 28, 2020.

ADDRESSES: You may submit comments, identified by docket number and title, by any of the following methods:

Federal eRulemaking Portal: <http://www.regulations.gov>. Follow the instructions for submitting comments.

Mail: DoD cannot receive written comments at this time due to the COVID-19 pandemic. Comments should be sent electronically to the docket listed above.

Instructions: All submissions received must include the agency name, docket number and title for this **Federal Register** document. The general policy for comments and other submissions from members of the public is to make these submissions available for public viewing on the internet at <http://www.regulations.gov> as they are received without change, including any personal identifiers or contact information.

FOR FURTHER INFORMATION CONTACT: To request more information on this proposed information collection or to obtain a copy of the proposal and associated collection instruments, please write to Ms. Angela James, Office of Information Management, DoD, at whs.mc-alex.esd.mbx.dd-dod-information-collections@mail.mil or call 571-372-7574.

SUPPLEMENTARY INFORMATION:

Title; Associated Form; and OMB Number: Defense Industrial Base (DIB) Cybersecurity (CS) Program Point of Contact Information; OMB Control Number 0704-0490.

Needs and Uses: DoD's Defense Industrial Base (DIB) Cybersecurity (CS) Program enhances and supports DIB CS participants' capabilities to safeguard DoD information that resides on, or transits, DIB unclassified information systems. The operational implementation of this Program requires DoD to collect, share, and manage point of contact (POC) information for Program administration and management purposes. The Government will collect typical business POC information from all DIB CS participants to facilitate communication and share cyber threat information. To implement and execute this Program within their companies, DIB CS participants provide POC information to DoD during the application process to join the Program. This information includes the names, company names and mailing address, work divisions/groups, work email addresses, and work telephone numbers of company-identified POCs. DIB CS Program POCs include the Chief Executive Officer (CEO), Chief Information Officer (CIO), Chief Information Security Officer (CISO),

General Counsel, Corporate or Facility Security Officer, and the Chief Privacy Officer, or their equivalents, as well as those administrative, policy, technical staff, and personnel designated to interact with the Government in executing the DIB CS Program (e.g., typically 3-10 company designated POCs). After joining the Program, DIB CS participants provide updated POC information to DoD when personnel changes occur.

Affected Public: Individuals and Households, Private Sector and Small Businesses.

Annual Burden Hours: 2,530 hours.

Number of Respondents: 7,590.

Responses per Respondent: 1.

Annual Responses: 7,590.

Average Burden per Response: 20 minutes.

Frequency: On occasion.

Dated: May 26, 2020.

Aaron T. Siegel,

Alternate OSD Federal Register Liaison Officer, Department of Defense.

Submission for OMB Review; Comment Request

AGENCY: Office of the Chief Management Officer, Department of Defense (DoD).

ACTION: 30-day information collection notice.

SUMMARY: The Department of Defense has submitted to OMB for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act.

DATES: Consideration will be given to all comments received by June 29, 2020.

ADDRESSES: Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting "Currently under 30-day Review—Open for Public Comments" or by using the search function.

FOR FURTHER INFORMATION CONTACT:

Angela James, 571-372-7574, or whs.mc-alex.esd.mbx.dd-dod-information-collections@mail.mil.

SUPPLEMENTARY INFORMATION:

Title; Associated Form; and OMB Number: Scooter Registration Form, SD Form 0836; OMB Control Number 0704-XXXX.

Type of Request: New.
Number of Respondents: 33.
Responses per Respondent: 1.
Annual Responses: 33.
Average Burden per Response: 2 hours.

Annual Burden Hours: 66.

Needs and Uses: Washington Headquarters Services (WHS) needs to collect this information to be able to provide reasonable accommodations to WHS and WHS-serviced organizations' personnel needing mobility assistance for individuals with disabilities.

Affected Public: Individuals or households.

Frequency: On occasion.

Respondent's Obligation: Voluntary.

OMB Desk Officer: Ms. Jasmeet Sehra.

You may also submit comments and recommendations, identified by Docket ID number and title, by the following method:

- *Federal eRulemaking Portal:* <http://www.regulations.gov>. Follow the instructions for submitting comments.

Instructions: All submissions received must include the agency name, Docket ID number, and title for this **Federal Register** document. The general policy for comments and other submissions from members of the public is to make these submissions available for public viewing on the internet at <http://www.regulations.gov> as they are received without change, including any personal identifiers or contact information.

DOD Clearance Officer: Ms. Angela James.

Requests for copies of the information collection proposal should be sent to Ms. James at whs.mc-alex.esd.mbx.dd-dod-information-collections@mail.mil.

Dated: May 22, 2020.

Aaron T. Siegel,

Alternate OSD Federal Register Liaison Officer, Department of Defense.
