#### Availability and Summary of Documents for Incorporation by Reference

This document proposes to amend FAA Order 7400.11D, Airspace Designations and Reporting Points, dated August 8, 2019, and effective September 15, 2019. FAA Order 7400.11D is publicly available as listed in the **ADDRESSES** section of this document. FAA Order 7400.11D lists Class A, B, C, D, and E airspace areas, air traffic service routes, and reporting points.

#### The Proposal

The FAA proposes an amendment to Title 14 Code of Federal Regulations (14 CFR) part 71 to amend Class E surface airspace, and Class E airspace designated as an extension to a Class D surface area at Ithaca Tompkins Regional Airport, Ithaca, NY, by removing the northwest extension (2.7 miles each side of the Ithaca VOR/DME 305° radial extending from the 4-mile radius of the airport to 7.4 miles northwest of the Ithaca VOR/DME) for the VOR approach, due to the decommissioning of the Ithaca VOR/DME, and cancellation of the associated approaches. Also, this action would update the airport name in the descriptor by removing the city in the airport's header.

Class E airspace designations are published in Paragraphs 6002, and 6004, respectively of FAA Order 7400.11D, dated August 8, 2019, and effective September 15, 2019, which is incorporated by reference in 14 CFR 71.1. The Class E airspace designations listed in this document will be published subsequently in the Order.

FAA Order 7400.11, Airspace Designations and Reporting Points, is published yearly and effective on September 15.

#### Regulatory Notices and Analyses

The FAA has determined that this proposed regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. It, therefore: (1) Is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant rule" under DOT Regulatory Policies

and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a Regulatory Evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that this proposed rule, when promulgated, will not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

#### Environmental Review

This proposal will be subject to an environmental analysis in accordance with FAA Order 1050.1F, "Environmental Impacts: Policies and Procedures" prior to any FAA final regulatory action.

#### Proposed Amendment of Class E Airspace; Harrison, AR

**AGENCY:** Federal Aviation Administration (FAA), DOT.

**ACTION:** Notice of proposed rulemaking (NPRM).

**SUMMARY:** This action proposes to amend Class E surface airspace, and Class E airspace extending upward from 700 feet above the surface at Boone County Airport, Harrison, AR, due to the decommissioning of the (HRO) RWY 36 Outer Marker (OM) and Compass

Locator and cancellation of associated approaches. Controlled airspace is necessary for the safety and management of instrument flight rules (IFR) operations in the area. This action also would update the airport's designator by removing the city from the second line of the header.

**DATES:** Comments must be received on or before July 17, 2020.

**ADDRESSES:** Send comments on this proposal to: The U.S. Department of Transportation, Docket Operations, 1200 New Jersey Avenue SE, West Building Ground Floor, Room W12-140, Washington, DC 20590-0001; Telephone: (800) 647-5527, or (202) 366-9826. **SUPPLEMENTARY INFORMATION:**

**Authority for This Rulemaking**

The FAA's authority to issue rules regarding aviation safety is found in Title 49 of the United States Code. Subtitle I, Section 106 describes the authority of the FAA Administrator. Subtitle VII, Aviation Programs, describes in more detail the scope of the agency's authority. This rulemaking is promulgated under the authority described in Subtitle VII, Part A, Subpart I, Section 40103. Under that section, the FAA is charged with prescribing regulations to assign the use of airspace necessary to ensure the safety of aircraft and the efficient use of airspace. This regulation is within the scope of that authority as it would amend Class E airspace at Boone County

Airport, Harrison, AR to support IFR operations in the area.

**Comments Invited**

Interested persons are invited to comment on this proposed rulemaking by submitting such written data, views, or arguments, as they may desire. Comments that provide the factual basis supporting the views and suggestions presented are particularly helpful in developing reasoned regulatory decisions on the proposal. Comments are specifically invited on the overall regulatory, aeronautical, economic, environmental, and energy-related aspects of the proposal.

Communications should identify both docket numbers (Docket No. FAA-2020-0365 and Airspace Docket No. 20-ASW-4) and be submitted in triplicate to DOT Docket Operations (see **ADDRESSES** section for the address and phone number.) You may also submit comments through the internet at <https://www.regulations.gov>.

Persons wishing the FAA to acknowledge receipt of their comments on this action must submit with those comments a self-addressed stamped postcard on which the following statement is made: "Comments to FAA Docket No. FAA-2020-0365; Airspace Docket No. 20-ASW-4." The postcard will be date/time stamped and returned to the commenter.

All communications received before the specified closing date for comments will be considered before taking action on the proposed rule. The proposal contained in this document may be changed in light of the comments received. All comments submitted will be available for examination in the public docket both before and after the comment closing date. A report summarizing each substantive public contact with FAA personnel concerned with this rulemaking will be filed in the docket.

**Availability of NPRMs**

An electronic copy of this document may be downloaded through the internet at <http://www.regulations.gov>. Recently published rulemaking documents can also be accessed through the FAA's web page at [https://www.faa.gov/air\\_traffic/publications/airspace\\_amendments/](https://www.faa.gov/air_traffic/publications/airspace_amendments/).

You may review the public docket containing the proposal, any comments received and any final disposition in person in the Dockets Office (see the **ADDRESSES** section for address and phone number) between 9:00 a.m. and 5:00 p.m., Monday through Friday, except federal holidays. An informal docket may also be examined between

8:00 a.m. and 4:30 p.m., Monday through Friday, except federal holidays at the office of the Eastern Service Center, Federal Aviation Administration, Room 350, 1701 Columbia Avenue, College Park, GA 30337.

**Availability and Summary of Documents for Incorporation by Reference**

This document proposes to amend FAA Order 7400.11D, Airspace Designations and Reporting Points, dated August 8, 2019, and effective September 15, 2019. FAA Order 7400.11D is publicly available as listed in the **ADDRESSES** section of this document. FAA Order 7400.11D lists Class A, B, C, D, and E airspace areas, air traffic service routes, and reporting points.

**The Proposal**

The FAA proposes an amendment to Title 14 Code of Federal Regulations (14 CFR) part 71 to amend Class E surface airspace, by removing the southern extension, and Class E airspace extending upward from 700 feet above the surface, by amending the southern extension and eliminating the northwest extension, at Boone County Airport, Harrison, AR, due to the decommissioning of the (HRO) RWY 36 Outer Marker (OM) and Compass Locator. The FAA found that BAKKY NDB has been decommissioned, and the Harrison VOR approach no longer exists. This results in airspace redesign for Boone County Airport. In addition, the FAA proposes to update the airport's descriptor by removing the unnecessary city name. Also, the FAA proposes to replace the outdated term Airport/Facility Directory with the term Chart Supplement.

Class E airspace designations are published in Paragraphs 6002, and 6005, respectively of FAA Order 7400.11D, dated August 8, 2019, and effective September 15, 2019, which is incorporated by reference in 14 CFR 71.1. The Class E airspace designations listed in this document will be published subsequently in the Order.

FAA Order 7400.11, Airspace Designations and Reporting Points, is published yearly and effective on September 15.

**Regulatory Notices and Analyses**

The FAA has determined that this proposed regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. It, therefore: (1) Is not a "significant

regulatory action” under Executive Order 12866; (2) is not a “significant rule” under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a Regulatory Evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that this proposed rule, when promulgated, will not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

#### Environmental Review

This proposal will be subject to an environmental analysis in accordance with FAA Order 1050.1F, “Environmental Impacts: Policies and Procedures” prior to any FAA final regulatory action.

#### Special Local Regulation; Chesapeake Bay, Between Sandy Point and Kent Island, MD

**AGENCY:** Coast Guard, DHS.

**ACTION:** Notice of proposed rulemaking.

**SUMMARY:** The Coast Guard is proposing to establish special local regulations for certain waters of the Chesapeake Bay. This action is necessary to provide for the safety of life on these navigable waters located between Sandy Point, Anne Arundel County, MD, and Kent Island, Queen Anne’s County, MD, during a paddling event on September 27, 2020. This proposed rulemaking would prohibit persons and vessels from entering the regulated area unless authorized by the Captain of the Port Maryland-National Capital Region or the Coast Guard Patrol Commander. We invite your comments on this proposed rulemaking.

#### II. Background, Purpose, and Legal Basis

ABC Events, Inc. of Arnold, MD, has notified the Coast Guard that it will be conducting the Bay Bridge Paddle from 8 a.m. to 12:30 p.m. on September 27, 2020. The fifth annual canoe, kayak and stand up paddle board event for elite and intermediate paddlers includes up to 500 paddlers in two classes operating on two race courses in the Chesapeake Bay, under and between the north and south bridges that consist of the William P. Lane, Jr. (US–50/301) Memorial Bridges, located between Sandy Point, Anne Arundel County, MD and Kent Island, Queen Anne’s County, MD. The first course, for elite paddlers, is a 9-statute mile/14.5-kilometer race course that starts at the east beach area of Sandy Point State Park at Annapolis, MD, proceeds southerly along the shoreline to a point on the course located between north bridge piers 13 and 13A, then easterly along and between the bridges toward the eastern shore at Kent Island and turns around upon reaching a point near Kent Island, then proceeds westerly along and between the bridges toward the western shore, turns upon reaching a point on the course located between north bridge piers 24 and 25, proceeds northerly to the Sandy Point Shoal Lighthouse, and proceeds westerly to a finish at the east beach area of Sandy Point State Park. The second course, for intermediate paddlers, is a 3.1-statute mile/5-kilometer course that starts at the east beach area of Sandy Point State Park at Annapolis, MD, and follows the elite paddlers to the north bridge, then easterly along and between the bridges toward the eastern shore at Kent Island and turns northerly upon reaching a point on the course located between north bridge piers 24 and 25, and proceeds to a finish at the east beach area of Sandy Point State Park. Hazards from the paddle races include numerous event participants crossing designated navigation channels and interfering
