

b. past performance of the applicant regarding programmatic and grants management compliance;

c. the reasonableness of the estimated cost to the government considering the available funding and anticipated results; and

d. the likelihood that the proposed project will result in the technical assistance outcomes expected.

3. Responsibility Review

FTA is required to review and consider any information about the applicant that is in the designated integrity and performance system accessible through SAM (currently FAPIIS) (see 41 U.S.C. 2313). An applicant, at its option, may review information in the designated integrity and performance systems accessible through SAM and comment on any information about itself that a Federal awarding agency previously entered and is currently in the designated integrity and performance system accessible through SAM. FTA will consider any comments by the applicant, in addition to the other information in the designated integrity and performance system, in making a judgment about the applicant's integrity, business ethics, and record of performance under Federal awards when completing the review of risk posed by applicants as described in 2 CFR 200.205 Federal awarding agency review of risk posed by applicants.

F. Federal Award Administration Information

1. Federal Award Notices

The FTA will notify the successful organization and may announce the selection on its website <https://www.transit.dot.gov>. Following notification, the successful entity will be required to submit its application through the FTA Transit Award Management System (TrAMS). The FTA will work with the successful applicant to develop a detailed Statement of Work and may require modifications to the proposal before a cooperative agreement is awarded. The FTA will award and manage the cooperative agreement through TrAMS.

2. Administrative and National Policy Requirements

(a) Grant Requirements.

Award will be made under FTA's Section 5314 program, and the successful applicant will adhere to the customary FTA cooperative agreement requirements of the Section 5314 Program. Assistance regarding these requirements is available from FTA.

(b) The selection of a cooperative agreement recipient under this NOFO will go through the Congressional notification and release process.

(c) Standard Assurances.

The applicant assures that it will comply with all applicable Federal statutes, regulations, executive orders, FTA circulars, and other Federal administrative requirements in carrying out any project supported by the FTA cooperative agreement. The applicant acknowledges that it is under a continuing obligation to comply with the terms and conditions of the cooperative agreement issued for its project with FTA. The applicant understands that Federal laws, regulations, policies, and administrative practices might be modified from time to time and that modifications may affect the implementation of the project. The applicant agrees that the most recent Federal requirements will apply to the project, unless FTA issues a written determination otherwise. The applicant must submit the Certifications and Assurances before receiving a cooperative agreement if it does not have current certifications on file.

3. Reporting

Post-award reporting requirements include submission of Federal Financial Reports and Milestone Progress Reports in TrAMS on a quarterly basis. Additional reporting may be required specific to functions outlined in the Statement of Work for NADTC. The recipient may be expected to participate in events or peer networks related to the Section 5310 Program and targeted populations. The Federal Financial Accountability and Transparency Act (FFATA) requires data entry at the FFATA Sub Award Reporting System (<http://www.FSRS.gov>) for all sub-awards and sub-contracts issued for \$25,000 or more, as well as addressing executive compensation for both grantee and sub-award organizations.

Additionally, FTA may evaluate and report on the success of the program. Applicants may be required to provide information for this purpose indicating the need, problem, or opportunity addressed by activities of the program. The national significance and relevance to the public transportation industry must also be clearly demonstrated.

G. Federal Awarding Agency Contact(s)

For further information concerning this notice, please contact the Technical Assistance Center program manager, Elan Flippin, by phone at 202-366-3800, or by email at elan.flippin@dot.gov. A TDD is available for

individuals who are deaf or hard of hearing at 800-877-8339.

K. Jane Williams,

Acting Administrator.

Pipeline and Hazardous Materials Safety Administration

[Docket No. PHMSA-2020-0044]

Pipeline Safety: Request for Special Permit; Florida Gas Transmission Company

AGENCY: Pipeline and Hazardous Materials Safety Administration (PHMSA); DOT.

ACTION: Notice.

SUMMARY: PHMSA is publishing this notice to solicit public comments on a request for a special permit received from Florida Gas Transmission Company (FGT). The special permit request is seeking relief from compliance with certain requirements in the Federal pipeline safety regulations. At the conclusion of the 30-day comment period, PHMSA will review the comments received from this notice as part of its evaluation to grant or deny the special permit request.

DATES: Submit any comments regarding this special permit request by July 2, 2020.

ADDRESSES: Comments should reference the docket number for the specific special permit request and may be submitted in the following ways:

- *E-Gov website:* <http://www.Regulations.gov>. This site allows the public to enter comments on any **Federal Register** notice issued by any agency.
- *Fax:* 1-202-493-2251.
- *Mail:* Docket Management System: U.S. Department of Transportation, Docket Operations, M-30, West Building Ground Floor, Room W12-140, 1200 New Jersey Avenue SE, Washington, DC 20590.
- *Hand Delivery:* Docket Management System: U.S. Department of Transportation, Docket Operations, M-30, West Building Ground Floor, Room W12-140, 1200 New Jersey Avenue SE, Washington, DC 20590, between 9:00 a.m. and 5:00 p.m., Monday through Friday, except Federal holidays.

Instructions: You should identify the docket number for the special permit request you are commenting on at the beginning of your comments. If you submit your comments by mail, please

submit two (2) copies. To receive confirmation that PHMSA has received your comments, please include a self-addressed stamped postcard. Internet users may submit comments at <http://www.Regulations.gov>.

Note: There is a privacy statement published on <http://www.Regulations.gov>. Comments, including any personal information provided, are posted without changes or edits to <http://www.Regulations.gov>.

Confidential Business Information: Confidential Business Information (CBI) is commercial or financial information that is both customarily and actually treated as private by its owner. Under the Freedom of Information Act (FOIA) (5 U.S.C. 552), CBI is exempt from public disclosure. If your comments responsive to this notice contain commercial or financial information that is customarily treated as private, that you actually treat as private, and that is relevant or responsive to this notice, it is important that you clearly designate the submitted comments as CBI. Pursuant to 49 Code of Federal Regulations (CFR) § 190.343, you may ask PHMSA to give confidential treatment to information you give to the agency by taking the following steps: (1) Mark each page of the original document submission containing CBI as "Confidential"; (2) send PHMSA, along with the original document, a second copy of the original document with the CBI deleted; and (3) explain why the information you are submitting is CBI. Unless you are notified otherwise, PHMSA will treat such marked submissions as confidential under the FOIA, and they will not be placed in the public docket of this notice.

Submissions containing CBI should be sent to Kay McIver, DOT, PHMSA-PHP-80, 1200 New Jersey Avenue SE, Washington, DC 20590-0001. Any commentary PHMSA receives that is not specifically designated as CBI will be placed in the public docket for this matter.

FOR FURTHER INFORMATION CONTACT:

General: Ms. Kay McIver by telephone at 202-366-0113, or by email at kay.mciver@dot.gov.

Technical: Mr. Steve Nanney by telephone at 713-272-2855, or by email at steve.nanney@dot.gov.

SUPPLEMENTARY INFORMATION: PHMSA received a special permit request from FGT seeking a waiver from the requirements of 49 CFR 192.611(a)(3): Change in class location: Confirmation or revision of maximum allowable operating pressure. This special permit is being requested for class location changes in lieu of pipe replacement,

pressure testing, or pressure reduction for 13 special permit segments totaling 1.34 miles of the FGT pipeline system. The proposed special permit segments are located in four (4) counties (Citrus, Hernando, Hillsborough, and Pasco) in Florida. The pipeline class locations in the special permit segments have changed from either a Class 1 to Class 3 location or from a Class 2 to Class 3 location. The FGT pipeline has not been pressure tested to a high enough pressure to meet the requirements in 49 CFR 192.611(a)(3). The special permit segments are not contiguous and are comprised of either 18-inch, 30-inch, or 36-inch diameter pipe with existing maximum allowable operating pressures (MAOP) of either 1,322 pounds per square inch gauge (psig) or 1,333 psig. The installation dates of the special permit segments range from 1992 to 2007. The special permit segments are included in an existing Alternative MAOP special permit (PHMSA-2008-0077) that allows the special permit segments to operate at class location stress levels that meet 49 CFR 192.620(a)(1).

The special permit request, proposed special permit with conditions, and Draft Environmental Assessment (DEA) for the FGT pipeline are available for review and public comment in Docket No. PHMSA-2020-0044. We invite interested persons to review and submit comments on the special permit request, proposed special permit with conditions, and DEA in the docket. Please include any comments on potential safety and environmental impacts that may result if the special permit is granted. Comments may include relevant data.

Before issuing a decision on the special permit request, PHMSA will evaluate all comments received on or before the comment closing date. Comments received after the closing date will be evaluated, if it is possible to do so without incurring additional expense or delay. PHMSA will consider each relevant comment it receives in making a decision to grant or deny this request.

Issued in Washington, DC, under authority delegated in 49 CFR 1.97.

Alan K. Mayberry,

Associate Administrator for Pipeline Safety.
