FEDERAL COMMUNICATIONS COMMISSION

47 CFR Parts 0 and 54

[GN Docket No. 20-32, WT Docket No. 10-208 (Closed); FCC 20-52; FRS 16722]

Establishing a 5G Fund for Rural America; Universal Service Reform—Mobility Fund

AGENCY: Federal Communications Commission.

ACTION: Final rule.

SUMMARY: In this document, the Federal Communications Commission (Commission or FCC) summarizes the Commission's Order in GN Docket No. 20-32, adopted on April 23, 2020 and released on April 24, 2020 and its directive regarding methodologies for use of an adjustment factor and for disaggregation of legacy high-cost support for mobile carriers and to implement those methodologies to the extent such action is supported by the resulting record and the outcome of the 5G Fund proceeding. The Commission also announces the closing of WT Docket No. 10-208 and makes administrative amendments to the Commission's rules to clarify the Office

of Economics and Analytics' functions and delegated authority.

DATES: Effective June 5, 2020.

FOR FURTHER INFORMATION CONTACT: Kelly A. Quinn, Office of Economics and Analytics, (202) 418-0660.

SUPPLEMENTARY INFORMATION: This is a summary of the Commission's Order in GN Docket No. 20-32, adopted on April 23, 2020 and released on April 24, 2020 (*Order*). The full text of the *Order* is available for public inspection during regular business hours in the FCC Reference Information Center, Room CY-A257, 445 12th Street SW, Washington, DC 20554, except when Commission Headquarters is otherwise closed to visitors. See Public Notice, *Restrictions on Visitors to FCC Facilities*, that appeared on the Commission website March 12, 2020, or by using the search function on the Commission's ECFS web page at <https://www.fcc.gov/ecfs/>. It is also available on the Commission's website at <https://www.fcc.gov/document/fcc-proposes-5g-fund-rural-america-0>. A. Directive Regarding an Adjustment Factor

1. In the 5G Fund notice of proposed rulemaking (*5G Fund NPRM*), 85 FR 31616, May 26, 2020, adopted concurrently with the *Order*, the Commission proposes to use an adjustment factor to promote better distribution of limited high-cost universal service funds in a 5G Fund auction, and to incorporate an adjustment factor into its proposed framework to disaggregate legacy high-cost support for competitive ETCs and transition to support under the 5G Fund. Consistent with their existing authority concerning the distribution of universal service support, the *Order* directs the Office of Economics and Analytics and the Wireline Competition Bureau to propose and seek comment on (1) adjustment factor values and the underlying methodologies that could be used to develop them; and (2) a process by which the adjustment factor could be applied to the disaggregation of legacy support consistent with the use of such a factor as proposed in the *5G Fund NPRM*.

2. The *Order* further directs the Office of Economics and Analytics and Wireline Competition Bureau to establish adjustment factor values and a

process by which to apply an adjustment factor to the disaggregation of support that are supported by the record established in response to their proposals, provided such action is consistent with the actions that the Commission takes in the 5G Fund proceeding (GN Docket No. 20-32). Following any such action to establish an adjustment factor value and process by which to apply it to the disaggregation of legacy support, the *Order* also directs the Office of Economics and Analytics and Wireline Competition Bureau to resolve any disputes regarding attribution of legacy support and, once the disaggregation process is completed, to release a public notice detailing the disaggregated support.

B. Closing WT Docket No. 10-208

3. WT Docket No. 10-208 was opened in 2010 with the release of the *Universal Service Reform; Mobility Fund Notice of Proposed Rulemaking*, 75 FR 67060, Nov. 1, 2010, 75 FR 69374, Nov. 12, 2010, which sought comment on the creation of Mobility Fund Phase I to distribute one-time high-cost universal service support by reverse auction to mobile service providers to build current- and next-generation wireless networks. WT Docket No. 10-208 continued to be used for Mobility Fund Phase I matters and for proceedings addressing issues regarding the provision of ongoing support for 4G LTE through Mobility Fund Phase II. The Commission stated in the *Mobility Fund Phase II Report and Order*, 82 FR 15422, Mar. 28, 2017, that a goal of Mobility Fund Phase II was to "target universal service funding to support the deployment of the highest level of mobile service available today." In light of the arrival of 5G technology, the Commission adopted the *5G Fund NPRM*, which proposes to provide funds to help close the digital divide and ensure all Americans have access to 5G networks and supersedes the Mobility Fund proceedings.

4. Because no further action is required or contemplated regarding WT Docket No. 10-208, the Commission closes it. Pending matters and statutory obligations regarding Mobility Fund Phase I and Mobility Fund Phase II are transferred to two dockets: GN Docket No. 19-367, and new GN Docket No. 20-104. Pending proceedings regarding Mobility Fund Phase II, including waivers and challenges, are hereby transferred to GN Docket No. 19-367, which is dedicated to the Mobility Fund Phase II Challenge Process. Section 54.1009(c) of the Commission's rules is revised to require Mobility Fund Phase

I annual reports to be filed in GN Docket No. 20–104. All pending Mobility Fund Phase I waivers are hereby transferred to GN Docket No. 20–104.

C. Clarifying Amendments Concerning Office of Economics and Analytics Functions and Delegated Authority

5. In January 2018, the Commission adopted an Order, 83 FR 63073, Dec. 7, 2018, that established the Office of Economics and Analytics and, among other things, generally shifted the functions of the Auctions and Spectrum Access Division in the Wireless Telecommunications Bureau to the Office of Economics and Analytics. The Commission amended its rules to establish the Office of Economics and Analytics' functions and delegated authority and make other conforming rule changes to reflect this new organizational structure. Pursuant to 5 U.S.C. 553(b)(A) with respect to "rules of agency organization, procedure, or practice," the Commission makes certain clarifying amendments to §§ 0.21, 0.131, and 0.271 of its rules concerning the Office of Economics and Analytics' functions and delegated authority, to ensure that these rules reflect the intent of the Commission's Order establishing the Office of Economics and Analytics.

D. Procedural Matters

6. *Paperwork Reduction Act Analysis.* This Order does not contain any new or modified information collection requirements that are subject to the Paperwork Reduction Act of 1995, Public Law 104–13. In addition, therefore, it does not contain any new or modified information collection burden for concerns with fewer than 25 employees, pursuant to the Small Business Paperwork Relief Act of 2002, Public Law 107–198, *see* 44 U.S.C. 3506(c)(4).

7. *Congressional Review Act.* The Commission will not send a copy of the Order to Congress and the Government Accountability Office pursuant to the Congressional Review Act, *see* 5 U.S.C. 801(a)(1)(A), because the adopted rules are rules of agency organization, procedure, or practice that do not "substantially affect the rights or obligations of non-agency parties."

E. Ordering Clauses

8. *It is ordered* that, pursuant to the authority contained in sections 1, 4, 4(i), 5(b), 5(c), 201(b), 214, 254, 303(r), and 403 of the Communications Act of 1934, as amended, 47 U.S.C. 151, 154, 154(i), 155(b), 155(c), 201(b), 214, 254, 303(r), and 403, this Order *is adopted*, and that parts 0 and 54 of the Commission's

rules, 47 CFR parts 0 and 54, *are amended* as specified in the Final Rules herein, effective immediately upon publication in the **Federal Register**.

9. *It is further ordered* that, pursuant to the authority contained in sections 154(j) of the Communications Act of 1934, as amended, 47 U.S.C. 154(j), the proceeding in WT Docket No. 10–208 *is terminated* and its docket *shall be closed*; all pending proceedings regarding Mobility Fund Phase II in WT Docket No. 10–208, including waivers and challenges, *are hereby transferred* to GN Docket No. 19–367; all Mobility Fund Phase I annual reports shall heretofore be filed in GN Docket No. 20–104; all pending Mobility Fund Phase I waivers in WT Docket No. 10–208 *are hereby transferred* to GN Docket No. 20–104.
