

restriction by expanding the modes by which the home visits can be completed. Instead of requiring such visits to be completed through in-person visits to the eligible veteran's home, for the duration of the COVID-19 National Emergency, PCAFC home visits can be completed through other means, including videoconference or other available telehealth modalities. By relieving a restriction and because any delay in implementation of § 71.60 would be contrary to the public interest under 5 U.S.C. 553(d)(1) and (3), respectively, this interim final rule is exempt from the APA's delayed effective date requirement.

Paperwork Reduction Act

This interim final rule contains no provisions constituting a collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501-3521).

Regulatory Flexibility Act

The Secretary hereby certifies that this interim final rule will not have a significant economic impact on a substantial number of small entities as they are defined in the Regulatory Flexibility Act (5 U.S.C. 601-612). This interim final rule provides flexibility in the modes by which VA conducts PCAFC home visits for the duration of the National Emergency related to COVID-19 and does not affect small businesses. Therefore, pursuant to 5 U.S.C. 605(b), the initial and final regulatory flexibility analysis requirements of 5 U.S.C. 603 and 604 do not apply.

Executive Orders 12866, 13563 and 13771

Executive Orders 12866 and 13563 direct agencies to assess the costs and benefits of available regulatory alternatives and, when regulation is necessary, to select regulatory approaches that maximize net benefits (including potential economic, environmental, public health and safety effects, and other advantages; distributive impacts; and equity). Executive Order 13563 (Improving Regulation and Regulatory Review) emphasizes the importance of quantifying both costs and benefits, reducing costs, harmonizing rules, and promoting flexibility. The Office of Information and Regulatory Affairs has determined that this rule is not a significant regulatory action under Executive Order 12866.

VA's impact analysis can be found as a supporting document at <http://www.regulations.gov>, usually within 48 hours after the rulemaking document is

published. Additionally, a copy of the rulemaking and its impact analysis are available on VA's website at <http://www.va.gov/orpm/>, by following the link for "VA Regulations Published From FY 2004 Through Fiscal Year to Date."

This interim final rule is considered an E.O. 13771 deregulatory action. Details on the estimated cost savings of this interim final rule can be found in the rule's economic analysis.

Unfunded Mandates

The Unfunded Mandates Reform Act of 1995 requires, at 2 U.S.C. 1532, that agencies prepare an assessment of anticipated costs and benefits before issuing any rule that may result in the expenditure by State, local, and tribal governments, in the aggregate, or by the private sector, of \$100 million or more (adjusted annually for inflation) in any one year. This interim final rule will have no such effect on State, local, and tribal governments, or on the private sector.

Congressional Review Act

Pursuant to the Congressional Review Act (5 U.S.C. 801 *et seq.*), the Office of Information and Regulatory Affairs designated this rule as not a major rule, as defined by 5 U.S.C. 804(2).

Catalog of Federal Domestic Assistance

The Catalog of Federal Domestic Assistance numbers and titles for the programs affected by this document are 64.009, Veterans Medical Care Benefits.

List of Subjects in 38 CFR Part 71

Administrative practice and procedure, Caregivers program, Claims, Health care, Health facilities, Health professions, Mental health programs, Travel and transportation expenses, Veterans.

Signing Authority

The Secretary of Veterans Affairs, or designee, approved this document and authorized the undersigned to sign and submit the document to the Office of the Federal Register for publication electronically as an official document of the Department of Veterans Affairs. Brooks D. Tucker, Acting Chief of Staff, Department of Veterans Affairs, approved this document on June 3, 2020, for publication.

Consuela Benjamin,

Regulation Development Coordinator, Office of Regulation Policy & Management, Office of the Secretary, Department of Veterans Affairs.

For the reasons stated in the preamble, the Department of Veterans

Affairs amends 38 CFR part 71 as follows:

PART 71—CAREGIVERS BENEFITS AND CERTAIN MEDICAL BENEFITS OFFERED TO FAMILY MEMBERS OF VETERANS

■ 1. The authority citation for part 71 continues to read as follows:

Authority: 38 U.S.C. 501, 1720G, unless otherwise noted.

■ 2. Add § 71.60 to read as follows:

§ 71.60 Home Visits During COVID-19 National Emergency.

Notwithstanding the requirements in this part, for the duration of the National Emergency related to COVID-19 declared by the President on March 13, 2020, VA may complete visits to the eligible veteran's home under this part through videoconference or other available telehealth modalities.

ENVIRONMENTAL PROTECTION AGENCY

40 CFR Part 52

[EPA-R01-OAR-2020-0029; FRL-10010-00-Region 1]

Air Plan Approval; New Hampshire; Negative Declaration for the Oil and Gas Industry; Withdrawal of Direct Final Rule

AGENCY: Environmental Protection Agency (EPA).

ACTION: Withdrawal of direct final rule.

SUMMARY: Due to the receipt of adverse comments, the Environmental Protection Agency (EPA) is withdrawing the April 6, 2020 direct final rule approving a State Implementation Plan (SIP) revision submitted by the State of New Hampshire. New Hampshire's SIP revision provided a negative declaration for EPA's 2016 Control Technique Guideline for the oil and gas industry. This action is being taken in accordance with the Clean Air Act.

DATES: The direct final rule published at 85 FR 19087 on April 6, 2020 is withdrawn effective June 5, 2020.

FOR FURTHER INFORMATION CONTACT: Bob McConnell, Environmental Engineer, Air and Radiation Division (Mail Code 05-2), U.S. Environmental Protection Agency, Region 1, 5 Post Office Square, Suite 100, Boston, Massachusetts, 02109-3912; (617) 918-1046. mccconnell.robert@epa.gov.

SUPPLEMENTARY INFORMATION: In the direct final rule, EPA stated that if

adverse comments were submitted by May 6, 2020, the rule would be withdrawn and not take effect. EPA received adverse comments prior to the close of the comment period and, therefore, is withdrawing the direct final rule. EPA will address the comments in a subsequent final action based upon the proposed rule also published on April 6, 2020 (85 FR 19116). EPA will not institute a second comment period on this action.

List of Subjects in 40 CFR Part 52

Environmental protection, Air pollution control, Incorporation by reference, Ozone, Reporting and recordkeeping requirements, Volatile organic compounds.

Dated: May 15, 2020.

Dennis Deziel,

Regional Administrator, EPA Region 1.

PART 52—APPROVAL AND PROMULGATION OF IMPLEMENTATION PLANS

■ Accordingly, the amendments to 40 CFR 52.1520 published on April 6, 2020 (85 FR 19087), are withdrawn effective June 5, 2020.

BILLING CODE 6560-50-P

FEDERAL COMMUNICATIONS COMMISSION

47 CFR Parts 0 and 54

[GN Docket No. 20-32, WT Docket No. 10-208 (Closed); FCC 20-52; FRS 16722]

Establishing a 5G Fund for Rural America; Universal Service Reform—Mobility Fund

AGENCY: Federal Communications Commission.

ACTION: Final rule.

SUMMARY: In this document, the Federal Communications Commission (Commission or FCC) summarizes the Commission's Order in GN Docket No. 20-32, adopted on April 23, 2020 and released on April 24, 2020 and its directive regarding methodologies for use of an adjustment factor and for disaggregation of legacy high-cost support for mobile carriers and to implement those methodologies to the extent such action is supported by the resulting record and the outcome of the 5G Fund proceeding. The Commission also announces the closing of WT Docket No. 10-208 and makes administrative amendments to the Commission's rules to clarify the Office

of Economics and Analytics' functions and delegated authority.

DATES: Effective June 5, 2020.

FOR FURTHER INFORMATION CONTACT: Kelly A. Quinn, Office of Economics and Analytics, (202) 418-0660.

SUPPLEMENTARY INFORMATION: This is a summary of the Commission's Order in GN Docket No. 20-32, adopted on April 23, 2020 and released on April 24, 2020 (*Order*). The full text of the *Order* is available for public inspection during regular business hours in the FCC Reference Information Center, Room CY-A257, 445 12th Street SW, Washington, DC 20554, except when Commission Headquarters is otherwise closed to visitors. See Public Notice, *Restrictions on Visitors to FCC Facilities*, that appeared on the Commission website March 12, 2020, or by using the search function on the Commission's ECFS web page at <https://www.fcc.gov/ecfs/>. It is also available on the Commission's website at <https://www.fcc.gov/document/fcc-proposes-5g-fund-rural-america-0>. To request materials in accessible formats for people with disabilities (Braille, large print, electronic files, audio format), send an email to fcc504@fcc.gov or call the Consumer & Governmental Affairs Bureau at (202) 418-0530 (voice), (202) 418-0432 (tty).

A. Directive Regarding an Adjustment Factor

1. In the 5G Fund notice of proposed rulemaking (*5G Fund NPRM*), 85 FR 31616, May 26, 2020, adopted concurrently with the *Order*, the Commission proposes to use an adjustment factor to promote better distribution of limited high-cost universal service funds in a 5G Fund auction, and to incorporate an adjustment factor into its proposed framework to disaggregate legacy high-cost support for competitive ETCs and transition to support under the 5G Fund. Consistent with their existing authority concerning the distribution of universal service support, the *Order* directs the Office of Economics and Analytics and the Wireline Competition Bureau to propose and seek comment on (1) adjustment factor values and the underlying methodologies that could be used to develop them; and (2) a process by which the adjustment factor could be applied to the disaggregation of legacy support consistent with the use of such a factor as proposed in the *5G Fund NPRM*.

2. The *Order* further directs the Office of Economics and Analytics and Wireline Competition Bureau to establish adjustment factor values and a

process by which to apply an adjustment factor to the disaggregation of support that are supported by the record established in response to their proposals, provided such action is consistent with the actions that the Commission takes in the 5G Fund proceeding (GN Docket No. 20-32). Following any such action to establish an adjustment factor value and process by which to apply it to the disaggregation of legacy support, the *Order* also directs the Office of Economics and Analytics and Wireline Competition Bureau to resolve any disputes regarding attribution of legacy support and, once the disaggregation process is completed, to release a public notice detailing the disaggregated support.

B. Closing WT Docket No. 10-208

3. WT Docket No. 10-208 was opened in 2010 with the release of the *Universal Service Reform; Mobility Fund Notice of Proposed Rulemaking*, 75 FR 67060, Nov. 1, 2010, 75 FR 69374, Nov. 12, 2010, which sought comment on the creation of Mobility Fund Phase I to distribute one-time high-cost universal service support by reverse auction to mobile service providers to build current- and next-generation wireless networks. WT Docket No. 10-208 continued to be used for Mobility Fund Phase I matters and for proceedings addressing issues regarding the provision of ongoing support for 4G LTE through Mobility Fund Phase II. The Commission stated in the *Mobility Fund Phase II Report and Order*, 82 FR 15422, Mar. 28, 2017, that a goal of Mobility Fund Phase II was to "target universal service funding to support the deployment of the highest level of mobile service available today." In light of the arrival of 5G technology, the Commission adopted the *5G Fund NPRM*, which proposes to provide funds to help close the digital divide and ensure all Americans have access to 5G networks and supersedes the Mobility Fund proceedings.

4. Because no further action is required or contemplated regarding WT Docket No. 10-208, the Commission closes it. Pending matters and statutory obligations regarding Mobility Fund Phase I and Mobility Fund Phase II are transferred to two dockets: GN Docket No. 19-367, and new GN Docket No. 20-104. Pending proceedings regarding Mobility Fund Phase II, including waivers and challenges, are hereby transferred to GN Docket No. 19-367, which is dedicated to the Mobility Fund Phase II Challenge Process. Section 54.1009(c) of the Commission's rules is revised to require Mobility Fund Phase
