[Docket No. FDA–2020–D–1386]

Temporary Policy During the COVID–19 Public Health Emergency Regarding the Qualified Exemption From the Standards for the Growing, Harvesting, Packing, and Holding of Produce for Human Consumption: Guidance for Industry; Availability

AGENCY: Food and Drug Administration, HHS.

ACTION: Notification of availability.

SUMMARY: The Food and Drug Administration (FDA, Agency, or we) is announcing the availability of a final guidance for industry entitled “Temporary Policy During the COVID–19 Public Health Emergency Regarding the Qualified Exemption from the Standards for the Growing, Harvesting, Packing, and Holding of Produce for Human Consumption.” Given the public health emergency presented by COVID–19, this guidance document is being implemented without prior public comment because FDA has determined that prior public participation is not feasible or appropriate, but it remains subject to comment in accordance with the Agency’s good guidance practices. The guidance communicates the Agency’s intention to exercise

enforcement discretion, in the manner described in the guidance, regarding sales to qualified end-users when determining eligibility for the qualified exemption from the Standards for the Growing, Harvesting, Packing, and Holding of Produce for Human Consumption, due to disruptions to supply chains, for the duration of the COVID-19 public health emergency.

DATES: The announcement of the guidance is published in the **Federal Register** on June 5, 2020.

ADDRESSES: You may submit either electronic or written comments on Agency guidances at any time as follows:

SUPPLEMENTARY INFORMATION:

I. Background

We are announcing the availability of a guidance for industry entitled "Temporary Policy During the COVID-19 Public Health Emergency Regarding the Qualified Exemption from the Standards for the Growing, Harvesting, Packing, and Holding of Produce for Human Consumption." This policy relates to the supply chain disruptions caused by the public health emergency related to COVID-19, as declared by the Department of Health and Human Services.

Given this public health emergency, this guidance is being implemented without prior public comment because FDA has determined that prior public participation for this guidance is not feasible or appropriate. This guidance document is being implemented immediately, but it remains subject to comment in accordance with the Agency's good guidance practices.

This guidance document concerns flexibility for the eligibility criteria for the qualified exemption from the Standards for the Growing, Harvesting, Packing, and Holding of Produce for Human Consumption (part 112 (21 CFR part 112)) due to disruptions to supply chains due to COVID-19. A farm is eligible for a qualified exemption and associated modified requirements in a calendar year if during the previous 3-year period preceding the applicable calendar year, the average annual monetary value of food the farm sold directly to qualified end-users exceeded the average annual monetary value of the food the farm sold to all other buyers during that period, and the average annual monetary value of all food the farm sold during the 3-year period was less than \$500,000, adjusted for inflation. In order to provide flexibility to affected farms during the COVID-19 public health emergency, under the circumstances described in the guidance FDA does not intend to enforce the criteria regarding the portion of sales that are made to qualified end-users in 2020 (and any subsequent years that are affected by the COVID-19 public health emergency). Specifically,

for farms that either met the criteria for the qualified exemption in 2020 based on sales that were made in 2017 to 2019, or that did not have 3 years of sales prior to 2020, but that met the relevant requirements during the years they were in operation prior to 2020, FDA does not intend to enforce the criteria regarding the portion of sales that are made to qualified end-users in years that are affected by the COVID-19 public health emergency. This guidance does not affect the status of farms who continue to sell a majority of their food to qualified end-users despite COVID-19 supply chain disruptions.

This guidance is being issued consistent with FDA's good guidance practices regulation § 10.115(g)(2). The guidance represents the current thinking of FDA on "Temporary Policy During the COVID-19 Public Health Emergency Regarding the Qualified Exemption from the Standards for the Growing, Harvesting, Packing, and Holding of Produce for Human Consumption." It does not establish any rights for any person and is not binding on FDA or the public. You can use an alternative approach if it satisfies the requirements of the applicable statutes and regulations.

II. Paperwork Reduction Act of 1995

This guidance refers to previously approved FDA collections of information. These collections of information are subject to review by the Office of Management and Budget (OMB) under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3521). The collections of information in part 112 have been approved under OMB control number 0910–0816.

DEPARTMENT OF THE TREASURY

Office of Foreign Assets Control

31 CFR Part 569

Syria-Related Sanctions Regulations

AGENCY: Office of Foreign Assets Control, Treasury.

ACTION: Final rule.

SUMMARY: The Department of the Treasury's Office of Foreign Assets Control (OFAC) is adding regulations to implement Executive Order 13894 of October 14, 2019 ("Blocking Property and Suspending Entry of Certain Persons Contributing to the Situation in Syria"). OFAC intends to supplement these regulations with a more comprehensive set of regulations, which may include additional interpretive and definitional guidance, general licenses, and statements of licensing policy.

DATES: This rule is effective June 5, 2020.

FOR FURTHER INFORMATION CONTACT: OFAC: Assistant Director for Licensing, 202–622–2480; Assistant Director for Regulatory Affairs, 202–622–4855; or Assistant Director for Sanctions Compliance & Evaluation, 202–622–2490.

SUPPLEMENTARY INFORMATION:

Electronic Availability

This document and additional information concerning OFAC are available on OFAC's website (www.treasury.gov/ofac).

Background

On October 14, 2019, the President, invoking the authority of, *inter alia*, the International Emergency Economic Powers Act (50 U.S.C. 1701–1706) (IEEPA), issued Executive Order 13894 (84 FR 55851, October 17, 2019) (E.O. 13894).

In E.O. 13894, the President determined that the situation in and in relation to Syria, and in particular the recent actions by the Government of Turkey to conduct a military offensive into northeast Syria, undermines the campaign to defeat the Islamic State of Iraq and Syria, or ISIS, endangers civilians, and further threatens to undermine the peace, security, and stability in the region, and thereby constitutes an unusual and extraordinary threat to the national security and foreign policy of the United States, and declared a national emergency to deal with that threat.

OFAC is issuing the Syria-related Sanctions Regulations, 31 CFR part 569 (the "Regulations"), to implement E.O.

13894, pursuant to authorities delegated to the Secretary of the Treasury in E.O. 13894. A copy of E.O. 13894 appears in appendix A to this part.

The Regulations are being published in abbreviated form at this time for the purpose of providing immediate guidance to the public. OFAC intends to supplement this part 569 with a more comprehensive set of regulations, which may include additional interpretive and definitional guidance, general licenses, and statements of licensing policy. The appendix to the Regulations will be removed when OFAC supplements this part with a more comprehensive set of regulations.

Public Participation

Because the Regulations involve a foreign affairs function, the provisions of Executive Order 12866 and the Administrative Procedure Act (5 U.S.C. 553) requiring notice of proposed rulemaking, opportunity for public participation, and delay in effective date, as well as the provisions of Executive Order 13771, are inapplicable. Because no notice of proposed rulemaking is required for this rule, the Regulatory Flexibility Act (5 U.S.C. 601–612) does not apply.

Paperwork Reduction Act

The collections of information related to the Regulations are contained in 31 CFR part 501 (the "Reporting, Procedures and Penalties Regulations"). Pursuant to the Paperwork Reduction Act of 1995 (44 U.S.C. 3507), those collections of information have been approved by the Office of Management and Budget under control number 1505–0164. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless the collection of information displays a valid control number.

List of Subjects in 31 CFR Part 569

Administrative practice and procedure, Banks, Banking, Blocking of assets, Penalties, Reporting and recordkeeping requirements, Sanctions, Syria, Turkey.

For the reasons set forth in the preamble, the Department of the Treasury's Office of Foreign Assets Control adds part 569 to 31 CFR chapter V to read as follows:

PART 569—SYRIA-RELATED SANCTIONS REGULATIONS

Subpart A—Relation of This Part to Other Laws and Regulations

Sec.

569.101 Relation of this part to other laws and regulations.
