BILLING CODE 4312-W4-P

DEPARTMENT OF THE INTERIOR

Fish and Wildlife Service

[Docket No. FWS-R8-ES-2020-0021;
FF08ESMF00-FXES11140800000-189]

Stanislaus Regional Water Authority Water Supply Project, Stanislaus County, California; Draft Categorical Exclusion and Draft Habitat Conservation Plan

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice of availability of permit application; request for comment.

SUMMARY: We, the U.S. Fish and Wildlife Service, announce the availability of a draft categorical exclusion under the National Environmental Policy Act. We also announce receipt of an application for an incidental take permit under the Endangered Species Act (ESA), and receipt of a draft habitat conservation plan. The Stanislaus Regional Water Authority (SRWA) has applied for an incidental take permit under the ESA for the SRWA Water Supply Project in Stanislaus County, California. The permit would authorize the take of one species incidental to the construction, operation, and maintenance of the project. We invite the public and local, State, Tribal, and Federal agencies to comment on this application. Before issuing the requested permit, we will take into consideration any information

that we receive during the public comment period.

DATES: We must receive your written comments on or before July 13, 2020.

ADDRESSES:

Obtaining Documents: The draft categorical exclusion (draft CatEx), draft habitat conservation plan (HCP), and any comments and other materials that we receive are available for public inspection at <http://www.regulations.gov> in Docket No. FWS-R8-ES-2020-0021.

Submitting Comments: To send written comments, please use one of the following methods, and note that your information requests or comments are in reference to the draft CatEx, draft HCP, or both.

- *Internet:* Submit comments at <http://www.regulations.gov> under Docket No. FWS-R8-ES-2020-0021.

- *U.S. Mail:* Public Comments Processing, Attn: Docket No. FWS-R8-ES-2020-0021; U.S. Fish and Wildlife Service Headquarters, MS: PRB/3W; 5275 Leesburg Pike; Falls Church, VA 22041-3803.

For more information, see Public Comments under **SUPPLEMENTARY INFORMATION**.

FOR FURTHER INFORMATION CONTACT:

Timothy Ludwick, Senior Wildlife Biologist, or Patricia Cole, Chief, San Joaquin Valley Division, Sacramento Fish and Wildlife Office, by phone at 916-414-6600 or via the Federal Relay Service at 800-877-8339.

SUPPLEMENTARY INFORMATION: We, the U.S. Fish and Wildlife Service (Service), announce the availability of a draft categorical exclusion (CatEx), prepared pursuant to the National Environmental Policy Act of 1969, as amended (NEPA; 42 U.S.C. 4321 *et seq.*), and its implementing regulations in the Code of Federal Regulations (CFR) at 40 CFR 1506.6. This notice also announces the receipt of an application from the Stanislaus Regional Water Authority (SRWA; applicant), for a 10-year incidental take permit (ITP) under the Endangered Species Act of 1973, as amended (ESA; 16 U.S.C. 1531 *et seq.*). Application for the permit requires the preparation of an HCP with measures to avoid, minimize, and mitigate the impacts of incidental take to the maximum extent practicable. The applicant prepared the draft SRWA Water Supply Project Low Effect Habitat Conservation Plan (draft HCP) pursuant to section 10(a)(1)(B) of the ESA. The purpose of the CatEx is to assess the effects of issuing the permit and implementing the draft HCP on the natural and human environment.

Background Information

Section 9 of the ESA (16 U.S.C. 1531-1544 *et seq.*) prohibits the taking of fish and wildlife species listed as endangered under section 4 of the ESA; by regulation, this take prohibition also applies to certain species listed as threatened, including the Valley elderberry longhorn beetle. 50 CFR 17.31(a). Regulations governing permits for endangered and threatened species are at 50 CFR 17.22 and 17.32. For more about the Federal habitat conservation plan (HCP) program, go to <http://www.fws.gov/endangered/esa-library/pdf/hcp.pdf>.

National Environmental Policy Act Compliance

The proposed permit issuance triggers the need for compliance with the National Environmental Policy Act of 1969, as amended (NEPA; 42 U.S.C. 4321 *et seq.*). The draft CatEx was prepared to analyze the impacts of issuing an ITP based on the draft HCP and to inform the public of the proposed action, any alternatives, and associated impacts, and to disclose any irreversible commitments of resources.

Proposed Action Alternative

Under the Proposed Action Alternative, the Service would issue an ITP to the applicant for a period of 10 years for certain covered activities (described below). The applicant has requested an ITP for one covered species (described below), which is listed as threatened under the ESA.

Habitat Conservation Plan Area

The geographic scope of the draft HCP encompasses 16 acres, including the entire footprint needed to complete the project. The project would result in the installation of 3,900 feet of pipeline in the unincorporated portion of central Stanislaus County, California.

Covered Activities

The proposed section 10 ITP would allow take of one covered species from covered activities in the proposed HCP area. The applicant is requesting incidental take authorization for covered activities, including site preparation, construction, and access road maintenance in the project area. The applicant is proposing to implement a number of project design features, including best management practices, as well as general and species-specific avoidance and minimization measures to minimize the impacts of the take from the covered activities.

Covered Species

The Valley elderberry longhorn beetle (*Desmocerus californicus dimorphus*), a species federally listed as threatened, is proposed to be included as a covered species in the proposed HCP:

No-Action Alternative

Under the No-Action Alternative, the Service would not issue an ITP to the applicant, and the draft HCP would not be implemented. Under this alternative, the applicant may choose not to install the pipeline, or would do so in a manner presumed not to result in the take of ESA listed species.

Public Comments

We request data, comments, new information, or suggestions from the public, other concerned governmental agencies, the scientific community, Tribes, industry, or any other interested party on this notice, the draft CatEx, and the draft HCP. We particularly seek comments on the following:

1. Biological information concerning the species;
2. Relevant data concerning the species;
3. Additional information concerning the range, distribution, population size, and population trends of the species;
4. Current or planned activities in the area and their possible impacts on the species;
5. The presence of archeological sites, buildings and structures, historic events, sacred and traditional areas, and other historic preservation concerns, which are required to be considered in project planning by the National Historic Preservation Act; and
6. Any other environmental issues that should be considered with regard to the proposed development and permit action.

Public Availability of Comments

Before including your address, phone number, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—might be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Next Steps

Issuance of an incidental take permit is a Federal proposed action subject to compliance with NEPA and section 7 of the ESA. We will evaluate the application, associated documents, and any public comments we receive as part

of our NEPA compliance process to determine whether the application meets the requirements of section 10(a) of the ESA. If we determine that those requirements are met, we will conduct an intra-Service consultation under section 7 of the ESA for the Federal action of the potential issuance of an ITP. If the intra-Service consultation determines that issuance of the ITP will not jeopardize the continued existence of any endangered or threatened species, or destroy or adversely modify critical habitat, we will issue a permit to the applicant for the incidental take of the covered species.

Authority We publish this notice under the National Environmental Policy Act of 1969, as amended (42 U.S.C. 4321–4347 *et seq.*), and its implementing regulations at 40 CFR 1500–1508, as well as in compliance with section 10(c) of the Endangered Species Act (16 U.S.C. 1531–1544 *et seq.*) and its implementing regulations at 50 CFR 17.32(b)(2).

Jennifer Norris,

Field Supervisor, Sacramento Fish and Wildlife Office, U.S. Fish and Wildlife Service, Sacramento, California.

BILLING CODE 4333–15–P

INTERNATIONAL TRADE COMMISSION

[Investigation No. 337–TA–1171]

Certain Child Resistant Closures With Slider Devices Having a User Actuated Insertable Torpedo for Selectively Opening the Closures and Slider Devices Therefor Commission Determination To Review in Part an Initial Determination Granting Complainant's Motion for Summary Determination of a Violation of Section 337; Schedule for Filing Written Submissions on Remedy, the Public Interest, and Bonding

AGENCY: U.S. International Trade Commission.

ACTION: Notice.

SUMMARY: Notice is hereby given that, on April 21, 2020, the presiding administrative law judge (“ALJ”) issued an initial determination (“ID”) in the above-captioned investigation, granting summary determination on violation of section 337 that included a recommended determination on remedy and bonding. On April 22, 2020, the ALJ issued a Notice of Errata thereto. The Commission has determined to review the ID in part. The Commission requests briefing from the parties, interested government agencies, and interested

persons on the issues of remedy, the public interest, and bonding.

FOR FURTHER INFORMATION CONTACT: Richard P. Hadorn, Esq., Office of the General Counsel, U.S. International Trade Commission, 500 E Street SW, Washington, DC 20436, telephone (202) 205–3179. Copies of non-confidential documents filed in connection with this investigation may be viewed on the Commission’s electronic docket (EDIS) at <https://edis.usitc.gov>. For help accessing EDIS, please email EDIS3Help@usitc.gov. General information concerning the Commission may also be obtained by accessing its internet server at <https://www.usitc.gov>. Hearing-impaired persons are advised that information on this matter can be obtained by contacting the Commission’s TDD terminal, telephone (202) 205–1810.

SUPPLEMENTARY INFORMATION: On August 21, 2019, the Commission instituted this investigation based on a complaint filed by Reynolds Presto Products Inc. (“Presto”). 84 FR 43616–17 (Aug. 21, 2019). The complaint alleges violations of section 337 of the Tariff Act of 1930, as amended (19 U.S.C. 1337) (“section 337”) based on the importation into the United States, the sale for importation, or the sale within the United States after importation of certain child resistant closures with slider devices having a user actuated insertable torpedo for selectively opening the closures and slider devices therefor by reason of infringement of certain claims of U.S. Patent Nos. 9,505,531 (“the ‘531 patent”); 9,554,628; and 10,273,058 (“the ‘058 patent”) (collectively, the “Asserted Patents”). *Id.* at 43616. The complaint further alleges that a domestic industry exists. *Id.* The Commission’s notice of investigation names six respondents: Dalian Takebishi Packing Industry Co., Ltd. of Dalian, China (“Dalian Takebishi”); Dalian Altma Industry Co., Ltd. of Dalian, Liaoning, China (“Dalian Altma”) (together, the “Dalian Respondents”); Japan Takebishi Co., Ltd., of Tokyo, Japan; Takebishi Co., Ltd., of Shiga, Japan; Shanghai Takebishi Packing Material Co., Ltd., of Shanghai, China; and Qingdao Takebishi Packing Industry Co., Ltd., of Qingdao, China. *Id.* at 43616–17. It also names the Office of Unfair Import Investigations (“OUII”) as a party. *Id.* at 43617.

On October 7, 2019, the ALJ issued an ID finding the Dalian Respondents in default. Order No. 7 (Oct. 30, 2019), *unreviewed by Comm’n Notice* (Nov. 26, 2019). On November 19, 2019, the ALJ issued an ID terminating the
