 - (8) Participant's Gender (new)

During the period of this Revision, CDC estimates receipt of approximately 300 DPRP application forms per year. The estimated burden per one-time, up-

front application response is one hour (annualized to 300 hours one-time across all new organizations). In addition, CDC estimates receipt of semi-annual evaluation data submissions from the same 300 additional organizations per year; estimated at two hours per response. The total estimated average annualized evaluation burden to respondents is 6,676 hours. This includes an estimate of the time needed to extract and compile the required data records and fields from an existing electronic database, review the data, create or enter a data file in the required format (*i.e.*, CSV file), and submit the data file via the National DPP website

for upload into the DPRP Data Portal. The estimated burden per response is modest since the information requested for DPRP recognition is routinely collected by most organizations that deliver lifestyle change programs for their own internal evaluation and possible insurance reimbursement purposes, including Medicare under the MDPP benefit. Participation in the DPRP is voluntary, data are de-identified, no Personally Identifiable Information (PII) is collected by CDC, and there are no costs to respondents other than their time. CDC is requesting a three-year approval.

Administration for Children and Families

Submission for OMB Review; Income Withholding Order/Notice for Support (IWO)

AGENCY: Office of Child Support Enforcement; Administration for Children and Families; HHS.

ACTION: Request for Public Comment.

SUMMARY: The Administration for Children and Families (ACF) is requesting a three-year extension of the form Income Withholding Order/Notice for Support (IWO) (OMB #0970-0154, expiration 8/31/2020). This request includes minor revisions to the approved forms.

DATES: Comments due within 30 days of publication. OMB is required to make a decision concerning the collection of

information between 30 and 60 days after publication of this document in the **Federal Register**. Therefore, a comment is best assured of having its full effect if OMB receives it within 30 days of publication.

ADDRESSES: Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting “Currently under 30-day Review—Open for Public Comments” or by using the search function.

SUPPLEMENTARY INFORMATION:

Description: The IWO is the standard form that must be used to order and notify employers and income providers to withhold child support payments from an obligor's income. It also indicates where employers and other income providers must remit the payments and other information needed to withhold correctly.

Child support agencies, courts, private attorneys, custodial parties, and others must use the IWO form to initiate an income withholding order for support and give notice of income withholding. State child support agencies are required to have automated

data processing systems containing current order and case information. State child support agencies providing services to custodial and/or noncustodial parties enter the terms of a child support order established by a tribunal into the state's automated system, which automatically populates the order information into the IWO form.

Employers and income providers also use the form to respond to the order/notice with termination or income status information. Employers and other income providers may choose to receive the IWO form from child support agencies on paper or electronically, and may respond on paper or electronically to notify the sender of termination of employment or change in the income status.

The information collection activities pertaining to the IWO form are authorized by 42 U.S.C. 666(a)(1), (a)(8), and 666(b)(6), which require the use of the IWO form to order income withholding for all child support orders.

Respondents: Courts, private attorneys, custodial parties or their representatives, employers, and other parties that provide income to noncustodial parents.
