

The first meeting of this multistakeholder process was held on July 19, 2018, in Washington, DC.¹ Stakeholders presented multiple perspectives, and identified several inter-related work streams: Understanding the Problem, Use Cases and State of Practice, Standards and Formats, and Healthcare Proof of Concept. Since then, stakeholders have been discussing key issues and developing products such as guidance documents. NTIA acts as the convener, but stakeholders drive the outcomes. Success of the process will be evaluated by the extent to which broader findings on software component transparency are implemented across the ecosystem.

The first set of stakeholder-drafted documents on Software Bills of Materials was published by NTIA in November 2019. Those documents, and subsequent consensus-approved drafts from the community are available at: <https://www.ntia.doc.gov/SBOM>. The main objectives of the July 9, 2020, meeting are to share progress from the working groups; to give feedback on the ongoing work around technical challenges, tooling, demonstrations, and awareness and adoption; and to continue discussions around potential guidance or playbook documents. More information about stakeholders' work is available at: <https://www.ntia.doc.gov/SoftwareTransparency>.

Time and Date: NTIA will convene the next meeting of the multistakeholder process on Software Component Transparency on July 9, 2020, from 12:00 p.m. to 4:00 p.m. Eastern Time. The exact time of the meeting is subject to change. Please refer to NTIA's website, <https://www.ntia.doc.gov/SoftwareTransparency>, for the most current information.

Place: The meeting will be held virtually, with online slide share and dial-in information to be posted at <https://www.ntia.doc.gov/SoftwareTransparency>. Please refer to NTIA's website, <https://www.ntia.doc.gov/SoftwareTransparency>, for the most current information.

Other Information: The meeting is open to the public and the press on a first-come, first-served basis.

The virtual meeting is accessible to people with disabilities. Requests for real-time captioning or other auxiliary aids should be directed to Allan Friedman at (202) 482-4281 or afriedman@ntia.doc.gov at least seven (7) business days prior to the meeting.

FOR FURTHER INFORMATION CONTACT: Alberta E. Mills, Division of the Secretariat, U.S. Consumer Product Safety Commission, 4330 East-West Highway, Bethesda, MD 20814; email: cpsc-os@cpsc.gov; telephone: (301) 504-7479.

SUPPLEMENTARY INFORMATION:

I. Background

Section 212 of the Consumer Product Safety Improvement Act of 2008 (CPSIA) added section 6A to the Consumer Product Safety Act (CPSA), which requires the CPSC to establish and maintain a publicly available, searchable database on the safety of consumer products and other products or substances regulated by the CPSC. 15 U.S.C. 2055a(a). The CPSIA includes specific content, procedural, and search requirements for the database. *Id.* at 2055a(b) and (c). In 2010, the

Commission issued regulations regarding the database in 16 CFR part 1102, and in 2011, Congress added additional requirements to the database provisions, which were adopted in part 1102. 75 FR 76832 (Dec. 9, 2010); Sec. 7, Public Law 112-28, 125 Stat. 273 (amending 15 U.S.C. 2055a(c)).

To comply with these requirements, CPSC created the website, www.SaferProducts.gov. The website allows consumers and others to submit reports of harm relating to the use of consumer products, and other products or substances the Commission regulates; allows businesses to comment on such reports; and allows users to search the database for product recalls and reports of harm that are published on www.SaferProducts.gov. On March 6, 2019, the CPSC held a public hearing to receive information from interested parties about possible changes to the database to improve the website's usefulness and ease of use. Based, in part, on input from the public hearing, the CPSC will hold a public webinar to show the changes to the website that are in development. These changes seek to improve usability and navigability on the website; make the website more mobile friendly with other devices, including smartphones and tablets; and improve cross-browser compatibility. Participants who register for the webinar will have an opportunity to see these changes and provide feedback to the CPSC through a moderated discussion.

II. The Webinar

A. Topics for Discussion

The Commission would like to hear from webinar participants on the utility, usability, and function of the improvements to the www.saferproducts.gov website presented during the webinar. The goal of the webinar is to hear from the public its views on these changes and the impact the changes will have on the website's utility and usability, among other issues.

B. How To Attend and/or Provide Comments

If you would like to participate in the webinar, please register at <https://attendee.gotowebinar.com/register/3647078277660038412>. The webinar will be held online on July 1, 2020, from 1:00 p.m. to 3:00 p.m. EST. Online participant viewers will be able to interact with the presenters through the webinar software. The webinar software allows for communicating with the presenters orally and in written format. CPSC staff will take questions and

comments during the webinar, as time permits.
