**Atlantic Coastal Fisheries Cooperative Management Act Provisions; General Provisions for Domestic Fisheries; Application for Exempted Fishing Permits**

**AGENCY:** National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

**ACTION:** Notice; request for comments.

**SUMMARY:** The Assistant Regional Administrator for Sustainable Fisheries, Greater Atlantic Region, NMFS, has made a preliminary determination that an Exempted Fishing Permit application from the University of Connecticut contains all of the required information and warrants further consideration. This Exempted Fishing Permit would allow participating vessels to collect undersized and egg-bearing lobsters to conduct an endocrine disruption study. Regulations under the Magnuson-Stevens Fishery Conservation and Management Act and the Atlantic Coastal Fisheries Cooperative Management Act require publication of this notice to provide interested parties the opportunity to comment on applications for proposed Exempted Fishing Permits.

**DATES:** Comments must be received on or before July 6, 2020.

**ADDRESSES:** You may submit written comments by any of the following methods:

- *Email:* [NMFS.GAR.EFP@noaa.gov](mailto:NMFS.GAR.EFP@noaa.gov). Include in the subject line "Comments on UConn Lobster Study." If you are unable to submit your comment through [NMFS.GAR.EFP@noaa.gov](mailto:NMFS.GAR.EFP@noaa.gov), please contact Laura Hansen, Fishery Management Specialist, [Laura.Hansen@noaa.gov](mailto:Laura.Hansen@noaa.gov).

**FOR FURTHER INFORMATION CONTACT:** Laura Hansen, Fishery Management Specialist, 978-281-9225, [Laura.Hansen@noaa.gov](mailto:Laura.Hansen@noaa.gov).

**SUPPLEMENTARY INFORMATION:** The University of Connecticut submitted a complete exempted fishing permit (EFP) application on April 21, 2020. This project would collect egg bearing lobsters to examine the impact of endocrine disrupting chemicals on larvae development.

If the EFP is approved, this study would take place from June through September 2020. The EFP would authorize participating vessels to collect

up to 18 undersized and 20 egg-bearing lobsters from Lobster Conservation Management Areas 2 and 3. The lobsters collected for this study would range in weight from 1.5–4.5 lb (0.68–2.41 kg). Fishermen would send the lobsters to a researcher at the Marine Biological Laboratory in Woods Hole, MA. The researcher would transfer the lobsters to a holding tank to conduct further analysis of blood samples for the presence of endocrine disruptors and monitor larval development. The researcher will return surviving lobsters to the ocean following the experiments.

If approved, the applicant may request minor modifications and extensions to the EFP throughout the study period. EFP modifications and extensions may be granted without further notice if they are deemed essential to facilitate completion of the proposed research and have minimal impacts that do not change the scope or impact of the initially approved EFP request. Any fishing activity conducted outside the scope of the exempted fishing activity would be prohibited.

**Authority:** 16 U.S.C. 1801 *et seq.*

Dated: June 15, 2020.

**Mid-Atlantic Fishery Management Council (MAFMC); Public Meeting**

**AGENCY:** National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

**ACTION:** Notice; public meeting.

**SUMMARY:** The Mid-Atlantic Fishery Management Council's (Council) Atlantic Mackerel, Squid, and Butterfish (MSB) Advisory Panel will hold a meeting.

**DATES:** The meeting will be held on Monday, July 6, 2020, from 1 p.m. to 4 p.m. For agenda details, see

**SUPPLEMENTARY INFORMATION.**

**ADDRESSES:** The meeting will be held via webinar with a telephone-only audio connection. See the Council's website calendar at [www.mafmc.org](http://www.mafmc.org), for details.

*Council address:* Mid-Atlantic Fishery Management Council, 800 N. State Street, Suite 201, Dover, DE 19901;

telephone: (302) 674-2331 or on their website at [www.mafmc.org](http://www.mafmc.org).

**FOR FURTHER INFORMATION CONTACT:** Christopher M. Moore, Ph.D., Executive Director, Mid-Atlantic Fishery Management Council, telephone: (302) 526-5255.

**SUPPLEMENTARY INFORMATION:** The purposes of the meeting are to gather Advisory Panel input related to MSB quotas and specifications, and to create Fishery Performance Reports for Atlantic mackerel, longfin squid, and butterfish.

**Special Accommodations**

The meeting is physically accessible to people with disabilities. Requests for sign language interpretation or other auxiliary aid should be directed to M. Jan Saunders, (302) 526-5251, at least 5 days prior to any meeting date.

**Authority:** 16 U.S.C. 1801 *et seq.*

Dated: June 16, 2020.

**Atlantic Coastal Fisheries Cooperative Management Act Provisions; General Provisions for Domestic Fisheries; Application for Exempted Fishing Permits**

**AGENCY:** National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

**ACTION:** Notice; request for comments.

**SUMMARY:** The NMFS Assistant Regional Administrator for Sustainable Fisheries, Greater Atlantic Region, has made a preliminary determination that an Exempted Fishing Permit application contains all of the required information and warrants further consideration. This Exempted Fishing Permit would allow six commercial lobster vessels to participate in a lobster growth and abundance study, under the direction of Massachusetts Division of Marine Fisheries.

Regulations under the Magnuson-Stevens Fishery Conservation and Management Act and the Atlantic Coastal Fisheries Cooperative Management Act require publication of this notice to provide interested parties
