

**§ 7.37 Requirements for a complete affidavit or declaration of use in commerce or excusable nonuse; requirement for the submission of additional information, exhibits, affidavits or declarations, and specimens; and fee for deletions of goods, services, and/or classes from a registration.**

(a) *Requirements for a complete affidavit or declaration.* A complete affidavit or declaration under section 71 of the Act must:

(1) Be filed by the holder of the international registration within the period set forth in § 7.36(b);

(2) Include a verified statement attesting to the use in commerce or excusable nonuse of the mark within the period set forth in section 71 of the Act. The verified statement must be executed on or after the beginning of the filing period specified in § 7.36(b). A person who is properly authorized to sign on behalf of the holder is:

(i) A person with legal authority to bind the holder;

(ii) A person with firsthand knowledge of the facts and actual or implied authority to act on behalf of the holder; or

(iii) An attorney as defined in § 11.1 of this chapter who has an actual written or verbal power of attorney or an implied power of attorney from the holder.

(3) Include the U.S. registration number;

(4)(i) Include the fee required by § 7.6 for each class that the affidavit or declaration covers;

(ii) If the affidavit or declaration is filed during the grace period under section 71(a)(3) of the Act, include the grace period surcharge per class required by § 7.6;

(iii) If at least one fee is submitted for a multiple-class registration, but the fee is insufficient to cover all the classes, and the class(es) to which the fee(s) should be applied are not specified, the Office will issue a notice requiring either submission of the additional fee(s) or specification of the class(es) to which the initial fee(s) should be applied. Additional fees may be submitted if the requirements of § 7.39 are met. If the additional fee(s) are not submitted within the time period set out in the Office action, and the class(es) to which the original fee(s) should be applied are not specified, the Office will presume that the fee(s) cover the classes in ascending order, beginning with the lowest numbered class;

(5)(i) Specify the goods, services, or nature of the collective membership organization for which the mark is in use in commerce, and/or the goods, services, or nature of the collective membership organization for which

excusable nonuse is claimed under paragraph (a)(6)(ii) of this section; and

(ii) Specify the goods, services, or classes being deleted from the registration, if the affidavit or declaration covers fewer than all the goods, services, or classes in the registration;

(6)(i) State that the registered mark is in use in commerce; or

(ii) If the registered mark is not in use in commerce on or in connection with all the goods, services, or classes specified in the registration, set forth the date when such use of the mark in commerce stopped and the approximate date when such use is expected to resume; and recite facts to show that nonuse as to those goods, services, or classes is due to special circumstances that excuse the nonuse and is not due to an intention to abandon the mark; and

(7) Include one specimen showing how the mark is in use in commerce for each class in the registration, unless excusable nonuse is claimed under paragraph (a)(6)(ii) of this section. When requested by the Office, additional specimens must be provided. The specimen must meet the requirements of § 2.56 of this chapter.

(8) Additional requirements for a collective mark: In addition to the above requirements, a complete affidavit or declaration pertaining to a collective mark must:

(i) State that the holder is exercising legitimate control over the use of the mark in commerce; and

(ii) State the nature of the holder's control over the use of the mark by the members in the first affidavit or declaration filed under paragraph (a)(1) of this section.

(9) Additional requirements for a certification mark: In addition to the above requirements, a complete affidavit or declaration pertaining to a certification mark must:

(i) Include a copy of the certification standards specified in § 2.45(a)(4)(i)(B) of this chapter;

(A) *Submitting certification standards for the first time.* In the first affidavit or declaration filed under paragraph (a)(1) of this section, include a copy of the certification standards; or

(B) *Certification standards submitted in prior filing.* If the certification standards in use at the time of filing the affidavit or declaration have not changed since the date they were previously submitted to the Office, include a statement to that effect; if the certification standards in use at the time of filing the affidavit or declaration have changed since the date they were previously submitted to the Office,

include a copy of the revised certification standards;

(ii) State that the holder is exercising legitimate control over the use of the mark in commerce; and

(iii) Satisfy the requirements of § 2.45(a)(4)(i)(A) and (C) of this chapter.

(b) *Requirement for the submission of additional information, exhibits, affidavits or declarations, and specimens.* The Office may require the holder to furnish such information, exhibits, affidavits or declarations, and such additional specimens as may be reasonably necessary to the proper examination of the affidavit or declaration under section 71 of the Act or for the Office to assess and promote the accuracy and integrity of the register.

(c) *Fee for deletions of goods, services, and/or classes from a registration.* Deletions by the holder of goods, services, and/or classes from a registration after submission and prior to acceptance of the affidavit or declaration must be accompanied by the relevant fee in § 7.6(a)(6)(iii) or (iv).

**SUPPLEMENTARY INFORMATION:** This document extends the public comment

period for the proposed rulemaking to ensure that the public has sufficient time to review and comment on the proposal. The comment period on the proposed rulemaking will close on August 3, 2020.

The EPA is proposing processes that it would be required to undertake in promulgating regulations under the CAA to ensure that information regarding the benefits and costs of regulatory decisions is provided and considered in a consistent and transparent manner. The public hearing will provide interested parties the opportunity to present data, views, or arguments concerning EPA’s proposed requirements for benefits and costs analyses for CAA rulemakings. Written statements and supporting information submitted during the comment period will be considered with the same weight as any oral comments and supporting information presented at the public hearings.

*Written Comments.* Submit your comments, identified by Docket ID No. EPA-HQ-OAR-2020-00044, at <https://www.regulations.gov/> (our preferred method), or the other methods identified in the **ADDRESSES** section. Once submitted, comments cannot be edited or removed from the docket. The EPA may publish any comment received to its public docket. Do not submit electronically any information you consider to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. Multimedia submissions (audio, video, etc.) must be accompanied by a written comment. The written comment is considered the official comment and should include discussion of all points you wish to make. The EPA will generally not consider comments or comment contents located outside of the primary submission (*i.e.*, on the web, cloud, or other file sharing system). For additional submission methods, the full EPA public comment policy, information about CBI or multimedia submissions, and general guidance on making effective comments, please visit <https://www.epa.gov/dockets/commenting-epa-dockets>.

The EPA is temporarily suspending its Docket Center and Reading Room for public visitors to reduce the risk of transmitting COVID-19. Written comments submitted by mail are temporarily suspended and no hand deliveries will be accepted. Our Docket Center staff will continue to provide remote customer service via email, phone, and webform. We encourage the public to submit comments via <https://www.regulations.gov/>. For further information and updates on EPA Docket

Center services, please visit us online at <https://www.epa.gov/dockets>.

The EPA continues to carefully and continuously monitor information from the Centers for Disease Control and Prevention (CDC), local area health departments, and our Federal partners so that we can respond rapidly as conditions change regarding COVID-19.

*Participation in Virtual Public Hearing.* Please note that EPA is deviating from its typical approach because the President has declared a national emergency. Because of current CDC recommendations, as well as state and local orders for social distancing to limit the spread of COVID-19, EPA cannot hold in-person public meetings at this time. The EPA will begin pre-registering speakers and attendees for the hearing upon publication of this document in the **Federal Register**. The EPA will accept registrations on an individual basis. To register to speak at the virtual hearing, individuals may use the online registration form available via EPA’s Increasing Consistency and Transparency in Considering Costs and Benefits in the Rulemaking Process web page for this hearing (<https://www.epa.gov/environmental-economics/increasing-consistency-and-transparency-considering-costs-and-benefits>) or contact Leif Hockstad at (202) 343-9432 or [hockstad.leif@epa.gov](mailto:hockstad.leif@epa.gov). The last day to pre-register to speak at the hearing will be June 26, 2020. On June 30, 2020, the EPA will post a general agenda for the hearing that will list pre-registered speakers in approximate order at: <https://www.epa.gov/environmental-economics/increasing-consistency-and-transparency-considering-costs-and-benefits>.

The EPA will make every effort to follow the schedule as closely as possible on the day of the hearing; however, please plan for the hearing to run either ahead of schedule or behind schedule. Additionally, requests to speak will be taken the day of the hearing at the end of each session as timing allows. The EPA will make every effort to accommodate all speakers.

Each commenter will have 5 minutes to provide oral testimony. The EPA recommends submitting the text of your oral comments as written comments to the rulemaking docket. The EPA may ask clarifying questions during the oral presentations but will not respond to the presentations at that time. Written statements and supporting information submitted during the comment period will be considered with the same weight as oral comments and supporting information presented at the public hearing.

The EPA is also asking hearing attendees to pre-register for the hearing, even those who don't intend to provide testimony. This will help the EPA ensure that sufficient phone lines will be available.

Please note that any updates made to any aspect of the hearing logistics, including potential additional sessions, will be posted online at the EPA's Increasing Consistency and Transparency in Considering Costs and Benefits in the Rulemaking Process website (<https://www.epa.gov/environmental-economics/increasing-consistency-and-transparency-considering-costs-and-benefits>). While the EPA expects the hearing to go

forward as set forth above, please monitor our website or contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section to determine if there are any updates.

If you require the services of a translator or special accommodations such as audio description, please pre-register for the hearing and describe your needs by June 26, 2020. EPA may not be able to arrange accommodations without advanced notice.

**How can I get copies of the proposed action and other related information?**

The EPA has also established the official public docket for the proposed action under Docket ID No. EPA-HQ-

OAR-2020-00044. A copy of the proposed action is available at <https://www.epa.gov/environmental-economics/increasing-consistency-and-transparency-considering-costs-and-benefits>, and any detailed information related to the proposed action will be available in the public docket prior to the public hearings. Verbatim transcripts of the hearings and written statements will be included in the rulemaking docket.
