SUPPLEMENTARY INFORMATION: The Department of Education (ED), in accordance with the Paperwork Reduction Act of 1995 (PRA) (44 U.S.C. 3506(c)(2)(A)), provides the general public and Federal agencies with an opportunity to comment on proposed, revised, and continuing collections of information. ED is soliciting comments on the proposed information collection request (ICR) that is described below. The Department of Education is especially interested in public comment addressing the following issues: (1) Is this collection necessary to the proper functions of the Department; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might the Department enhance the quality, utility, and clarity of the information to be collected; and (5) how might the Department minimize the burden of this collection on the respondents, including through the use of information technology. Title of Collection: Impact Aid Discretionary Construction Grant Program (1894–0001).

OMB Control Number: 1810–0657.

Type of Review: An extension of an existing information collection.

Respondents/Affected Public: State, Local, and Tribal Governments.

Total Estimated Number of Annual Responses: 40.

Total Estimated Number of Annual Burden Hours: 240.

Abstract: The Impact Aid Program, authorized by Title VII of the Elementary and Secondary Education Act (ESEA), as amended by the Every Student Succeeds Act (ESSA), provides financial assistance to Local Educational Agencies (LEAs) whose enrollment or revenues are adversely affected by Federal activities. The Impact Aid Discretionary Construction Program provides grants to eligible Impact Aid school districts to assist in addressing their school facility emergency and modernization needs. The eligible

Impact Aid school districts have a limited ability to raise revenues for capital improvements because they have large areas of Federal land within their boundaries. As a result, these districts find it difficult to respond when their school facilities are in need of emergency repairs or modernization. This information collection request is an extension without change of the grant application for this program.

Title of Collection: U.S. Department of Education Supplemental Information for the SF–424 form.

OMB Control Number: 1894–0007.

Type of Review: An extension of an existing information collection.

Respondents/Affected Public: Private Sector.

Total Estimated Number of Annual Responses: 5,976.

Total Estimated Number of Annual Burden Hours: 1,972.

Abstract: The U.S. Department of Education Supplemental Information Form for the SF–424 is used together with the SF–424, Application for Federal Assistance. Several years ago ED made a decision to switch from its previously cleared form, the Application for Federal Education Assistance or ED 424 (1890–0017) collection (now 1894–0007). ED made a policy decision to switch to the SF–424 in keeping with Federal-wide forms standardization and streamlining efforts, especially with widespread agency use of *Grants.gov*.

There were several data elements/questions on the ED 424 that were required for ED applicants that were not included on the SF–424. Therefore, ED put these questions that were already cleared as part of the 1890–0017 collection (now 1894–0007) on a form entitled the, U.S. Department of Education Supplemental Information for the SF–424. The questions on this form deal with the following areas: Project Director identifying and contact information; New Potential Grantee or Novice Applicants; Qualified Opportunity Zones, and Human Subjects Research. The ED Supplemental Information Form could be used with any of the SF–424 forms
