

information is being submitted<sup>47</sup> and, if the information is submitted to rebut, clarify, or correct factual information already on the record, to provide an explanation identifying the information already on the record that the factual information seeks to rebut, clarify, or correct.<sup>48</sup> Time limits for the submission of factual information are addressed in 19 CFR 351.301, which provides specific time limits based on the type of factual information being submitted. Interested parties should review the regulations prior to submitting factual information in these investigations.

#### Extensions of Time Limits

Parties may request an extension of time limits before the expiration of a time limit established under 19 CFR 351.301, or as otherwise specified by Commerce. In general, an extension request will be considered untimely if it is filed after the expiration of the time limit established under 19 CFR 351.301. For submissions that are due from multiple parties simultaneously, an extension request will be considered untimely if it is filed after 10:00 a.m. ET on the due date. Under certain circumstances, we may elect to specify a different time limit by which extension requests will be considered untimely for submissions which are due from multiple parties simultaneously. In such a case, Commerce will inform parties in a letter or memorandum of the deadline (including a specified time) by which extension requests must be filed to be considered timely. An extension request must be made in a separate, stand-alone submission; under limited circumstances we will grant untimely-filed requests for the extension of time limits. Parties should review *Extension of Time Limits; Final Rule*, 78 FR 57790 (September 20, 2013), available at <http://www.gpo.gov/fdsys/pkg/FR-2013-09-20/html/2013-22853.htm>, prior to submitting factual information in these investigations.

#### Certification Requirements

Any party submitting factual information in an AD or CVD proceeding must certify to the accuracy and completeness of that information.<sup>49</sup> Parties must use the certification formats provided in 19 CFR 351.303(g).<sup>50</sup> Commerce intends to

reject factual submissions if the submitting party does not comply with the applicable certification requirements.

#### Notification to Interested Parties

Interested parties must submit applications for disclosure under APO in accordance with 19 CFR 351.305. On January 22, 2008, Commerce published *Antidumping and Countervailing Duty Proceedings: Documents Submission Procedures; APO Procedures*, 73 FR 3634 (January 22, 2008). Parties wishing to participate in these investigations should ensure that they meet the requirements of these procedures (e.g., the filing of letters of appearance as discussed at 19 CFR 351.103(d)). Note that Commerce has temporarily modified certain of its requirements for serving documents containing business proprietary information, until July 17, 2020, unless extended.<sup>51</sup>

This notice is issued and published pursuant to sections 732(c)(2) and 777(i) of the Act, and 19 CFR 351.203(c).

Dated: June 15, 2020.

**Jeffrey I. Kessler,**

*Assistant Secretary for Enforcement and Compliance.*

#### Appendix—Scope of the Investigations

The merchandise covered by these investigations consists of certain rotary walk-behind lawn mowers, which are grass-cutting machines that are powered by internal combustion engines. The scope of these investigations covers certain walk-behind lawn mowers, whether self-propelled or non-self-propelled, whether finished or unfinished, whether assembled or unassembled, and whether containing any additional features that provide for functions in addition to mowing.

Walk-behind lawn mowers within the scope of these investigations are only those powered by an internal combustion engine with a power rating of less than 3.7 kilowatts. These internal combustion engines are typically spark ignition, single or multiple cylinder, air cooled, internal combustion engines with vertical power take off shafts with a maximum displacement of 196cc. Walk-behind lawn mowers covered by this scope typically must be certified and comply with the Consumer Products Safety Commission Safety Standard For Walk-Behind Power Lawn Mowers under the 16 CFR part 1205. However, lawn mowers that meet the physical descriptions above, but are not certified under 16 CFR part 1205 remain subject to the scope of these proceedings.

The internal combustion engines of the lawn mowers covered by this scope typically must comply with and be certified under

[http://enforcement.trade.gov/tlei/notices/factual\\_info\\_final\\_rule\\_FAQ\\_07172013.pdf](http://enforcement.trade.gov/tlei/notices/factual_info_final_rule_FAQ_07172013.pdf).

<sup>51</sup> See *Temporary Rule Modifying AD/CVD Service Requirements Due to COVID-19; Extension of Effective Period*, 85 FR 29615 (May 18, 2020).

Environmental Protection Agency air pollution controls title 40, chapter I, subchapter U, part 1054 of the Code of Federal Regulations standards for small non-road spark-ignition engines and equipment. However, lawn mowers that meet the physical descriptions above but that do not have engines certified under 40 CFR part 1054 or other parts of subchapter U remain subject to the scope of these proceedings.

For purposes of these investigations, an unfinished and/or unassembled lawn mower means at a minimum, a sub-assembly comprised of an engine and a cutting deck shell attached to one another. A cutting deck shell is the portion of the lawn mower—typically of aluminum or steel—that houses and protects a user from a rotating blade. Importation of the subassembly whether or not accompanied by, or attached to, additional components such as a handle, blade(s), grass catching bag, or wheel(s) constitute an unfinished lawn mower for purposes of these investigations. The inclusion in a third country of any components other than the mower sub assembly does not remove the lawn mower from the scope. A lawn mower is within the scope of these investigations regardless of the origin of its engine.

The lawn mowers subject to these investigations are typically at subheading: 8433.11.0050. Lawn mowers subject to these investigations may also enter under Harmonized Tariff Schedule of the United States (HTSUS) 8407.90.1010 and 8433.90.1090. The HTSUS subheadings are provided for convenience and customs purposes only, and the written description of the merchandise under investigation is dispositive.

#### Certain Quartz Surface Products From India and Turkey: Antidumping Duty Orders

**AGENCY:** Enforcement and Compliance, International Trade Administration, Department of Commerce.

**SUMMARY:** Based on affirmative final determinations by the Department of Commerce (Commerce) and the International Trade Commission (ITC), Commerce is issuing antidumping duty orders on certain quartz surface products (quartz surface products) from India and the Republic of Turkey (Turkey).

**DATES:** Applicable June 22, 2020.

**FOR FURTHER INFORMATION CONTACT:** Charles Doss at (202) 482–4474 (India); and Laurel LaCivita at (202) 482–4243 (Turkey) or Kyle Clahane at (202) 482–5449 (Turkey); AD/CVD Operations,

<sup>47</sup> See 19 CFR 351.301(b).

<sup>48</sup> See 19 CFR 351.301(b)(2).

<sup>49</sup> See section 782(b) of the Act.

<sup>50</sup> See *Certification of Factual Information to Import Administration During Antidumping and Countervailing Duty Proceedings*, 78 FR 42678 (July 17, 2013) (*Final Rule*). Answers to frequently asked questions regarding the *Final Rule* are available at

Office III, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230.

**SUPPLEMENTARY INFORMATION:**

**Background**

In accordance with sections 735(d) and 777(i)(1) of the Tariff Act of 1930, as amended (the Act), and 19 CFR 351.210(c), on May 1, 2020, Commerce published its affirmative final determinations in the less-than-fair-value (LTFV) investigations of quartz surface products from India and Turkey.<sup>1</sup> On June 15, 2020, the ITC notified Commerce of its final affirmative determinations that an industry in the United States is materially injured within the meaning of section 735(b)(1)(A)(i) of the Act, by reason of the LTFV imports of quartz surface products from India and Turkey.<sup>2</sup>

**Scope of the Orders**

The merchandise covered by these orders is quartz surface products from India and Turkey. For a complete description of the scope of the *Orders*, see the Appendix to this notice.

**Antidumping Duty Orders**

On June 15, 2020, in accordance with sections 735(b)(1)(A)(i) and 735(d) of the Act, the ITC notified Commerce of its final determinations that an industry in the United States is materially injured by reason of imports of quartz surface products from India and Turkey.<sup>3</sup> Therefore, Commerce is issuing these antidumping duty orders in accordance with sections 735(c)(2) and 736 of the Act. Because the ITC determined that imports of quartz surface products from

India and Turkey are materially injuring a U.S. industry, unliquidated entries of such merchandise from India and Turkey, which are entered or withdrawn from warehouse for consumption, are subject to the assessment of antidumping duties.

As a result of the ITC's final affirmative determinations, in accordance with section 736(a)(1) of the Act, Commerce will direct U.S. Customs and Border Protection (CBP) to assess, upon further instruction by Commerce, antidumping duties equal to the amount by which the normal value of the merchandise exceeds the export price or constructed export price of the merchandise, for all relevant entries of quartz surface products from India and Turkey. Antidumping duties will be adjusted for export subsidies found in the final determinations of the companion countervailing duty investigations.<sup>4</sup> Antidumping duties will be assessed on unliquidated entries of quartz surface products from India and Turkey entered, or withdrawn from warehouse, for consumption on or after December 13, 2019, the date of publication of the *Preliminary Determinations*,<sup>5</sup> but will not include entries occurring after the expiration of the provisional measures period and before publication in the **Federal Register** of the ITC's injury determination, as further described below.

Additionally, because the estimated weighted-average dumping margin for Ermaş Madencilik Turizm Sanayi Ve Ticaret Anonim Şirketi (Ermaş) was determined to be zero in the LTFV investigation, Commerce is directing CBP to not suspend liquidation of entries of subject merchandise produced

and exported by Ermaş. However, entries of subject merchandise in any other producer/exporter combination, e.g., merchandise produced by a third party and exported by Ermaş, or produced by Ermaş and exported by a third party, are subject to the applicable cash deposit rates equal to the estimated weighted-average dumping margins noted below.

**Continuation of Suspension of Liquidation**

In accordance with section 736 of the Act, except for subject merchandise produced and exported by Ermaş, Commerce will instruct CBP to continue to suspend liquidation of quartz surface products from India and Turkey as described in the Appendix to this notice which are entered, or withdrawn from warehouse, for consumption on or after the date of publication of the ITC's notice of final determination in the **Federal Register**. These instructions suspending liquidation will remain in effect until further notice.

We will also instruct CBP to require cash deposits equal to the amount as indicated below. Accordingly, effective on the date of publication of the ITC's final affirmative injury determination, CBP will require, at the same time as importers would normally deposit estimated duties on this subject merchandise, a cash deposit equal to the cash deposit rates listed below.<sup>6</sup> The all-others rate applies to all producers or exporters not specifically listed.

**Estimated Weighted-Average Dumping Margins**

The estimated weighted-average dumping margins for each antidumping duty order are as follows:

Exporter/producer	Weighted-average dumping margin (percent)	Cash deposit rate (adjusted for subsidy offset(s)) (percent)
<b>India</b>		
Antique Marbonite Private Limited; Shivam Enterprise; and Prism Johnson Limited .....	5.15	3.58
Pokarna Engineered Stone Limited .....	2.67	0.33
All Others .....	3.19	1.02
<b>Turkey</b>		
Belenco Dış Ticaret A.Ş. and Peker Yüzey Tasarımları Sanayi ve Ticaret A.Ş. ....	5.17	5.13

<sup>1</sup> See *Certain Quartz Surface Products from India: Final Determination of Sales at Less Than Fair Value and Final Negative Determination of Critical Circumstances*, 85 FR 25391 (May 1, 2020); see also *Certain Quartz Surface Products from the Republic of Turkey: Final Determination of Sales at Less Than Fair Value and Final Negative Determination of Critical Circumstances*, 85 FR 25389 (May 1, 2020) (and accompanying decision memoranda) (collectively, *Final Determinations*).

<sup>2</sup> See ITC's Letter, "Notification of ITC Final Determinations," dated June 15, 2020 (ITC Notification Letter).

<sup>3</sup> See ITC Notification Letter.

<sup>4</sup> See *Final Determinations*.

<sup>5</sup> See *Certain Quartz Surface Products from India: Preliminary Affirmative Determination of Sales at Less Than Fair Value, Preliminary Negative Determination of Critical Circumstances, Postponement of Final Determination, and*

*Extension of Provisional Measures*, 84 FR 68123 (December 13, 2019); *Certain Quartz Surface Products from the Republic of Turkey: Preliminary Affirmative Determination of Sales at Less Than Fair Value, Preliminary Negative Determination of Critical Circumstances, Postponement of Final Determination, and Extension of Provisional Measures*, 84 FR 68111 (December 13, 2019) (collectively, *Preliminary Determinations*).

<sup>6</sup> See section 736(a)(3) of the Act.

Exporter/producer	Weighted-average dumping margin (percent)	Cash deposit rate (adjusted for subsidy offset(s)) (percent)
All Others .....	5.17	5.13

**Provisional Measures**

Section 733(d) of the Act states that suspension of liquidation pursuant to an affirmative preliminary determination may not remain in effect for more than four months, except that Commerce may extend the four-month period to no more than six months at the request of exporters representing a significant proportion of exports of the subject merchandise. At the request of exporters that account for a significant proportion of quartz surface products from India and Turkey, we extended the four-month period to six months in the *Preliminary Determinations* published on December 13, 2019. Therefore, the extended period, beginning on the date of publication of the preliminary determination, ended on June 9, 2020. Pursuant to section 737(b) of the Act, the collection of cash deposits at the rates listed above will begin on the date of publication of the ITC’s final injury determination.

Therefore, in accordance with section 733(d) of the Act and our practice, we will instruct CBP to terminate the suspension of liquidation and to liquidate, without regard to antidumping duties, unliquidated entries of quartz surface products from India and Turkey entered, or withdrawn from warehouse, for consumption on or after June 10, 2020, the first day provisional measures were no longer in effect, until and through the day preceding the date of publication of the ITC’s final injury determination in the **Federal Register**. Suspension of liquidation will resume on the date of publication of the ITC’s final determination in the **Federal Register**.

**Notification to Interested Parties**

This notice constitutes the antidumping duty orders with respect to quartz surface products from India and Turkey pursuant to section 736(a) of the Act. Interested parties can find a list of antidumping duty orders currently in effect at <http://enforcement.trade.gov/stats/iastats1.html>.

These orders are published in accordance with section 736(a) of the Act and 19 CFR 351.211(b).

Dated: June 16, 2020.

**Jeffrey I. Kessler,**  
*Assistant Secretary for Enforcement and Compliance.*

**Appendix I**

**Scope of the Orders**

The merchandise covered by these Orders is certain quartz surface products. Quartz surface products consist of slabs and other surfaces created from a mixture of materials that includes predominately silica (e.g., quartz, quartz powder, cristobalite, glass powder) as well as a resin binder (e.g., an unsaturated polyester). The incorporation of other materials, including, but not limited to, pigments, cement, or other additives does not remove the merchandise from the scope of these Orders. However, the scope of these Orders only includes products where the silica content is greater than any other single material, by actual weight. Quartz surface products are typically sold as rectangular slabs with a total surface area of approximately 45 to 60 square feet and a nominal thickness of one, two, or three centimeters. However, the scope of these Orders includes surface products of all other sizes, thicknesses, and shapes. In addition to slabs, the scope of these Orders includes, but is not limited to, other surfaces such as countertops, backsplashes, vanity tops, bar tops, work tops, tabletops, flooring, wall facing, shower surrounds, fire place surrounds, mantels, and tiles. Certain quartz surface products are covered by these Orders whether polished or unpolished, cut or uncut, fabricated or not fabricated, cured or uncured, edged or not edged, finished or unfinished, thermoformed or not thermoformed, packaged or unpackaged, and regardless of the type of surface finish. In addition, quartz surface products are covered by these Orders whether or not they are imported attached to, or in conjunction with, non-subject merchandise such as sinks, sink bowls, vanities, cabinets, and furniture. If quartz surface products are imported attached to, or in conjunction with, such non-subject merchandise, only the quartz surface product is covered by the scope.

Subject merchandise includes material matching the above description that has been finished, packaged, or otherwise fabricated in a third country, including by cutting, polishing, curing, edging, thermoforming, attaching to, or packaging with another product, or any other finishing, packaging, or fabrication that would not otherwise remove the merchandise from the scope of these Orders if performed in the country of manufacture of the quartz surface products. The scope of these Orders does not cover quarried stone surface products, such as granite, marble, soapstone, or quartzite. Specifically excluded from the scope of these Orders are crushed glass surface products.

Crushed glass surface products must meet each of the following criteria to qualify for this exclusion: (1) The crushed glass content is greater than any other single material, by actual weight; (2) there are pieces of crushed glass visible across the surface of the product; (3) at least some of the individual pieces of crushed glass that are visible across the surface are larger than 1 centimeter wide as measured at their widest cross-section (Glass Pieces); and (4) the distance between any single Glass Piece and the closest separate Glass Piece does not exceed three inches.

The products subject to the scope are currently classified in the Harmonized Tariff Schedule of the United States (HTSUS) under the following subheading: 6810.99.0010. Subject merchandise may also enter under subheadings 6810.11.0010, 6810.11.0070, 6810.19.1200, 6810.19.1400, 6810.19.5000, 6810.91.0000, 6810.99.0080, 6815.99.4070, 2506.10.0010, 2506.10.0050, 2506.20.0010, 2506.20.0080, and 7016.90.1050. The HTSUS subheadings set forth above are provided for convenience and U.S. Customs purposes only. The written description of the scope is dispositive.

**Large Diameter Welded Pipe From Greece: Final Results of Antidumping Duty Changed Circumstances Reviews**

**AGENCY:** Enforcement and Compliance, International Trade Administration, Department of Commerce.

**SUMMARY:** On May 6, 2020, the Department of Commerce (Commerce) published the preliminary results of the changed circumstances review (CCR) of the antidumping duty (AD) order on large diameter welded pipe (welded pipe) from Greece which revoked, in part, this order as it relates to certain specific welded pipe products. Commerce has adopted the scope exclusion language in these final results.

**DATES:** Applicable June 22, 2020.
