

*COVID-19 Cases per 100,000 Persons*

The number in column 3 is the percent share of total COVID-19 cases per 100,000 persons for each State. This number is derived by taking the total number of COVID-19 cases per 100,000 persons reported to the Centers for Disease Control, by State, as of 12:15 p.m. on June 2, 2020 and dividing that by the total number of cases per 100,000 persons in the U.S. State data on cases

per 100,000 persons and the sum of all cases per 100,000 persons may be retrieved from the Centers for Disease Control at <https://www.cdc.gov/covid-data-tracker/index.html> by downloading the Excel document that accompanies the visual displays.<sup>18</sup>

*Ranking Methodology*

To determine ranking, States were assigned total burden scores based on sum of the values of the indicators

relative to one another.<sup>19</sup> All three indicators were weighted equally in calculating burden scores. Higher values on the indicators shows higher need for the State (e.g., higher share of COVID-19 cases, higher percentage of households without broadband access, etc.). The States were then ranked based on their total burden scores. Points were then awarded by the percentile of their rank as indicated below.

Percentile	Number of points awarded	State ranks <sup>20</sup>
81st to 100th percentile .....	20	43 through 52.
61st to 80th percentile .....	16	32 through 42.
41st to 60th percentile .....	12	22 through 31.
21st to 40th percentile .....	8	11 through 21.
20th percentile and below .....	4	1 through 10.

**DEPARTMENT OF ENERGY**

**Federal Energy Regulatory Commission**

[Docket No. EL20-53-000]

**Grand River Dam Authority; Notice of Request for Waiver**

Take notice that on June 16, 2020, pursuant to Rule 207(a)(5) of the Federal Energy Regulatory Commission’s (Commission) Rules of Practice and Procedure, 18 CFR 385.207(a)(5), the Grand River Dam Authority submitted a request that the Commission waive the requirement that Delivery Point Transfers under section 31.2e of the Southwest Power Pool’s Open Access Transmission Tariff must occur between two different Transmission Customers, as more fully explained in its request.

Any person desiring to intervene or to protest this filing must file in accordance with Rules 211 and 214 of the Commission’s Rules of Practice and Procedure (18 CFR 385.211, 385.214). Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a notice of intervention or motion to intervene, as appropriate. Such notices, motions, or

protests must be filed on or before the comment date. Anyone filing a motion to intervene or protest must serve a copy of that document on the Applicant.

In addition to publishing the full text of this document in the **Federal Register**, the Commission provides all interested persons an opportunity to view and/or print the contents of this document via the internet through the Commission’s Home Page (<http://ferc.gov>) using the eLibrary link. Enter the docket number excluding the last three digits in the docket number field to access the document. At this time, the Commission has suspended access to the Commission’s Public Reference Room, due to the proclamation declaring a National Emergency concerning the Novel Coronavirus Disease (COVID-19), issued by the President on March 13, 2020. For assistance, contact the Federal Energy Regulatory Commission at [FERCOnlineSupport@ferc.gov](mailto:FERCOnlineSupport@ferc.gov) or call toll-free, (886) 208-3676 or TTY, (202) 502-8659.

The Commission strongly encourages electronic filings of comments, protests and interventions in lieu of paper using the eFiling link at <http://www.ferc.gov>. Persons unable to file electronically may mail similar pleadings to the Federal Energy Regulatory Commission, 888 First Street NE, Washington, DC 20426. Hand delivered submissions in docketed proceedings should be delivered to Health and Human

Services, 12225 Wilkins Avenue, Rockville, Maryland 20852.

*Comment Date:* 5:00 p.m. Eastern time on July 7, 2020.

Dated: June 17, 2020.

**Nathaniel J. Davis, Sr.,**  
*Deputy Secretary.*

Take notice that the Commission received the following electric rate filings:

*Docket Numbers:* ER20-2000-000.  
*Applicants:* Clyde Onsite Generation, LLC.

points and all other States are assigned points based on the percentage of their burden relative to the State with the highest burden for that indicator. Total burden is the sum of all the points for each indicator.

<sup>20</sup> Higher scores indicate higher burden.

<sup>18</sup> Because the CDC’s most recent report of the number of COVID-19 cases per 100,000 persons for New York State did not include New York City, the number of cases per 100,000 persons for New York State used in the table is from the database of COVID-19 cases in New York State published by

the *New York Times* on June 2, 2020 at 2:05 p.m. at <https://www.nytimes.com/interactive/2020/us/new-york-coronavirus-cases.html>.

<sup>19</sup> Each indicator is worth 33.3 points out of 100 possible total burden points. The State with the highest burden for an indicator is awarded 33.3
