Federal Energy Regulatory Commission

[Docket Nos. CP15-554-000; CP15-554-001; CP15-555-000]

Atlantic Coast Pipeline, LLC; Dominion Energy Transmission, Inc.; Notice of Request for Extension of Time

Take notice that on June 16, 2020, Atlantic Coast Pipeline, LLC (Atlantic) and Dominion Energy Transmission, Inc. (DETI) (collectively, applicants) requested that the Federal Energy Regulatory Commission (Commission) grant an extension of time, until October 13, 2022, to construct and place into service the facilities that comprise Atlantic's Atlantic Coast Pipeline and DETI's Supply Header Project as described in the original certificate authorization issued on October 13, 2017 (Certificate Order). The Certificate Order required Atlantic and DETI to construct and place the facilities in service by October 13, 2020.

Applicants assert that due to unforeseen delays in permitting, additional time is needed to complete

construction of the authorized facilities. Applicants state that they have encountered delays resulting from decisions of the United States Court of Appeals for the Fourth Circuit related to U.S. Forest Service Record of Decision and Special Use Permit, including the crossing of the Appalachian National Scenic Trail, its U.S. Fish and Wildlife Service Biological Opinion and Incidental Take Statement, and the air permit for the compressor station in Buckingham, Virginia. Applicants state they have been working diligently and in good faith to re-obtain all approvals required for the construction of Atlantic Coast Pipeline and Supply Header Project as soon as possible. Applicants project that the necessary approvals for the Atlantic Coast Pipeline and Supply Header Project are anticipated by year-end. Accordingly, applicants request an extension of time until October 13, 2022 to complete construction of the Atlantic Coast Pipeline and Supply Header Project facilities.

This notice establishes a 15-calendar day intervention and comment period deadline. Any person wishing to comment on Atlantic's and DETI's request for an extension of time may do so. No reply comments or answers will be considered. If you wish to obtain legal status by becoming a party to the proceedings for this request, you should, on or before the comment date stated below, file a motion to intervene in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the Regulations under the Natural Gas Act (18 CFR 157.10).¹

As a matter of practice, the Commission itself generally acts on requests for extensions of time to complete construction for Natural Gas Act facilities when such requests are contested before order issuance. For those extension requests that are contested,² the Commission will aim to issue an order acting on the request within 45 days.³ The Commission will address all arguments relating to whether the applicant has demonstrated there is good cause to grant the extension.⁴ The Commission will not consider arguments that re-litigate the issuance of the certificate order, including whether the Commission
