Modification of the National Customs Automation Program (NCAP) Test Regarding Reconciliation for Filing Post-Importation Claims Arising Under the Agreement Between the United States of America, the United Mexican States, and Canada (USMCA)

AGENCY: U.S. Customs and Border Protection, Department of Homeland Security.

ACTION: General notice.

SUMMARY: This document announces a modification to the Automated Commercial Environment (ACE) National Customs Automation Program (NCAP) reconciliation prototype test to include the flagging for filing of post-importation preferential treatment claims arising under the Agreement Between the United States of America, the United Mexican States, and Canada (the USMCA) as implemented pursuant to the United States-Mexico-Canada Agreement Implementation Act (the USMCA Act). Importers may file USMCA post-importation claims for refunds of certain duties assessed on merchandise that both qualifies for preferential tariff treatment under the USMCA and was entered for consumption, or withdrawn from warehouse for consumption, on or after July 1, 2020. Unless and until the USMCA Act is subsequently amended, refunds for merchandise processing fees (MPF) are excluded from USMCA post-importation claims. Except to the extent expressly announced or modified by this document, all aspects, rules, terms and conditions announced in previously published **Federal Register** notices regarding the test remain in effect.

DATES: The test is modified to allow reconciliation of post-importation preferential tariff treatment claims to be filed on or after July 1, 2020, for refunds of certain duties assessed on merchandise that both qualifies for preferential tariff treatment under the USMCA and was entered for consumption, or withdrawn from warehouse for consumption, on or after July 1, 2020.

SUPPLEMENTARY INFORMATION:

Background

This document announces a modification to U.S. Customs and Border Protection's (CBP's) Automated Commercial Environment (ACE) reconciliation prototype test (hereinafter “reconciliation test”) by adding the processing of post-importation claims arising under the United States-Mexico-Canada Agreement Implementation Act (the USMCA Act), Public Law 116–113, 134 Stat. 11 (January 29, 2020) (19 U.S.C. chapter 29), to permit an importer, who did not claim preferential tariff treatment at the time of importation, to file a claim, at any time within one year after the date of importation of qualifying merchandise, to receive a refund of certain excess duties paid on that merchandise at the time of importation. As is further explained below, although the USMCA eliminates the assessment of the merchandise processing fee (MPF) on qualifying goods from Canada and Mexico, the USMCA Act excluded the refund of MPF under 19 U.S.C. 1520(d) post-importation claims for USMCA preferential treatment.

Purpose of the Reconciliation Test

Reconciliation, a planned component of the National Customs Automation Program (NCAP), is provided for in Title VI (Subtitle B) of the North American Free Trade Agreement Implementation Act (the NAFTA Implementation Act; Pub. L. 103–182, 107 Stat. 2057 (December 8, 1993)) (19 U.S.C. 1411).

Section 637 of the Customs Modernization Act amended section 484 of the Tariff Act of 1930 to establish a
