SUPPLEMENTARY INFORMATION: Section 8 of the Secure and Trusted Communications Network Act of 2019 (Act) directs NTIA, in cooperation with the Office of the Director of National Intelligence, the Department of Homeland Security (DHS), the Federal Bureau of Investigation, and the Federal Communications Commission (FCC), to establish a program to share "supply chain security risk" information with trusted providers of "advanced communications service" and suppliers of communications equipment or services. As part of that program, NTIA must "conduct regular briefings and other events" to share information with trusted providers and suppliers and "engage" with such providers and suppliers, particularly those that are small businesses or that primarily serve rural areas. NTIA must also develop, and submit to Congress, a plan for declassifying material, when feasible, and expediting and expanding the provision of security clearances to facilitate information sharing from the Federal government to trusted providers and suppliers. On June 12, 2020, NTIA published a Notice and Request for public comments seeking public comment on several key terms in the Act, as well as on steps that should be taken to best achieve the purposes of the Act. See NTIA, Notice; Request for public comments, *Promoting the Sharing of Supply Chain Security Risk Information Between Government and Communications Providers and Suppliers*, 85 FR 35919 (June 12, 2020), available at: <https://www.ntia.gov/files/ntia/publications/fr-ffc-promoting-sharing-supply-chain-security-risk-information.pdf>. The original deadline for submission of comments was July

13, 2020. With today's Notice, NTIA extends the comment deadline by 15 days until July 28, 2020. All other information in the June 12, 2020, Notice and Request for public comments remain unchanged.
