### Abstract of Proposed Collection

This electronic collection records medical information necessary to determine whether visa applicants have medical conditions affecting the applicant's eligibility for a visa.

<sup>1</sup> The majority of applicants only need to complete medical examinations, and therefore these forms once. However, medical exams are valid for a period of three to six months from the examination date. Therefore, if an applicant's medical examination expires prior to travel, then the applicant may need to undergo a new medical examination and therefore complete the forms more than once.
