U.S. INTERNATIONAL DEVELOPMENT FINANCE CORPORATION

[DFC-007]

Submission for OMB Review; Comments Request

AGENCY: U.S. International Development Finance Corporation (DFC).

ACTION: Notice of information collection; request for comment.

SUMMARY: Under the provisions of the Paperwork Reduction Act, agencies are required to publish a Notice in the **Federal Register** notifying the public that the agency is modifying an existing information collection for Office of Management and Budget (OMB) review and approval and requests public review and comment on the submission. Comments are being solicited on the need for the information; the accuracy of the burden estimate; the quality, practical utility, and clarity of the information to be collected; and ways to minimize reporting the burden, including automated collected techniques and uses of other forms of technology.

DATES: DFC intends to begin use of this collection on November 9, 2020. Comments must be received by September 8, 2020.

ADDRESSES: Comments and requests for copies of the subject information collection may be sent by any of the following methods:

- *Mail:* Joanna Reynolds, Agency Submitting Officer, U.S. International Development Finance Corporation, 1100 New York Avenue NW, Washington, DC 20527.

- *Email:* fedreg@dfc.gov.
Instructions: All submissions received must include the agency name and agency form number or OMB form number for this information collection. Electronic submissions must include the agency form number in the subject line to ensure proper routing. Please note that all written comments received in response to this notice will be considered public records.

FOR FURTHER INFORMATION CONTACT: Agency Submitting Officer: Joanna Reynolds, (202) 357-3979.

SUPPLEMENTARY INFORMATION: This notice informs the public that DFC will submit to OMB a request for approval of the following information collection.

Summary Form Under Review

Title of Collection: Impact Assessment Questionnaire.

Type of Review: Revision of a currently approved information collection.

Agency Form Number: DFC-007.

OMB Form Number: 3015-0009.

Frequency: Once per investor per project.

Affected Public: Business or other for-profit; not-for-profit institutions; individuals.

Total Estimated Number of Annual Number of Respondents: 250.

Estimated Time per Respondent: 2.5 hours.

Total Estimated Number of Annual Burden Hours: 625 hours.

Abstract: The DFC Impact Assessment Questionnaire is the principal document used by the agency's application process to initiate the assessment of a potential project's predicted development impact, as well as the project's ability to comply with environmental and social policies, including labor and human rights, as consistent with the agency's authorizing legislation.

Dated: July 6, 2020.

Nichole Skoyles,

Administrative Counsel, Office of the General Counsel.

Submission for OMB Review; Comments Request

AGENCY: U.S. International Development Finance Corporation (DFC).

ACTION: Notice of information collection; request for comment.

SUMMARY: Under the provisions of the Paperwork Reduction Act, agencies are required to publish a Notice in the **Federal Register** notifying the public that the agency is creating a new information collection for Office of Management and Budget (OMB) review and approval and requests public review and comment on the submission. Comments are being solicited on the need for the information; the accuracy of the burden estimate; the quality, practical utility, and clarity of the information to be collected; and ways to minimize reporting the burden, including automated collected techniques and uses of other forms of technology.

DATES: DFC intends to begin use of this collection on November 9, 2020. Comments must be received by September 8, 2020.

ADDRESSES: Comments and requests for copies of the subject information

collection may be sent by any of the following methods:

- *Mail:* Joanna Reynolds, Agency Submitting Officer, U.S. International Development Finance Corporation, 1100 New York Avenue NW, Washington, DC 20527.

- *Email:* fedreg@dfc.gov.

Instructions: All submissions received must include the agency name and agency form number or OMB form number for this information collection. Electronic submissions must include the agency form number in the subject line to ensure proper routing. Please note that all written comments received in response to this notice will be considered public records.

FOR FURTHER INFORMATION CONTACT: Agency Submitting Officer: Joanna Reynolds (202) 357-3979.

SUPPLEMENTARY INFORMATION: This notice informs the public that DFC will submit to OMB a request for approval of the following information collection.

Summary Form Under Review

Title of Collection: Development Outcomes Survey (DOS).

Type of Review: New information collection.

Agency Form Number: DFC-008.

OMB Form Number: Not assigned, new information collection.

Frequency: Once per investor per project per year.

Affected Public: Business or other for-profit; not-for-profit institutions; individuals.

Total Estimated Number of Annual Number of Respondents: 800.

Estimated Time Per Respondent: 2.0 hours.

Total Estimated Number of Annual Burden Hours: 1600 hours.

Abstract: The Development Outcomes Survey (DOS) is the principal document used by the DFC to review and update a client's developmental impact profile and determine the project's compliance with environmental, labor, and economic policies, as consistent with DFC's authorizing legislation. It will be a comprehensive survey designed to track project performance as compared to their baseline data collected during the application process.

Dated: July 6, 2020.

Nichole Skoyles,

Administrative Counsel, Office of the General Counsel.

BILLING CODE 3210-02-P

DEPARTMENT OF DEFENSE

Office of the Secretary

Notice of Three-Year Extension of Defense Health Agency Evaluation of Non-United States Food and Drug Administration Approved Laboratory Developed Tests Demonstration Project

AGENCY: Office of the Secretary, Department of Defense (DoD).

ACTION: Notice of demonstration project extension.

SUMMARY: This notice is to advise interested parties of an additional three-year extension of a demonstration project entitled Defense Health Agency (DHA) Evaluation of Non-United States Food and Drug Administration (FDA) Approved Laboratory Developed Tests (LDTs) Demonstration Project. The original notice was published on June 18, 2014. The notice extending the demonstration project for three years was published on June 20, 2017.

DATES: This extension is applicable July 19, 2020.

ADDRESSES: Defense Health Agency (DHA), 16401 East Centretech Parkway, Aurora, CO 80011-9066.

FOR FURTHER INFORMATION CONTACT: Valerie Palmer, Defense Health Agency, 303-676-3557, valerie.a.palmer3.civ@mail.mil; Jim Black, Defense Health Agency, 303-676-3487, james.n.black.civ@mail.mil.

SUPPLEMENTARY INFORMATION: For additional information on the DHA Evaluation of Non-United States FDA Approved LDTs Demonstration Project (hereinafter referred to as the "LDT demonstration"), please see 79 FR 34726-34729 and 82 FR 28052. According to Title 32, Code of Federal Regulations (CFR), Part 199.4, paragraph (g)(15)(i)(A), TRICARE may not cost-share medical devices, including LDTs, that have not received FDA medical device 510(k) clearance or premarket approval. LDTs with FDA approval are available for cost-sharing under the TRICARE Basic Program as long as they otherwise meet TRICARE criteria for coverage.

On June 18, 2014, a notice was published in the **Federal Register** (79 FR 34726) announcing the start of the LDT demonstration initiated by the DHA to review non-FDA approved LDTs to determine if they meet TRICARE's requirements for safety and effectiveness, and otherwise meet TRICARE criteria for coverage, and allow those that do to be covered as a benefit under the demonstration. This demonstration also extends coverage for

preconception and prenatal cystic fibrosis (CF) carrier screening, when provided in accordance with the most current American College of Obstetricians and Gynecologists (ACOG) guidelines. The purpose of this demonstration is to improve the quality of health care services for TRICARE beneficiaries.

Currently, non-FDA approved LDTs covered under the LDT demonstration are available for cost-sharing for qualified TRICARE beneficiaries only when performed by laboratories that are assessed and accredited under minimum quality standards set by the Centers for Medicare and Medicaid Services (CMS) under the Clinical Laboratory Improvement Amendments (CLIA) of 1988, *i.e.*, CLIA certified. CMS regulates laboratories that perform non-FDA approved LDTs as well as FDA approved tests. Laboratories performing moderate or high complexity tests are subject to specific regulatory standards governing certification, personnel, proficiency testing, patient test management, quality assurance, quality control, and inspections. CLIA certification and periodic inspections evaluate whether the laboratory has determined the analytical validity of the tests they offer, including LDTs. Analytical validity refers to how well a test performs in the laboratory; that is, how well the test measures the properties or characteristics it is intended to measure. CLIA certification does not, however, assure a device is safe and effective for its intended use, or impose any type of postmarket surveillance or adverse event reporting requirements.

The TRICARE Overseas Program (TOP) is the DoD's program for the delivery of health care support services overseas (all locations outside of the 50 United States (U.S.) and the District of Columbia). TOP provides health care coverage for all overseas beneficiaries, including Active Duty Service Members (ADSMs), eligible Reserve Component (RC) personnel, Active Duty Family Members (ADFMs) (including family members of eligible RC personnel), retired military and their respective family members, and transitional survivors. This coverage applies regardless of where the services are received. The delivery of health care services overseas represents a unique situation that cannot be effectively addressed by applying all of the standards that apply in the 50 U.S. and the District of Columbia. TOP blends many of the features of the TRICARE program in the U.S. while allowing for significant cultural differences unique to health care practices and services in
