

the change of control requirements of Section 312.03(d). The Commission also notes that the proposal is a temporary measure designed to allow companies to raise necessary capital at market related prices without shareholder approval under the limited conditions discussed above in response to current, unusual economic conditions. For these reasons, the Commission believes that waiver of the 30-day operative delay is consistent with the protections of investors and the public interest. According, the Commission hereby waives the 30-day operative delay and designates the proposal operative upon filing.²⁴

At any time within 60 days of the filing of such proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings under Section 19(b)(2)(B)²⁵ of the Act to determine whether the proposed rule change should be approved or disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

Electronic Comments

- Use the Commission's internet comment form (<http://www.sec.gov/rules/sro.shtml>); or
- Send an email to rule-comments@sec.gov. Please include File Number SR-NYSE-2020-58 on the subject line.

Paper Comments

- Send paper comments in triplicate to Secretary, Securities and Exchange Commission, 100 F Street NE, Washington, DC 20549-1090.

All submissions should refer to File Number SR-NYSE-2020-58. This file number should be included on the subject line if email is used. To help the Commission process and review your comments more efficiently, please use only one method. The Commission will post all comments on the Commission's internet website (<http://www.sec.gov/rules/sro.shtml>). Copies of the

submission, all subsequent amendments, all written statements with respect to the proposed rule change that are filed with the Commission, and all written communications relating to the proposed rule change between the Commission and any person, other than those that may be withheld from the public in accordance with the provisions of 5 U.S.C. 552, will be available for website viewing and printing in the Commission's Public Reference Room, 100 F Street NE, Washington, DC 20549 on official business days between the hours of 10:00 a.m. and 3:00 p.m. Copies of the filing also will be available for inspection and copying at the principal office of the Exchange. All comments received will be posted without change. Persons submitting comments are cautioned that we do not redact or edit personal identifying information from comment submissions. You should submit only information that you wish to make available publicly. All submissions should refer to File Number SR-NYSE-2020-58 and should be submitted on or before July 31, 2020.

For the Commission, by the Division of Trading and Markets, pursuant to delegated authority.²⁶

J. Matthew DeLesDernier,

Assistant Secretary.

BILLING CODE 8011-01-P

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-89234; File No. SR-CboeBZX-2020-053]

Self-Regulatory Organizations; Cboe BZX Exchange, Inc.; Notice of Filing of a Proposed Rule Change, as Modified by Amendment No. 1, To List and Trade Shares of the 2x Long VIX Futures ETF, a Series of VS Trust, Under Rule 14.11(f)(4) ("Trust Issued Receipts")

July 6, 2020.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act"),¹ and Rule 19b-4 thereunder,² notice is hereby given that on June 23, 2020, Cboe BZX Exchange, Inc. ("Exchange" or "BZX") filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I and II below, which Items have been prepared by the Exchange. On June 26, 2020, BZX

filed Amendment No. 1 to the proposed rule change. The Commission is publishing this notice to solicit comments on the proposed rule change, as modified by Amendment No. 1, from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

Cboe BZX Exchange, Inc. (the "Exchange" or "BZX") is filing with the Securities and Exchange Commission ("Commission") a proposed rule change to list and trade shares of the 2x Long VIX Futures ESTF, a series of VS Trust, under Rule 14.11(f)(4) ("Trust Issued Receipts").

The text of the proposed rule change is also available on the Exchange's website (http://markets.cboe.com/us/equities/regulation/rule_filings/bzx/), at the Exchange's Office of the Secretary, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

This Amendment No. 1 to SR-CboeBZX-2020-053 amends and replaces in its entirety the proposal as originally submitted on June 23, 2020. The Exchange submits this Amendment No. 1 in order to clarify certain points and add additional details to the proposal.

The Exchange proposes to list and trade Shares of the 2x Long VIX Futures ETF (the "Fund") under Rule 14.11(f)(4), which governs the listing

²⁴ For purposed only of waiving the 30-day operative delay, the Commission has considered the proposed rule's impact on efficiency, competition, and capital formation. See 15 U.S.C. 78c(f).

²⁵ 15 U.S.C. 78s(b)(2)(B).

²⁶ 17 CFR 200.30-3(a)(12).

¹ 15 U.S.C. 78s(b)(1).

² 17 CFR 240.19b-4.

and trading of Trust Issued Receipts³ on the Exchange.⁴

The Fund will seek to provide a return that is 200% of the return of its benchmark index for a single day. As further described below, the benchmark index seeks to offer long exposure to market volatility through publicly traded futures markets. The benchmark for the Fund is the Long VIX Futures Index (the “Index” or ticker symbol LONGVOL).⁵ The Index measures the daily performance of a theoretical portfolio of first- and second-month futures contracts on the Cboe Volatility Index (“VIX”).⁶

The Fund will primarily invest in VIX futures contracts traded on the Cboe Futures Exchange, Inc. (“CFE”) (hereinafter referred to as “VIX Futures Contracts”) based on components of the Index to pursue its investment objective. In the event accountability rules, price limits, position limits, margin limits or other exposure limits are reached with respect to VIX Futures Contracts, Volatility Shares LLC (the “Sponsor”) may cause the Fund to obtain exposure to the Index through Over-the-Counter (OTC) swaps referencing the Index or particular VIX Futures Contracts comprising the Index (hereinafter referred to as “VIX Swap Agreements”). The Fund may also invest in VIX Swap Agreements if the market for a specific VIX Futures Contract experiences emergencies (e.g., natural disaster, terrorist attack or an act of God) or disruptions (e.g., a trading halt or a flash crash) or in situations where the Sponsor deems it impractical or inadvisable to buy or sell VIX Futures

Contracts (such as during periods of market volatility or illiquidity).

The Sponsor, a Delaware limited liability company, serves as the Sponsor of VS Trust (the “Trust”). The Sponsor is a commodity pool operator.⁷ Tidal ETF Services LLC serves as the administrator (the “Administrator”) and U.S. Bank National Association serves as custodian of the Fund and its Shares. U.S. Bancorp Fund Services, LLC serves as the sub-administrator (the “Sub-Administrator”) and transfer agent. Wilmington Trust Company, a Delaware trust company, is the sole trustee of the Trust.

If the Sponsor to the Trust issuing the Trust Issued Receipts is affiliated with a broker-dealer, such Sponsor to the Trust shall erect and maintain a “fire wall” between the Sponsor and the broker-dealer with respect to access to information concerning the composition and/or changes to the Fund’s portfolio. The Sponsor is not a broker-dealer or affiliated with a broker-dealer. In the event that (a) the Sponsor becomes a broker-dealer or newly affiliated with a broker-dealer, or (b) any new sponsor is a broker-dealer or becomes affiliated with a broker-dealer, it will implement and maintain a fire wall with respect to its relevant personnel or such broker-dealer affiliate, as applicable, regarding access to information concerning the composition and/or changes to the portfolio, and will be subject to procedures designed to prevent the use and dissemination of material non-public information regarding the portfolio.

The VIX Swap Agreements in which the Fund may invest may be cleared or non-cleared. The Fund will collateralize its obligations with Cash and Cash Equivalents⁸ consistent with the 1940 Act and interpretations thereunder.

The Fund will only enter into VIX Swap Agreements with counterparties that the Sponsor reasonably believes are capable of performing under the contract and will post as collateral as required by the counterparty. The Fund will seek, where possible, to use counterparties, as applicable, whose financial status is such that the risk of default is reduced; however, the risk of losses resulting from default is still possible. The Sponsor will evaluate the creditworthiness of counterparties on a

regular basis. In addition to information provided by credit agencies, the Sponsor will review approved counterparties using various factors, which may include the counterparty’s reputation, the Sponsor’s past experience with the counterparty and the price/market actions of debt of the counterparty.

The Fund may use various techniques to minimize OTC counterparty credit risk including entering into arrangements with its counterparties whereby both sides exchange collateral on a mark-to-market basis. Collateral posted by the Fund to a counterparty in connection with uncleared VIX Swap Agreements is generally held for the benefit of the counterparty in a segregated tri-party account at the custodian to protect the counterparty against non-payment by the Fund.

In addition to VIX Swap Agreements, if the Fund is unable to meet its investment objective through investments in VIX Futures Contracts, the Fund may also obtain exposure to the Index through listed VIX options contracts traded on the Cboe Exchange, Inc. (“Cboe”) (hereinafter referred to as “VIX Options Contracts”).

The Fund may also invest in Cash and Cash Equivalents that may serve as collateral in the above referenced VIX Futures Contracts, VIX Swap Agreements, and VIX Option Contracts (collectively referred to as the “VIX Derivative Products”).

If the Fund is successful in meeting its objective, its value (before fees and expenses) on a given day should gain approximately 200% of the return of its benchmark index for a single day. Conversely, its value (before fees and expenses) should lose approximately 200% of the return of its benchmark index for a single day when it declines. The Fund primarily acquires long exposure to the VIX through VIX Futures Contracts, such that the Fund has exposure intended to approximate 200% of the return of the Index at the time of the net asset value (“NAV”) calculation of the Fund. However, as discussed above, in the event that the Fund is unable to meet its investment objective solely through the investment of VIX Futures Contracts, it may invest in VIX Swap Agreements or VIX Options Contracts. The Fund may also invest in Cash or Cash Equivalents that may serve as collateral to the Fund’s investments in VIX Derivative Products.

The Fund is not actively managed by traditional methods, which typically involve effecting changes in the composition of a portfolio on the basis of judgments relating to economic, financial and market considerations

³ Rule 14.11(f)(4) applies to Trust Issued Receipts that invest in “Financial Instruments.” The term “Financial Instruments,” as defined in Rule 14.11(f)(4)(A)(iv), means any combination of investments, including cash; securities; options on securities and indices; futures contracts; options on futures contracts; forward contracts; equity caps, collars and floors; and swap agreements.

⁴ The Commission approved BZX Rule 14.11(f)(4) in Securities Exchange Act Release No. 68619 (January 10, 2013), 78 FR 3489 (January 16, 2013) (SR-BZX-2012-044).

⁵ The Index is sponsored by Cboe Global Indexes (the “Index Sponsor”). The Index Sponsor is not a registered broker-dealer, but is affiliated with a broker-dealer. The Index Sponsor has implemented and will maintain a fire wall with respect to the broker-dealer affiliate regarding access to information concerning the composition and/or changes to the Index. In addition, the Index Sponsor has implemented and will maintain procedures that are designed to prevent the use and dissemination of material, non-public information regarding the Index.

⁶ The VIX is an index designed to measure the implied volatility of the S&P 500 over 30 days in the future. The VIX is calculated based on the prices of certain put and call options on the S&P 500. The VIX is reflective of the premium paid by investors for certain options linked to the level of the S&P 500.

⁷ The Fund expects to file a registration statement on Form S-1 under the Securities Act of 1933 in the very near future. The Fund will not be listed on the Exchange until such time as there is an effective registration statement for the Fund.

⁸ For purposes of this proposal, the term “Cash and Cash Equivalents” shall have the definition provided in Exchange Rule 14.11(i)(4)(C)(iii), applicable to Managed Fund Shares.

with a view toward obtaining positive results under all market conditions. Rather, the Fund will seek to remain fully invested at all times in VIX Derivative Products (and Cash and Cash Equivalents as collateral)⁹ that provide exposure to the Index consistent with its investment objective without regard to market conditions, trends or direction.

In seeking to achieve the Fund's investment objective, the Sponsor uses a mathematical approach to investing. Using this approach, the Sponsor determines the type, quantity and mix of investment positions that the Sponsor believes in combination should produce daily returns consistent with the Fund's objective. The Sponsor relies upon a pre-determined model to generate orders that result in repositioning the Fund's investments in accordance with its investment objective.

VIX Futures Contracts

The Index is comprised of, and the value of the Fund will be based on, VIX Futures Contracts. VIX Futures Contracts are measures of the market's expectation of the level of VIX at certain points in the future, and as such will behave differently than current, or spot, VIX, as illustrated below.

While the VIX represents a measure of the current expected volatility of the S&P 500 over the next 30 days, the prices of VIX Futures Contracts are based on the current expectation of what the expected 30-day volatility will be at a particular time in the future (on the expiration date). For example, a VIX Futures Contract purchased in March that expires in May, in effect, is a forward contract on what the level of the VIX, as a measure of 30-day implied volatility of the S&P 500, will be on the May expiration date. The forward volatility reading of the VIX may not correlate directly to the current volatility reading of the VIX because the implied volatility of the S&P 500 at a future expiration date may be different from the current implied volatility of the S&P 500. As a result, the Index and the Fund should be expected to perform very differently from the VIX or 200% of the VIX Index over all periods of time. To illustrate, on December 4, 2019, the VIX closed at a price of 14.8 and the price of the February 2020 VIX Futures Contracts expiring on February 19, 2020 was 18.125. In this example, the price of the VIX represented the 30-day implied, or "spot," volatility (the volatility expected for the period from December 5, 2019 to January 5, 2020) of the S&P 500 and the February VIX Futures Contracts represented forward

implied volatility (the volatility expected for the period from February 19 to March 19, 2020) of the S&P 500.

Long VIX Futures Index

The Index is designed to express the daily performance of a theoretical portfolio of first- and second-month VIX Futures Contracts (the "Index Components"), with the price of each VIX Futures Contract reflecting the market's expectation of future volatility. The Index seeks to reflect the returns that are potentially available from holding an unleveraged long position in first- and second- month VIX Futures Contracts. While the Index does not correspond to the VIX, the value of the Index, and by extension the Fund, will generally rise as the VIX rises and fall as the VIX falls. Further, as described above, because VIX Futures Contracts correlate to future volatility readings of VIX, while the VIX itself correlates to current volatility, the Index and the Fund should be expected to perform significantly different from the VIX.

Unlike the Index, the VIX, which is not a benchmark for the Fund, is calculated based on the prices of put and call options on the S&P 500, which are traded exclusively on Cboe.

Calculation of the Index

The Index employs rules for selecting the Index Components and a formula to calculate a level for the Index from the prices of these components. Specifically, the Index Components represent the prices of the two near-term VIX Futures Contracts, replicating a position that rolls the nearest month VIX Futures Contract to the next month VIX Futures Contract on a daily basis in equal fractional amounts. This results in a constant weighted average maturity of approximately one month. The roll period usually begins on the Wednesday falling 30 calendar days before the S&P 500 option expiration for the following month (the "Cboe VIX Monthly Futures Settlement Date"), and runs to the Tuesday prior to the subsequent month's Cboe VIX Monthly Futures Settlement Date.

The level of the Index will be published at least every 15 seconds both in real time from 9:30 a.m. to 4:00 p.m. ET and at the close of trading on each Business Day¹⁰ by Bloomberg and Reuters.

¹⁰ A "Business Day" means any day other than a day when any of BZX, Cboe, CFE or other exchange material to the valuation or operation of the Fund, or the calculation of the VIX, options contracts underlying the VIX, VIX Futures Contracts or the Index is closed for regular trading.

Purchases and Redemptions of Creation Units

The Fund will create and redeem Shares from time to time only in large blocks of a specified number of Shares or multiples thereof ("Creation Units"). A Creation Unit is a block of at least 10,000 Shares. Except when aggregated in Creation Units, the Shares are not redeemable securities.

On any Business Day, an authorized participant may place an order with the Sub-Administrator to create one or more Creation Units.¹¹ The total cash payment required to create each Creation Unit is the NAV of at least 10,000 Shares of the Fund on the purchase order date plus the applicable transaction fee.

The procedures by which an authorized participant can redeem one or more Creation Units mirror the procedures for the purchase of Creation Units. On any Business Day, an authorized participant may place an order with the Sub-Administrator to redeem one or more Creation Units. The redemption proceeds from the Fund consist of the cash redemption amount. The cash redemption amount is equal to the NAV of the number of Creation Unit(s) of the Fund requested in the authorized participant's redemption order as of the time of the calculation of a Fund's NAV on the redemption order date, less transaction fees.

Availability of Information Regarding the Shares

The NAV for the Fund's Shares will be calculated by the Sub-Administrator once each Business Day and will be disseminated daily to all market participants at the same time.¹² Pricing information for the Shares will be available on the Fund's website at www.volatilityshares.com, including: (1) The prior Business Day's reported NAV, the closing market price or the bid/ask price, daily trading volume, and a calculation of the premium and discount of the closing market price or bid/ask price against the NAV; and (2) data in chart format displaying the frequency distribution of discounts and premiums of the daily closing price against the NAV, within appropriate ranges, for each of the four previous calendar quarters.

¹¹ Authorized participants have a cut-off time of 2:00 p.m. ET to place creation and redemption orders.

¹² NAV means the total assets of the Fund including, but not limited to, all Cash and Cash Equivalents or other debt securities less total liabilities of the Fund, consistently applied under the accrual method of accounting. The Fund's NAV is calculated at 4:00 p.m. ET.

⁹ *Supra* note 8.

The closing prices and settlement prices of the Index Components (*i.e.*, the first- and second-month VIX Futures Contracts) will also be readily available from the websites of CFE (<http://www.cfe.cboe.com>), automated quotation systems, published or other public sources, or on-line information services such as Bloomberg or Reuters. Complete real-time data for component VIX Futures Contracts underlying the Index is available by subscription from Reuters and Bloomberg. Specifically, the level of the Index will be published at least every 15 seconds both in real time from 9:30 a.m. to 4:00 p.m. ET and at the close of trading on each Business Day by Bloomberg and Reuters.

The CFE also provides delayed futures information on current and past trading sessions and market news free of charge on its website. The specific contract specifications of Index Components (*i.e.*, first-month and second-month VIX Futures Contracts) underlying the Index are also available on Bloomberg and Reuters.

Quotation and last-sale information regarding the Shares will be disseminated through the facilities of the Consolidated Tape Association (“CTA”). Quotation and last-sale information regarding VIX Futures Contracts and VIX Options Contracts will be available from the exchanges on which such instruments are traded. Quotation and last-sale information relating to VIX Options Contracts will also be available via the Options Price Reporting Authority. Quotation and last-sale information for VIX Swap Agreements will be available from nationally recognized data services providers, such as Reuters and Bloomberg, through subscription agreements or from a broker-dealer who makes markets in such instruments. Quotation and last-sale information for VIX Swap Agreements will be valued on the basis of quotations or equivalent indication of value supplied by a third-party pricing service or broker-dealer who makes markets in such instruments. Pricing information regarding Cash Equivalents in which the Fund will invest is generally available through nationally recognized data services providers, such as Reuters and Bloomberg, through subscription agreements.

In addition, the Fund’s website at www.volatilityshares.com will display the end of day closing Index level, and NAV per Share for the Fund. The Fund will provide website disclosure of portfolio holdings daily and will include, as applicable, the notional value (in U.S. dollars) of VIX Derivative Products, and characteristics of such

instruments, as well as Cash and Cash Equivalents held in the portfolio of the Fund. This website disclosure of the portfolio composition of the Fund will occur at the same time as the disclosure by the Fund of the portfolio composition to authorized participants so that all market participants are provided portfolio composition information at the same time. The same portfolio information will be provided on the public website as well as in electronic files provided to authorized participants.

In addition, in order to provide updated information relating to the Fund for use by investors and market professionals, an updated Intraday Indicative Value (“IIV”) will be calculated. The IIV is an indicator of the value of the Fund’s holdings, which include the VIX Derivative Products and Cash and Cash Equivalents less liabilities of the Fund at the time the IIV is disseminated. The IIV will be calculated and widely disseminated by one or more major market data vendors every 15 seconds throughout Regular Trading Hours.¹³

In addition, the IIV will be published on the Exchange’s website and will be available through on-line information services such as Bloomberg and Reuters.

The IIV disseminated during Regular Trading Hours should not be viewed as an actual real time update of the NAV, which is calculated only once a day. The IIV also should not be viewed as a precise value of the Shares.

Additional information regarding the Fund and the Shares, including investment strategies, risks, creation and redemption procedures, fees, portfolio holdings, disclosure policies, distributions and taxes will be included in the registration statement.

Initial and Continued Listing

The Shares of the Fund will conform to the initial and continued listing criteria under BZX Rule 14.11(f)(4). The Exchange represents that, for initial and continued listing, the Fund and the Trust must be in compliance with Rule 10A–3 under the Act. A minimum of 100,000 Shares of the Fund will be outstanding at the commencement of trading on the Exchange. The Exchange will obtain a representation from the Sponsor of the Shares that the NAV per Share for the Fund will be calculated daily and will be made available to all market participants at the same time.

¹³ As defined in Rule 1.5(w), the term “Regular Trading Hours” means the time between 9:30 a.m. and 4:00 p.m. ET.

Trading Halts

With respect to trading halts, the Exchange may consider all relevant factors in exercising its discretion to halt or suspend trading in the Shares of the Fund. The Exchange will halt trading in the Shares under the conditions specified in BZX Rule 11.18. Trading may be halted because of market conditions or for reasons that, in the view of the Exchange, make trading in the Shares inadvisable. These may include: (1) The extent to which trading is not occurring in the securities and/or the financial instruments composing the daily disclosed portfolio of the Fund; or (2) whether other unusual conditions or circumstances detrimental to the maintenance of a fair and orderly market are present.

Trading Rules

The Exchange deems the Shares to be equity securities, thus rendering trading in the Shares subject to the Exchange’s existing rules governing the trading of equity securities. The Exchange will allow trading in the Shares from 8:00 a.m. until 8:00 p.m. ET and has the appropriate rules to facilitate transactions in the Shares during all trading sessions. As provided in BZX Rule 11.11(a), the minimum price variation for quoting and entry of orders in securities traded on the Exchange is \$0.01, with the exception of securities that are priced less than \$1.00, for which the minimum price variation for order entry is \$0.0001.

Surveillance

Trading of the Shares through the Exchange will be subject to the Exchange’s surveillance procedures for derivative products, including Trust Issued Receipts. All of the VIX Futures Contracts and VIX Options Contracts held by the Fund will trade on markets that are a member of ISG or affiliated with a member of ISG or with which the Exchange has in place a comprehensive surveillance sharing agreement.¹⁴ The Exchange, FINRA, on behalf of the Exchange, or both will communicate regarding trading in the Shares and the underlying listed instruments, including listed derivatives held by the Fund, with the ISG, other markets or entities who are members or affiliates of the ISG, or with which the Exchange has entered into a comprehensive surveillance sharing agreement. In addition, the

¹⁴ For a list of the current members and affiliate members of ISG, see www.isgportal.com. The Exchange notes that not all components of the Fund’s holdings may trade on markets that are members of ISG or with which the Exchange has in place a comprehensive surveillance sharing agreement.

Exchange, FINRA, on behalf of the Exchange, or both may obtain information regarding trading in the Shares and the underlying listed instruments, including listed derivatives, held by the Fund from markets and other entities that are members of ISG or with which the Exchange has in place a comprehensive surveillance sharing agreement. The Exchange also has a general policy prohibiting the distribution of material, non-public information by its employees. All statements and representations made in this filing regarding the Index composition, description of the portfolio or reference assets, limitations on portfolio holdings or reference assets, dissemination and availability of reference the Index, reference asset, and IIV, and the applicability of Exchange rules specified in this filing shall constitute continued listing requirements for the Fund. The issuer has represented to the Exchange that it will advise the Exchange of any failure by the Fund or the Shares to comply with the continued listing requirements, and, pursuant to its obligations under Section 19(g)(1) of the Act, the Exchange will surveil for compliance with the continued listing requirements. If the Fund or the Shares are not in compliance with the applicable listing requirements, the Exchange will commence delisting procedures under Exchange Rule 14.12.

Information Circular

Prior to the commencement of trading, the Exchange will inform its members in an Information Circular of the special characteristics and risks associated with trading the Shares. Specifically, the Information Circular will discuss the following: (1) the procedures for purchases and redemptions of Shares in Creation Units (and that Shares are not individually redeemable); (2) BZX Rule 3.7, which imposes suitability obligations on Exchange members with respect to recommending transactions in the Shares to customers; (3) Interpretation and Policy .01 of BZX Rule 3.7 which imposes a duty of due diligence on its Members to learn the essential facts relating to every customer prior to trading the shares;¹⁵ (4) how

¹⁵ Specifically, in part, Interpretation and Policy .01 of Rule 3.7 states “[n]o Member shall recommend to a customer a transaction in any such product unless the Member has a reasonable basis for believing at the time of making the recommendation that the customer has such knowledge and experience in financial matters that he may reasonably be expected to be capable of evaluating the risks of the recommended transaction and is financially able to bear the risks of the recommended position.

information regarding the IIV and the Fund’s holdings is disseminated; (5) the risks involved in trading the Shares during the Pre-Opening¹⁶ and After Hours Trading Sessions¹⁷ when an updated IIV will not be calculated or publicly disseminated; (6) the requirement that members deliver a prospectus to investors purchasing newly issued Shares prior to or concurrently with the confirmation of a transaction; and (7) trading information.

Further, the Exchange states that FINRA has implemented increased sales practice and customer margin requirements for FINRA members applicable to inverse, leveraged and inversed leveraged securities (which include the Shares) and options on such securities, as described in FINRA Regulatory Notices 09–31 (June 2009), 09–53 (August 2009), and 09–65 (November 2009) (collectively, “FINRA Regulatory Notices”). Members that carry customer accounts will be required to follow the FINRA guidance set forth in these notices. As noted above, the Fund will seek to provide a return that is 200% of the return of its benchmark index for a single day. The Fund does not seek to achieve its primary investment objective over a period of time greater than a single day. The return of the Fund for a period longer than a single day is the result of its return for each day compounded over the period and usually will differ in amount and possibly even direction from the Fund’s multiple times the return of the Fund’s Benchmark for the same period. These differences can be significant.

In addition, the Information Circular will advise members, prior to the commencement of trading, of the prospectus delivery requirements applicable to the Fund. Members purchasing Shares from the Fund for resale to investors will deliver a prospectus to such investors. The Information Circular will also discuss any exemptive, no-action and interpretive relief granted by the Commission from any rules under the Act.

In addition, the Information Circular will reference that the Fund is subject to various fees and expenses described in the Fund’s registration statement. The Information Circular will also disclose the trading hours of the Shares of the Fund and the applicable NAV calculation time for the Shares. The Information Circular will disclose that

¹⁶ The Pre-Opening Session is from 8:00 a.m. to 9:30 a.m. ET.

¹⁷ The After Hours Trading Session is from 4:00 p.m. to 8:00 p.m. ET.

information about the Shares of the Fund will be publicly available on the Fund’s website.

2. Statutory Basis

The Exchange believes that the proposal is consistent with Section 6(b) of the Act¹⁸ in general and Section 6(b)(5) of the Act¹⁹ in particular in that it is designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in facilitating transactions in securities, to remove impediments to and perfect the mechanism of a free and open market and a national market system and, in general, to protect investors and the public interest.

The Exchange believes that the proposed rule change is designed to prevent fraudulent and manipulative acts and practices in that the Shares will be listed and traded on the Exchange pursuant to the initial and continued listing criteria in Exchange Rule 14.11(f). The Exchange believes that its surveillance procedures are adequate to properly monitor the trading of the Shares on the Exchange during all trading sessions and to deter and detect violations of Exchange rules and the applicable federal securities laws. If the Sponsor to the Trust issuing the Trust Issued Receipts is affiliated with a broker-dealer, such Sponsor to the Trust shall erect and maintain a “fire wall” between the Sponsor and the broker-dealer with respect to access to information concerning the composition and/or changes to the Fund’s portfolio. The Sponsor is not a broker-dealer or affiliated with a broker-dealer. In the event that (a) the Sponsor becomes a broker-dealer or newly affiliated with a broker-dealer, or (b) any new sponsor is a broker-dealer or becomes affiliated with a broker-dealer, it will implement and maintain a fire wall with respect to its relevant personnel or such broker-dealer affiliate, as applicable, regarding access to information concerning the composition and/or changes to the portfolio, and will be subject to procedures designed to prevent the use and dissemination of material non-public information regarding the portfolio. The Exchange, FINRA, on behalf of the Exchange, or both may obtain information regarding trading in the Shares and the underlying VIX Futures Contracts and VIX Options Contracts via the ISG from other exchanges who are members or affiliates of the ISG or with which the Exchange

¹⁸ 15 U.S.C. 78f.

¹⁹ 15 U.S.C. 78f(b)(5).

has entered into a comprehensive surveillance sharing agreement. In addition, the Exchange also has a general policy prohibiting the distribution of material, non-public information by its employees.

The proposed rule change is designed to promote just and equitable principles of trade and to protect investors and the public interest in that the Exchange will obtain a representation from the issuer of the Shares that the NAV will be calculated daily and that the NAV and the Fund's holdings will be made available to all market participants at the same time. In addition, a large amount of information is publicly available regarding the Fund and the Shares, thereby promoting market transparency. Moreover, the IIV will be disseminated by one or more major market data vendors at least every 15 seconds during Regular Trading Hours. On each Business Day, before commencement of trading in Shares during Regular Trading Hours, the Fund will disclose on its website the holdings that will form the basis for the Fund's calculation of NAV at the end of the Business Day. Pricing information will be available on the Fund's website including: (1) The prior Business Day's reported NAV, the closing market price or the bid/ask price, daily trading volume, and a calculation of the premium and discount of the closing market price or bid/ask price against the NAV; and (2) data in chart format displaying the frequency distribution of discounts and premiums of the daily closing price against the NAV, within appropriate ranges, for each of the four previous calendar quarters.

Additionally, information regarding market price and trading of the Shares will be continually available on a real-time basis throughout the day on brokers' computer screens and other electronic services, and quotation and last sale information for the Shares will be available on the facilities of the CTA. The website for the Fund will include a form of the prospectus for the Fund and additional data relating to NAV and other applicable quantitative information. Trading in Shares of the Fund will be halted under the conditions specified in Exchange Rule 11.18. Trading may also be halted because of market conditions or for reasons that, in the view of the Exchange, make trading in the Shares inadvisable. Finally, trading in the Shares will be subject to 14.11(f)(4)(C)(ii), which sets forth circumstances under which Shares of the Fund may be halted. In addition, as noted above, investors will have ready

access to information regarding the Fund's holdings, the IIV, and quotation and last sale information for the Shares.

Quotation and last-sale information regarding the Shares will be disseminated through the facilities of the CTA. Quotation and last-sale information regarding VIX Futures Contracts and VIX Options Contracts will be available from the exchanges on which such instruments are traded. Quotation and last-sale information relating to VIX Options Contracts will also be available via the Options Price Reporting Authority. Quotation and last-sale information for VIX Swap Agreements will be available from nationally recognized data services providers, such as Reuters and Bloomberg, through subscription agreements or from a broker-dealer who makes markets in such instruments. Quotation and last-sale information for VIX Swap Agreements will be valued on the basis of quotations or equivalent indication of value supplied by a third-party pricing service or broker-dealer who makes markets in such instruments. Pricing information regarding Cash Equivalents in which the Fund will invest is generally available through nationally recognized data services providers, such as Reuters and Bloomberg, through subscription agreements.

The proposed rule change is designed to perfect the mechanism of a free and open market and, in general, to protect investors and the public interest in that it will facilitate the listing and trading of an additional type of exchange-traded product that will enhance competition among market participants, to the benefit of investors and the marketplace. As noted above, the Exchange has in place surveillance procedures relating to trading in the Shares and may obtain information via ISG from other exchanges that are members of ISG or with which the Exchange has entered into a comprehensive surveillance sharing agreement. In addition, as noted above, investors will have ready access to information regarding the Fund's holdings, the IIV, and quotation and last sale information for the Shares.

For the above reasons, the Exchange believes that the proposed rule change is consistent with the requirements of Section 6(b)(5) of the Act.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purpose of the Act. The Exchange notes that the proposed rule change,

rather will facilitate the listing of an additional exchange-traded product on the Exchange, which will enhance competition among listing venues, to the benefit of issuers, investors, and the marketplace more broadly.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

The Exchange neither solicited nor received comments on the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Within 45 days of the date of publication of this notice in the **Federal Register** or within such longer period up to 90 days (i) as the Commission may designate if it finds such longer period to be appropriate and publishes its reasons for so finding or (ii) as to which the Exchange consents, the Commission will:

- A. By order approve or disapprove such proposed rule change, or
- B. institute proceedings to determine whether the proposed rule change should be disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change, as modified by Amendment No. 1, is consistent with the Act. Comments may be submitted by any of the following methods:

Electronic Comments

- Use the Commission's internet comment form (<http://www.sec.gov/rules/sro.shtml>); or
- Send an email to rule-comments@sec.gov. Please include File Number SR-CboeBZX-2020-053 on the subject line.

Paper Comments

- Send paper comments in triplicate to Secretary, Securities and Exchange Commission, 100 F Street NE, Washington, DC 20549-1090.

All submissions should refer to File Number SR-CboeBZX-2020-053. This file number should be included on the subject line if email is used. To help the Commission process and review your comments more efficiently, please use only one method. The Commission will post all comments on the Commission's internet website (<http://www.sec.gov/rules/sro.shtml>). Copies of the submission, all subsequent amendments, all written statements with respect to the proposed rule

change that are filed with the Commission, and all written communications relating to the proposed rule change between the Commission and any person, other than those that may be withheld from the public in accordance with the provisions of 5 U.S.C. 552, will be available for website viewing and printing in the Commission's Public Reference Room, 100 F Street NE, Washington, DC 20549 on official business days between the hours of 10:00 a.m. and 3:00 p.m. Copies of the filing also will be available for inspection and copying at the principal office of the Exchange. All comments received will be posted without change. Persons submitting comments are cautioned that we do not redact or edit personal identifying information from comment submissions. You should submit only information that you wish to make available publicly. All submissions should refer to File Number SR-CboeBZX-2020-053 and should be submitted on or before July 31, 2020.

For the Commission, by the Division of Trading and Markets, pursuant to delegated authority.²⁰

J. Matthew DeLesDernier,

Assistant Secretary.

SECURITIES AND EXCHANGE COMMISSION

Proposed Collection; Comment Request

Upon Written Request Copies Available From: Securities and Exchange Commission, Office of FOIA Services, 100 F Street NE, Washington, DC 20549-2736

Extension:

Rule 425 SEC File No. 270-462, OMB Control No. 3235-0521

Notice is hereby given, that pursuant to the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*), the Securities and Exchange Commission ("Commission") is soliciting comments on the collection of information summarized below. The Commission plans to submit this existing collection of information to the Office of Management and Budget for extension and approval.

Rule 425 (17 CFR 230.425) under the Securities Act of 1933 (15 U.S.C. 77a *et seq.*) requires the filing of certain prospectuses and communications

under Rule 135 (17 CFR 230.135) and Rule 165 (17 CFR 230.165) in connection with business combination transactions. The purpose of the rule is to permit more oral and written communications with shareholders about tender offers, mergers and other business combination transactions on a more timely basis, so long as the written communications are filed on the date of first use. Approximately 7,160 issuers file communications under Rule 425 at an estimated 0.25 hours per response for a total of 1,790 annual burden hours (0.25 hours per response × 7,160 responses).

Written comments are invited on: (a) Whether this proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (b) the accuracy of the agency's estimate of the burden imposed by the collection of information; (c) ways to enhance the quality, utility, and clarity of the information collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology. Consideration will be given to comments and suggestions submitted in writing within 60 days of this publication.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid control number.

Please direct your written comment to David Bottom, Director/Chief Information Officer, Securities and Exchange Commission, c/o Cynthia Roscoe, 100 F Street NE, Washington, DC 20549 or send an email to: PRA_Mailbox@sec.gov.

Dated: July 2, 2020.

J. Matthew DeLesDernier,

Assistant Secretary.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-89225; File No. SR-NASDAQ-2020-034]

Self-Regulatory Organizations; The Nasdaq Stock Market LLC; Notice of Filing and Immediate Effectiveness of Proposed Rule Change To Amend Nasdaq Rules 6130 and IM-6200-1

July 6, 2020.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934

("Act"),¹ and Rule 19b-4 thereunder,² notice is hereby given that on June 25, 2020, The Nasdaq Stock Market LLC ("Nasdaq" or "Exchange") filed with the Securities and Exchange Commission ("SEC" or "Commission") the proposed rule change as described in Items I and II below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend Rule 6130 (Nasdaq Kill Switch) and IM-6200-1 (Risk Settings) to provide Participants with additional optional settings.

The text of the proposed rule change is available on the Exchange's website at <http://nasdaq.cchwallstreet.com>, at the principal office of the Exchange, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The purpose of the proposed rule changes under Nasdaq Rule 6130 (Nasdaq Kill Switch) and IM-6200-1 (Risk Settings) are to provide Participants with additional optional settings in order to assist them in their efforts to manage their risk levels. Once the optional risk controls are set, the Exchange is authorized to take automated action if a designated risk level for a Participant is exceeded. Such risk settings would provide Participants with enhanced abilities to manage their risk with respect to orders on the Exchange.
