

Mitigation Measures

The natural and cultural resource management programs and activities associated with the NRP have been designed to result in minimal adverse environmental impacts during their implementation and to result in long-term beneficial impacts. During implementation of the NRP, TVA will continue to conduct site- or activity-specific environmental reviews of its actions as appropriate and will incorporate appropriate mitigation measures, including those identified through associated consultation processes, to address adverse impacts. In January 2020, TVA completed a programmatic agreement (PA) with the Advisory Council on Historic Preservation and seven State Historic Preservation Officers to address a suite of activities. In addition, 21 federally recognized Indian tribes were invited to be signatories to the agreement. The PA addresses TVA's compliance with Section 106 of the National Historic Preservation Act when implementing the various NRP activities.

SUMMARY: On August 20, 2019, at the direction of the President, the U.S. Trade Representative determined to modify the action being taken in the Section 301 investigation of China's acts, policies, and practices related to technology transfer, intellectual property, and innovation by imposing additional duties of 10 percent *ad valorem* on goods of China with an annual trade value of approximately \$300 billion. SUPPLEMENTARY INFORMATION:

A. Background

For background on the proceedings in this investigation, please see prior notices including: 82 FR 40213 (August 24, 2017), 83 FR 14906 (April 6, 2018), 83 FR 28710 (June 20, 2018), 83 FR 33608 (July 17, 2018), 83 FR 38760 (August 7, 2018), 83 FR 40823 (August 16, 2018), 83 FR 47974 (September 21, 2018), 83 FR 49153 (September 28, 2018), 84 FR 20459 (May 9, 2019), 84 FR 43304 (August 20, 2019), 84 FR 45821 (August 30, 2019), 84 FR 57144 (October 24, 2019), 84 FR 69447 (December 18, 2019), 85 FR 3741 (January 22, 2020), 85 FR 13970 (March 10, 2020), 85 FR 15244 (March 17, 2020), 85 FR 17936 (March 31, 2020), 85 FR 28693 (May 13, 2020), 85 FR 32098 (May 28, 2020), and 85 FR 35975 (June 12, 2020).

In a notice published on August 20, 2019, the U.S. Trade Representative, at the direction of the President, announced a determination to modify the action being taken in the Section 301 investigation by imposing an additional 10 percent *ad valorem* duty on products of China with an annual aggregate trade value of approximately \$300 billion. 84 FR 43304 (August 20

notice). The August 20 notice contains two separate lists of tariff subheadings, with two different effective dates. List 1, which is set out in Annex A of the August 20 notice, was effective September 1, 2019. List 2, which is set out in Annex C of the August 20 notice, was scheduled to take effect on December 15, 2019.

On August 30, 2019, the U.S. Trade Representative, at the direction of the President, determined to modify the action being taken in the investigation by increasing the rate of additional duty from 10 to 15 percent *ad valorem* on the goods of China specified in Annex A (List 1) and Annex C (List 2) of the August 20 notice. *See* 84 FR 45821. On October 24, 2019, the U.S. Trade Representative established a process by which U.S. stakeholders could request exclusion of particular products classified within an eight-digit Harmonized Tariff Schedule of the United States (HTSUS) subheading covered by List 1 of the \$300 billion action from the additional duties. *See* 84 FR 57144 (October 24 notice). On December 18, 2019, the U.S. Trade Representative announced a determination to suspend until further notice the additional duties on products set out in Annex C (List 2) of the August 20 notice. *See* 84 FR 69447. On January 22, 2020, the U.S. Trade Representative determined to further modify the action being taken by reducing the additional duties for the products covered in Annex A of the August 20 notice (List 1) from 15 to 7.5 percent. *See* 85 FR 3741.

Under the October 24 notice, requests for exclusion had to identify the product subject to the request in terms of the physical characteristics that distinguish the product from other products within the relevant eight-digit subheading covered by the \$300 billion action. Requestors also had to provide the ten-digit subheading of the HTSUS most applicable to the particular product requested for exclusion, and could submit information on the ability of U.S. Customs and Border Protection to administer the requested exclusion. Requestors were asked to provide the quantity and value of the Chinese-origin product they purchased in the last three years, among other information. With regard to the rationale for the requested exclusion, requests had to address the following factors:

- Whether the particular product is available only from China and specifically whether the particular product and/or a comparable product is available from sources in the United States and/or third countries.

- Whether the imposition of additional duties on the particular product would cause severe economic harm to the requestor or other U.S. interests.

- Whether the particular product is strategically important or related to “Made in China 2025” or other Chinese industrial programs.

The October 24 notice stated that the U.S. Trade Representative would take into account whether an exclusion would undermine the objectives of the Section 301 investigation.

The October 24 notice required submission of requests for exclusion from List 1 of the \$300 billion action no later than January 31, 2020, and noted that the U.S. Trade Representative periodically would announce decisions. In March 2020, the U.S. Trade Representative granted an initial set of exclusion requests. *See* 85 FR 13970. The U.S. Trade Representative granted additional exclusions in March, May, and June 2020. *See* 85 FR 15244, 85 FR 17936, 85 FR 28693, as modified by 85 FR 32098, and 85 FR 35975. The Office

of the United States Trade Representative regularly updates the status of each pending request on the Exclusions Portal at <https://exclusions.ustr.gov/s/docket?docketNumber=USTR-2019-0017>.

B. Determination To Grant Certain Exclusions

Based on the evaluation of the factors set out in the October 24 notice, which are summarized above, pursuant to sections 301(b), 301(c), and 307(a) of the Trade Act of 1974, as amended, and in accordance with the advice of the interagency Section 301 Committee, the U.S. Trade Representative has determined to grant the product exclusions set out in the Annex to this notice. The U.S. Trade Representative’s determination also takes into account advice from advisory committees and any public comments on the pertinent exclusion requests.

As set out in the Annex, the exclusions are reflected in 61 specially prepared product descriptions, which together respond to 86 separate

exclusion requests. In accordance with the October 24 notice, the exclusions are available for any product that meets the description in the Annex, regardless of whether the importer filed an exclusion request. Further, the scope of each exclusion is governed by the scope of the ten-digit HTSUS subheading as described in the Annex, and not by the product descriptions set out in any particular request for exclusion.

Paragraph A, subparagraphs (3)–(4) of the Annex contain conforming amendments to the HTSUS reflecting the modifications made by the Annex. Paragraph B, subparagraphs (1)–(27) of the Annex contain technical corrections to address periodic revisions to the HTSUS subheadings in previously published exclusions.

The U.S. Trade Representative will continue to issue determinations on pending requests on a periodic basis.

Joseph Barloon,

General Counsel, Office of the United States Trade Representative.
