

USDA applicants as a result of your award, the number of approved applicants for USDA programs and services, increased awareness of USDA programs and services, etc.

4. The final Financial Report should consist of a complete SF-425 indicating the total costs of the project. Final Progress and Financial Reports must be submitted to the designated OPPE

official via ezFedGrants within 90 days after the completion of the award period as follows:

Report	Performance period	Due date	Grace period
Form SF-425, Federal Financial Report and Progress Report (<i>Due Quarterly</i>).	1 October thru 31 December	12/31/2020	1/30/2021
	1 January thru 31 March	3/31/2021	4/30/2021
	1 April thru 30 June	6/30/2021	7/30/2021
	1 July thru 30 September	9/30/2021	10/30/2021
Annual (for multi-year project) and Final Progress and Financial Reports	Earlier of December 30, 2021, or 90 days after project completion.		

* Dates subject to change at the discretion of the OPPE.

Signed this 23 day of June 2020.
Jacqueline Davis-Slay,
Deputy Director, Office of Partnerships and Public Engagement.

BILLING CODE 3412-89-P

DEPARTMENT OF COMMERCE

U.S. Census Bureau

Notice of Correction; 2020 Census Post-Enumeration Survey Initial and Final Housing Unit Follow-Up

AGENCY: U.S. Census Bureau, Commerce.

ACTION: Notice; correction; Notice of changes to the 2020 Census Post-Enumeration Survey (PES) Initial Housing Follow-Up (IHUFU) field operation.

SUMMARY: This document constitutes a notice of intent to provide a 30-day comment period on schedule changes, procedures for collecting information changes and estimate of hour of burden changes to the approved information collection for the 2020 Census Post-Enumeration Survey (PES) Initial Housing Follow-Up (IHUFU) field operation. The Department of Commerce, as part of its continuing effort to reduce paperwork and respondent burden, invites the general public and other federal agencies to take this opportunity to comment on proposed and/or continuing information

collections, as required by the Paperwork Reduction Act of 1995. **SUPPLEMENTARY INFORMATION:** The U.S. Census Bureau is issuing this notice to inform the public of changes in schedule, procedures for collecting information, and estimate of hour of burden, associated with the notice for public comment, titled “2020 Census Post-Enumeration Survey Initial and Final Housing Unit Follow-Up,” published in the **Federal Register** on April 17, 2019 (Vol. 84, No. 74, pp. 16000-16002).

The following highlights the proposed revisions and the reasons:

1. The PES IHUFU and IHUFU Quality Control operations will occur July 23, 2020, through September 21, 2020, instead of May 6, 2020, through June 19, 2020, because of COVID-19 restrictions.
2. Procedure changes for collecting information for the PES IHUFU field operation are proposed to minimize personal contact because of COVID-19. Originally, listers were instructed to contact a household member (or a proxy or by observation as a last resort) to complete IHUFU form (D-1303) at each housing unit (HU) selected for follow-up. Now listers are allowed to complete the form by observation first before attempting to interview by telephone or by a personal visit. For addresses that cannot be confirmed by observation, a letter will be sent to the addresses, along with the confidentiality notice, inviting respondents to call the lister to set up a telephone interview. If after five days

the IHUFU case cannot be completed by observation or the respondent has not followed up based on the letter, then a personal visit is required. If the respondent or the lister does not feel comfortable conducting the interview in person at the door, then the lister may ask for the phone number and conduct a telephone interview.

3. The estimated workload is now approximately 253,800 (172,000 original estimate) HUs for PES IHUFU in selected basic collection units (BCUs) in the 50 states and the District of Columbia, and 31,400 (8,000 original estimate) HUs for IHUFU in Puerto Rico. The Census Bureau originally underestimated the workload for 2020 Puerto Rico IHUFU, but the revised numbers reported in this document reflect the correct estimated workload.

From the IHUFU workload, we will select a 15 percent sample of approximately 38,070 (25,800 original estimate) HUs from all BCUs in the 50 states and District of Columbia, and 4,710 (1,200 original estimate) HUs from all BCUs in Puerto Rico for the IHUFU QC operation. To calculate the estimated burden hours, we assumed a theoretical 100 percent response rate and a completion time of five minutes per case. The total estimated respondent burden for the IHUFU operation is approximately 27,333 (17,250) hours. However, since the Collection of Information has changed to primarily observation, the actual total respondent burden is expected to be less.

Operation	Estimated number of respondents	Estimated time per response (in minutes)	Total burden hours
2020 Census Post-Enumeration Survey—Original Estimate			
Initial Housing Unit Follow-Up (stateside)	172,000	5	14,333
Initial Housing Unit Follow-Up (PR)	8,000	5	667
Initial Housing Unit Follow-Up Quality Control (stateside)	25,800	5	2,150
Initial Housing Unit Follow-Up Quality Control (PR)	1,200	5	100

Operation	Estimated number of respondents	Estimated time per response (in minutes)	Total burden hours
Total	207,000 respondents	5	17,250 hours
2020 Census Post-Enumeration Survey—Revised Estimate			
Initial Housing Unit Follow-Up (stateside)	253,800	5	21,150
Initial Housing Unit Follow-Up (PR)	31,400	5	2,617
Initial Housing Unit Follow-up Quality Control (stateside)	38,070	5	3,173
Initial Housing Unit Follow-Up Quality Control (PR)	4,710	5	393
Total	327,980	5	27,333

There are no other proposed changes to the 2020 Census PES IHUFU field operation.

This information collection request may be viewed at www.reginfo.gov. Follow the instructions to view the Department of Commerce collections currently under review by OMB.

Written comments and recommendations for the proposed information collection should be submitted within 30 days of the publication of this notice on the following website: www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting “Currently under 30-day Review—Open for Public Comments” or by using the search function and entering either the title of the collection or the OMB Control Number 0607–1010.

BILLING CODE 3510-07-P

DEPARTMENT OF COMMERCE

Bureau of Economic Analysis

Agency Information Collection Activities; Submission to the Office of Management and Budget (OMB) for Review and Approval; Comment Request; Expenditures Incurred by Recipients of Biomedical Research and Development Awards From the National Institutes of Health (NIH)

The Department of Commerce will submit the following information collection request to the Office of Management and Budget (OMB) for review and clearance in accordance with the Paperwork Reduction Act of 1995, on or after the date of publication of this notice. We invite the general public and other Federal agencies to comment on proposed, and continuing

information collections, which helps us assess the impact of our information collection requirements and minimize the public’s reporting burden. Public comments were previously requested via the **Federal Register** on April 20, 2020 during a 60-day comment period. This notice allows for an additional 30 days for public comments.

Agency: Bureau of Economic Analysis (BEA), Commerce.

Title: Expenditures Incurred by Recipients of Biomedical Research and Development Awards from the National Institutes of Health (NIH).

OMB Control Number: 0608–0069.

Form Number(s): None.

Type of Request: Regular submission, extension of a current information collection.

Number of Respondents: 150.

Average Hours per Response: 16 hours is the average but may vary among respondents because of differences in institution structure, size, and complexity.

Burden Hours: 2,400 hours.

Needs and Uses: The survey obtains the distribution of expenditures incurred by recipients of biomedical research awards from the National Institutes of Health (NIH) and will provide information on how the NIH award amounts are expended across several major categories. This information, along with wage and price data from other published sources, will be used to generate the Biomedical Research and Development Price Index (BRDPI). The Bureau of Economic Analysis (BEA) of the Department of Commerce develops this index for NIH under a reimbursable contract. The BRDPI is an index of prices paid for the labor, supplies, equipment, and other inputs required to perform the biomedical research the NIH supports in its intramural laboratories and through its awards to extramural organizations. The BRDPI is a vital tool for planning the NIH research budget and analyzing future NIH programs. A survey of award

recipients is currently the only means for updating the expenditure category weights that are used to prepare the BRDPI.

A survey questionnaire with a cover letter that includes a brief description of, and rationale for, the survey will be sent to potential respondents by August 2020, 2021, and 2022. A report of the respondent’s expenditures of the NIH award amounts following the proposed format for expenditure categories attached to the survey’s cover letter, will be requested to be returned no later than December 8, which in most years will be approximately 120 days after mailing. Survey respondents will be selected based on award levels, which determine the weight of the respondent in the biomedical research and development price index. BEA proposes to survey 150 organizations that receive NIH biomedical research awards. This will include the top 100 organizations in total awards received; 40 additional organizations that are not primarily in the “Research and Development (R&D) contracts” category; and 10 additional organizations that are primarily in the “R&D contracts” category. Based on awards data for FY 2019 by type of organization, the top 100 organizations received \$20.8 billion in awards (approximately 77 percent of total awards); the remaining awards-receiving organizations received \$6.1 billion.

Affected Public: Universities or other organizations that are NIH award recipients.

Frequency: Annual.

Respondent’s Obligation: Voluntary.

Legal Authority: 45 CFR 75.302, 75.308, 75.361, and 75.364.

This information collection request may be viewed at www.reginfo.gov. Follow the instructions to view the Department of Commerce collections currently under review by OMB.

Written comments and recommendations for the proposed information collection should be submitted within 30 days of the
