

recognition. The submission includes a request for renewal and any additional information the NRTL wishes to submit to demonstrate its continued compliance with the terms of its recognition and 29 CFR 1910.7. If OSHA has not conducted an on-site assessment of the NRTL's headquarters and key sites within the past 18 to 24 months, it will schedule the necessary on-site assessments prior to the expiration date of the NRTL's recognition. Upon review of the submitted material and, as necessary, the successful completion of the on-site assessment, OSHA announces its preliminary decision to grant or deny renewal in the **Federal Register** and solicit comments from the public. OSHA then publishes a final **Federal Register** notice responding to any comments and renewing the NRTL's recognition for a period of five years, or denying the renewal of recognition.

IAPMO initially received OSHA recognition as a NRTL on December 22, 2014, for a five-year period expiring on December 22, 2019. IAPMO submitted a timely request for renewal, dated March 11, 2019 (OSHA-2013-0030-0012), and retains its recognition pending OSHA's final decision in this renewal process. The current address of the IAPMO facility recognized by OSHA and included as part of the renewal request is:

1. IAPMO, 5001 East Philadelphia Street, Ontario, California 91761.

## II. Notice of Preliminary Findings

OSHA is providing notice that IAPMO is applying for renewal of its recognition as a NRTL. This renewal covers IAPMO's existing NRTL scope of recognition. OSHA evaluated IAPMO's application for renewal and preliminarily determined that IAPMO can continue to meet the requirements prescribed by 29 CFR 1910.7 for recognition. Accordingly, OSHA is making a determination that it does not need to conduct an additional on-site review of IAPMO's facility based on its evaluations of IAPMO's application and all other available information. This information includes OSHA's audits of IAPMO's recognized NRTL site during this recognition period, and the satisfactory resolution of non-conformances with the requirements of 29 CFR 1910.7. This preliminary finding does not constitute an interim or temporary approval of the request.

OSHA welcomes public comment as to whether IAPMO meets the requirements of 29 CFR 1910.7 for renewal of their recognition as a NRTL. Comments should consist of pertinent written documents and exhibits. Commenters needing more time to

comment must submit a request in writing, stating the reasons for the request. OSHA must receive the written request for an extension by the due date for comments. OSHA will limit any extension to 30 days unless the requester justifies a longer period. OSHA may deny a request for an extension if it is not adequately justified. To obtain or review copies of the publicly available information in IAPMO's application and other pertinent documents (including exhibits), as well as all submitted comments, contact the Docket Office, Room N-3653, Occupational Safety and Health Administration, U.S. Department of Labor, at the above address; these materials also are available online at <http://www.regulations.gov> under Docket No. OSHA-2013-0030.

OSHA staff will review all comments to the docket submitted in a timely manner and, after addressing the issues raised by these comments, will make a recommendation to the Assistant Secretary on whether to grant IAPMO's application for renewal. The Assistant Secretary will make the final decision on granting the application and, in making this decision, may undertake other proceedings prescribed in appendix A to 29 CFR 1910.7.

OSHA will publish a public notice of this final decision in the **Federal Register**.

## III. Authority and Signature

Loren Sweatt, Principal Deputy Assistant Secretary of Labor for Occupational Safety and Health, U.S. Department of Labor, Washington, DC 20210, authorized the preparation of this notice. **SUPPLEMENTARY INFORMATION:**

**I. Background**

OSHA recognition of a NRTL signifies that the organization meets the requirements in Section 1910.7 of Title 29, Code of Federal Regulations (29 CFR 1910.7). Recognition is an acknowledgment that the organization can perform independent safety testing and certification of the specific products covered within its scope of recognition and is not a delegation or grant of government authority. As a result of recognition, employers may use products properly approved by the NRTL to meet OSHA standards that require testing and certification. OSHA maintains an informational web page for each NRTL that details its scope of recognition available at <http://www.osha.gov/dts/otpca/nrtl/index.html>.

The agency processes applications by a NRTL for renewal of recognition following requirements in Appendix A to 29 CFR 1910.7. OSHA conducts renewals in accordance with the procedures in 29 CFR 1910.7, Appendix A, paragraph II.C. In accordance with these procedures, NRTLs submit a renewal request to OSHA, not less than nine months or no more than one year, before the expiration date of its current recognition. The submission includes a

request for renewal and any additional information the NRTL wishes to submit to demonstrate its continued compliance with the terms of its recognition and 29 CFR 1910.7. If OSHA has not conducted an on-site assessment of the NRTL's headquarters and key sites within the past 18 to 24 months, it will schedule the necessary on-site assessments prior to the expiration date of the NRTL's recognition. Upon review of the submitted material and, as necessary, the successful completion of the on-site assessment, OSHA announces its preliminary decision to grant or deny renewal in the **Federal Register** and solicit comments from the public. OSHA then publishes a final **Federal Register** notice responding to any comments and renewing the NRTL's recognition for a period of five years, or denying the renewal of recognition.

ITSNA initially received OSHA recognition as a NRTL on September 13, 1989 (54 FR 37845). ITSNA's most recent renewal was granted on July 14, 2014, for a five-year period, expiring on July 14, 2019. ITSNA submitted a timely request for renewal, dated September 13, 2018 (OSHA-2007-0039-0032), and retains its recognition pending OSHA's final decision in this renewal process. The current addresses of ITSNA facilities recognized by OSHA and included as part of the renewal request are:

1. ITSNA Cortland, 3933 U.S. Route 11, Cortland, New York 13045;
2. ITSNA Atlanta, 1950 Evergreen Boulevard, Duluth, Georgia 30096;
3. ITSNA Boxborough, 70 Codman Hill Road, Boxborough, Massachusetts 01719;
4. ITSNA San Francisco, 1365 Adams Court, Menlo Park, California 94025;
5. ITSNA Los Angeles, 25791 Commercentre Drive, Lake Forest, California 92630;
6. ITSNA Minneapolis, 7250 Hudson Boulevard, Suite 100, Oakdale, Minnesota 55128;
7. ITSNA Madison, 8431 Murphy Drive, Middleton, Wisconsin 53562;
8. ITSNA SEMKO, Box 1103, S-164 #22, Kista, Stockholm, Sweden;
9. ITSNA Chicago, 545 East Algonquin Road, Suite F, Arlington Heights, Illinois 60005;
10. ITSNA Hong Kong, 2/F., Garment Centre, 576 Castle Peak Road, Kowloon, Hong Kong;
11. ITSNA Vancouver, 1500 Brigantine Drive, Coquitlam, British Columbia, Canada V3K 7C1;
12. ITSNA Fairfield, 41 Plymouth Street, Fairfield, New Jersey 07004; and
13. ITSNA Dallas, 1809 10th Street, Suite 400, Plano, Texas 75074.

**II. Notice of Preliminary Findings**

OSHA is providing notice that ITSNA is applying for renewal of its recognition as a NRTL. This renewal covers ITSNA's existing NRTL scope of recognition. OSHA evaluated ITSNA's application for renewal and preliminarily determined that ITSNA can continue to meet the requirements prescribed by 29 CFR 1910.7 for recognition. Accordingly, OSHA is making a determination that it does not need to conduct an additional on-site review of ITSNA's facilities based on its evaluations of ITSNA's application and all other available information. This information includes OSHA's audits of ITSNA's recognized NRTL sites during this recognition period, and the satisfactory resolution of non-conformances with the requirements of 29 CFR 1910.7. This preliminary finding does not constitute an interim or temporary approval of the request.

OSHA welcomes public comment as to whether ITSNA meets the requirements of 29 CFR 1910.7 for renewal of their recognition as a NRTL. Comments should consist of pertinent written documents and exhibits. Commenters needing more time to comment must submit a request in writing, stating the reasons for the request. OSHA must receive the written request for an extension by the due date for comments. OSHA will limit any extension to 30 days unless the requester justifies a longer period. OSHA may deny a request for an extension if it is not adequately justified. To obtain or review copies of the publicly available information in ITSNA's application and other pertinent documents (including exhibits), as well as all submitted comments, contact the Docket Office, Room N-3653, Occupational Safety and Health Administration, U.S. Department of Labor, at the above address; these materials also are available online at <http://www.regulations.gov> under Docket No. OSHA-2007-0039.

OSHA staff will review all comments to the docket submitted in a timely manner and, after addressing the issues raised by these comments, will make a recommendation to the Assistant Secretary as to whether to grant ITSNA's application for renewal. The Assistant Secretary will make the final decision on granting the application and, in making this decision, may undertake other proceedings prescribed in Appendix A to 29 CFR 1910.7.

OSHA will publish a public notice of this final decision in the **Federal Register**.

**SUPPLEMENTARY INFORMATION:**

### I. Background

OSHA recognition of a NRTL signifies that the organization meets the requirements in § 1910.7 of title 29, Code of Federal Regulations (29 CFR 1910.7). Recognition is an acknowledgment that the organization can perform independent safety testing and certification of the specific products covered within its scope of recognition and is not a delegation or grant of government authority. As a result of recognition, employers may use products properly approved by the NRTL to meet OSHA standards that require testing and certification. OSHA maintains an informational web page for each NRTL that details its scope of recognition available at <http://www.osha.gov/dts/otpca/nrtl/index.html>.

The agency processes applications by a NRTL for renewal of recognition following requirements in appendix A to 29 CFR 1910.7. OSHA conducts renewals in accordance with the procedures in 29 CFR 1910.7, appendix A, paragraph II.C. In accordance with these procedures, NRTLs would submit a renewal request to OSHA, not less than nine months or no more than one year, before the expiration date of its current recognition. A request would include a request for renewal and any additional information the NRTL wishes to submit to demonstrate its continued compliance with the terms of its recognition and 29 CFR 1910.7. If OSHA has not conducted an on-site assessment of the NRTL's headquarters and any key sites within the past 18-24 months, it will schedule the necessary on-site assessments prior to the expiration date of the NRTL's recognition. Upon review of the submitted material and, as necessary, the successful completion of the on-site assessment, OSHA announces its preliminary decision to grant or deny renewal in the **Federal Register** and solicit comments from the public. OSHA then publishes a final **Federal Register** notice responding to any comments and renewing the NRTL's recognition for a period of five years, or denying the renewal of recognition.

Bureau Veritas Consumer Products Services, Inc. (BVCPS) initially received OSHA recognition as a NRTL on May 8, 2000 (65 FR 26637), for a five-year period ending on January 25, 2007. Renewal of this recognition was granted on April 22, 2014, for a five year period ending on April 22, 2019. BVCPS submitted a timely request for renewal, dated May 25, 2018 (OSHA-2009-0026-0082), and retains its recognition pending OSHA's final decision in this renewal process. The current address of
