DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Project No. 12726–002]

Warm Springs Hydro, LLC; Notice of Availability of Environmental Assessment

In accordance with the National Environmental Policy Act of 1969 and the Federal Energy Regulatory Commission’s regulations, 18 CFR part 380 (Order No. 486, 52 FR 47897), the Office of Energy Projects has reviewed the application for license for the Rock Creek Hydroelectric Project (project)

and has prepared an Environmental Assessment (EA). The project is located on Rock Creek near the City of Haines in Baker County, Oregon, and occupies federal lands administered by the Forest Service.

In the EA, Commission staff analyzes the potential environmental effects of the project and concludes that issuing a license for the project, with appropriate environmental measures, would not constitute a major federal action significantly affecting the quality of the human environment.

The Commission provides all interested persons an opportunity to view and/or print the EA via the internet through the Commission's Home Page (<http://www.ferc.gov>) using the "eLibrary" link. Enter the docket number, excluding the last three digits in the docket number field, to access the document.
