[Project No. 3023-014; Project No. 2972-027]

Blackstone Hydro, Inc.; City of Woonsocket, Rhode Island; Notice of Availability of Environmental Assessment

In accordance with the National Environmental Policy Act of 1969 and the Federal Energy Regulatory Commission's (Commission) regulations, 18 CFR part 380, the Office of Energy Projects has reviewed the application for a new license for the Blackstone Hydroelectric Project No. 3023 (Blackstone Project), and the application for a subsequent license for the Woonsocket Falls Hydroelectric Project No. 2972 (Woonsocket Project), and has prepared an Environmental Assessment (EA) for both projects. The Blackstone Project is located on the Blackstone River in Providence County, Rhode Island and Worcester County, Massachusetts. The Woonsocket Project is located on the Blackstone River in the City of Woonsocket, Providence County, Rhode Island.

The EA contains staff's analysis of the potential environmental effects of the projects and concludes that licensing the projects, with appropriate environmental protective measures, would not constitute a major federal action that would significantly affect the quality of the human environment.

The Commission provides all interested persons with an opportunity to view and/or print the EA via the internet through the Commission's Home Page (<http://www.ferc.gov>) using the "eLibrary" link. Enter the docket number, excluding the last three digits in the docket number field, to access the document.
