

\$175 million, resulting in a new MDE value of \$1.1 billion, and additional non-MDE items are valued at \$75 million, resulting in a total program increase of \$250 million. The total program value will increase to \$1.75 billion.

(iv) *Significance*: This proposed sale of defense articles and services supports Romania's ongoing effort to modernize its armed forces and increase the Romanian Armed Forces' capacity to counter threats posed by potential attacks. This will contribute to the Romanian Armed Forces' effort to update their capabilities and enhance interoperability with the United States and other allies.

(v) *Justification*: This proposed sale will support the foreign policy and national security of the United States by helping to improve the security of a NATO ally in developing and maintaining a strong and ready self-defense capability. This proposed sale will enhance U.S. national security objectives in the region.

(vi) *Sensitivity of Technology*: The AN/TPQ-53 Radar is a high-performance Counter Fire Target Acquisition (CTA) radar. Each radar system includes a Kearfott KN-4083 Land/Sea Inertial Navigation System (INS) with Selective Availability Anti-Spoofing Module (SAASM). The AN/TPQ-53 radar features an Active Electronically Scanned Array (AESA) radar and processing system and software that further enhances its ability to detect and classify targets. There is no classified equipment or information to be conveyed with the proposed sale.

(vii) *Date Report Delivered to Congress*: June 3, 2020
