

protective equipment (PPE) materials (covered materials).

Consistent with the Memorandum, the TFR provides that until August 10, 2020, and subject to certain exemptions, no shipments of covered materials may leave the United States without explicit approval by FEMA. The TFR requires U.S. Customs and Border Protection (CBP), in coordination with such other officials as may be appropriate, to notify FEMA of an intended export of covered materials. CBP must temporarily detain any shipment of such covered materials pending the Administrator's determination whether to return for domestic use, issue a rated order for, or allow the export of part or all of the shipment. In making such determination, the Administrator may consult other agencies and will consider the totality of the circumstances, including: (1) The need to ensure that scarce or threatened items are appropriately allocated for domestic use; (2) minimization of disruption to the supply chain, both domestically and abroad; (3) the circumstances surrounding the distribution of the materials and potential hoarding or price-gouging concerns; (4) the quantity and quality of the materials; (5) humanitarian considerations; and (6) international relations and diplomatic considerations.

FEMA requires a letter of attestation regarding the Export of Certain Scarce or Threatened Medical Resources be submitted to FEMA via CPB's document imaging system and placed on file with CBP, certifying to FEMA the purpose of the shipment of covered materials.

This new collection was submitted and approved by OMB until August 10, 2020, under the emergency clearance process. FEMA is seeking public comments on the collection through the normal clearance process in order to extend the collection, if necessary, should the TFR also be extended beyond its current end date of August 10, 2020.

BILLING CODE 9111-19-P

DEPARTMENT OF HOMELAND SECURITY

Office of the Secretary

Determination Pursuant to Section 102 of the Illegal Immigration Reform and Immigrant Responsibility Act of 1996, as Amended

AGENCY: Office of the Secretary, Department of Homeland Security.

ACTION: Notice of determination.

SUMMARY: The Acting Secretary of Homeland Security has determined, pursuant to law, that it is necessary to waive certain laws, regulations, and

other legal requirements in order to ensure the expeditious construction of roads in the vicinity of the international land border in Starr County, Texas.

DATES: This determination takes effect on July 17, 2020.

SUPPLEMENTARY INFORMATION: Important mission requirements of the Department of Homeland Security ("DHS") include border security and the detection and prevention of illegal entry into the United States. Border security is critical to the nation's national security. Recognizing the critical importance of border security, Congress has mandated DHS to achieve and maintain operational control of the international land border. Secure Fence Act of 2006, Public Law 109-367, section 2, 120 Stat. 2638 (Oct. 26, 2006) (8 U.S.C. 1701 note). Congress defined "operational control" as the prevention of all unlawful entries into the United States, including entries by terrorists, other unlawful aliens, instruments of terrorism, narcotics, and other contraband. *Id.* Consistent with that mandate from Congress, the President's Executive Order on Border Security and Immigration Enforcement Improvements directed executive departments and agencies to deploy all lawful means to secure the southern border. Executive Order 13767, section 1. In order to achieve that end, the President directed, among other things, that I take immediate steps to prevent all unlawful entries into the United States, including the immediate construction of physical infrastructure to prevent illegal entry. Executive Order 13767, section 4(a).

Congress has provided to the Secretary of Homeland Security a number of authorities necessary to carry out DHS's border security mission. One of those authorities is found at section 102 of the Illegal Immigration Reform and Immigrant Responsibility Act of 1996, as amended ("IIRIRA"). Public Law 104-208, Div. C, 110 Stat. 3009-546, 3009-554 (Sept. 30, 1996) (8 U.S.C. 1103 note), as amended by the REAL ID Act of 2005, Public Law 109-13, Div. B, 119 Stat. 231, 302, 306 (May 11, 2005) (8 U.S.C. 1103 note), as amended by the Secure Fence Act of 2006, Public Law 109-367, section 3, 120 Stat. 2638 (Oct. 26, 2006) (8 U.S.C. 1103 note), as amended by the Department of Homeland Security Appropriations Act, 2008, Public Law 110-161, Div. E, Title V, section 564, 121 Stat. 2090 (Dec. 26, 2007). In section 102(a) of IIRIRA, Congress provided that the Secretary of Homeland Security shall take such actions as may be necessary to install additional physical barriers and roads (including the removal of obstacles to

detection of illegal entrants) in the vicinity of the United States border to deter illegal crossings in areas of high illegal entry into the United States. In section 102(b) of IIRIRA, Congress mandated the installation of additional fencing, barriers, roads, lighting, cameras, and sensors on the southwest border. Finally, in section 102(c) of IIRIRA, Congress granted to the Secretary of Homeland Security the authority to waive all legal requirements that I, in my sole discretion, determine necessary to ensure the expeditious construction of barriers and roads authorized by section 102 of IIRIRA.

Determination and Waiver

Section 1

The United States Border Patrol's (Border Patrol) Rio Grande Valley Sector is an area of high illegal entry. In fiscal year 2019, the Border Patrol apprehended over 339,000 illegal aliens attempting to enter the United States between border crossings in the Rio Grande Valley Sector. In that same time period, the Border Patrol had over 1,000 drug-related events between border crossings in the Rio Grande Valley Sector, through which it seized over 122,000 pounds of marijuana, over 2,500 pounds of cocaine, over 90 pounds of heroin, over 1,700 pounds of methamphetamine, and over 11 pounds of fentanyl.

Owing to the high levels of illegal entry within the Rio Grande Valley Sector, I must use my authority under section 102 of IIRIRA to install additional roads in the Rio Grande Valley Sector. These roads will assist in deterring illegal crossings by providing the Border Patrol with increased access to areas along and near the Rio Grande River. Therefore, DHS will take immediate action to construct roads. The areas in the vicinity of the border within which such construction will occur are more specifically described in Section 2 below.

Section 2

I determine that the following areas in the vicinity of the United States border, located in the State of Texas within the Border Patrol's Rio Grande Valley Sector, are areas of high illegal entry (the "project areas"):

- Starting at Falcon Dam and generally following the course of the Rio Grande River south and east to the intersection of Swordfish Drive and Chapeno Road;
- Starting at the intersection of Swordfish Drive and Chapeno Road and generally following the course of the Rio Grande River south and east to the intersection of LaVeja Street and Chapeno Road;

- Starting approximately one-tenth (0.1) of a mile southeast of the intersection of Este Road and Border Avenue and extending southwest for approximately three-tenths (0.3) of a mile;

- Starting approximately three-hundredths (.03) of a mile north of the southern terminus of the Los Picos Road and generally following the course of the Rio Grande River south and east for approximately one and six-tenths (1.6) miles; and

- Starting approximately six-tenths (0.6) of a mile northwest of the intersection of Plaza Street and Alamo Road and generally following the course of the Rio Grande River north and west for approximately five and four-tenths (5.4) miles.

There is presently an acute and immediate need to construct roads in the vicinity of the border of the United States in order to prevent unlawful entries into the United States in the project areas pursuant to sections 102(a) and 102(b) of IIRIRA. In order to ensure the expeditious construction of roads in the project areas, I have determined that it is necessary that I exercise the authority that is vested in me by section 102(c) of IIRIRA.

Accordingly, pursuant to section 102(c) of IIRIRA, I hereby waive in their entirety, with respect to the construction of roads (including, but not limited to, accessing the project areas, creating and using staging areas, the conduct of earthwork, excavation, fill, and site preparation, and installation and upkeep of the roads, drainage, erosion controls, and safety features) in the project areas, all of the following statutes, including all federal, state, or other laws, regulations, and legal requirements of, deriving from, or related to the subject of, the following statutes, as amended: The National Environmental Policy Act (Pub. L. 91–190, 83 Stat. 852 (Jan. 1, 1970) (42 U.S.C. 4321 *et seq.*)); the Endangered Species Act (Pub. L. 93–205, 87 Stat. 884 (Dec. 28, 1973) (16 U.S.C. 1531 *et seq.*)); the Federal Water Pollution Control Act (commonly referred to as the Clean Water Act (33 U.S.C. 1251 *et seq.*)); the National Historic Preservation Act (Pub. L. 89–665, 80 Stat. 915 (Oct. 15, 1966), as amended, repealed, or replaced by Pub. L. 113–287, 128 Stat. 3094 (Dec. 19, 2014) (formerly codified at 16 U.S.C. 470 *et seq.*, now codified at 54 U.S.C. 100101 note and 54 U.S.C. 300101 *et seq.*)); the Migratory Bird Treaty Act (16 U.S.C. 703 *et seq.*); the Migratory Bird Conservation Act (16 U.S.C. 715 *et seq.*); the Clean Air Act (42 U.S.C. 7401 *et seq.*); the Archeological Resources Protection Act (Pub. This waiver does not revoke or supersede any other waiver determination made pursuant to section 102(c) of IIRIRA. Such waivers shall remain in full force and effect in accordance with their terms. I reserve the authority to execute further waivers from time to time as I may determine to be necessary under section 102 of IIRIRA.

SUPPLEMENTARY INFORMATION: This notice informs the public that HUD is seeking approval from OMB for the information collection described in Section A.

The **Federal Register** notice that solicited public comment on the information collection for a period of 60 days was published on March 24, 2020.

A. Overview of Information Collection

Title of Information Collection: HOME Investment Partnerships Program.

OMB Approval Number: 2506-0171.

Type of Request: Extension of approved collection.

Form Number: HUD 40093, SF 1199A, HUD 20755, HUD 40107, HUD 40107A.

Description of the need for the information and proposed use: The information collected through HUD's Integrated Disbursement and Information System (IDIS) (24 CFR 92.502) is used by HUD Field Offices, HUD Headquarters, and HOME Program Participating Jurisdictions (PJs). The information on program funds committed and disbursed is used by HUD to track PJ performance and to determine compliance with the statutory 24-month commitment deadline and the regulatory 5-year expenditure deadline (§ 92.500(d)). The project-specific property, tenant, owner, and financial data is used to compile annual reports to Congress required at Section 284(b) of the HOME Investment Partnerships Act, as well as to make program management decisions about how well program participants are achieving the statutory objectives of the HOME Program. Program management reports are generated by IDIS to provide data on the status of program participants' commitment and disbursement of HOME funds. These reports are provided to HUD staff as well as to HOME PJs.

Management reports required in conjunction with the Annual Performance Report (§ 92.509) are used by HUD Field Offices to assess the effectiveness of locally designed programs in meeting specific statutory requirements and by Headquarters in preparing the Annual Report to Congress. Specifically, these reports permit HUD to determine compliance with the requirement that PJs provide a 25 percent match for HOME funds expended during the Federal fiscal year (Section 220 of the Act) and that program income be used for HOME eligible activities (Section 219 of the Act), as well as the Women and Minority Business Enterprise requirements (§ 92.351(b)).

Financial, project, tenant and owner documentation is used to determine compliance with HOME Program cost limits (Section 212(e) of the Act), eligible activities (§ 92.205), and eligible costs (§ 92.206), as well as to determine whether program participants are achieving the income targeting and affordability requirements of the Act (Sections 214 and 215). Other information collected under subpart H (Other Federal Requirements) is primarily intended for local program management and is only viewed by HUD during routine monitoring visits. The written agreement with the owner for long-term obligation (§ 92.504) and tenant protections (§ 92.253) are required to ensure that the property owner complies with these important elements of the HOME Program and are also reviewed by HUD during monitoring visits. HUD reviews all other data collection requirements during monitoring to assure compliance with the requirements of the Act and other related laws and authorities.

HUD tracks PJ performance and compliance with the requirements of 24 CFR parts 91 and 92. PJs use the required information in the execution of their program, and to gauge their own performance in relation to stated goals.
