

serve on a panel or make a presentation, and if so, submit to the email provided an abstract of your topic of less than one page. Staff will select panelists and individuals to make presentations at the Forum based on considerations such as: The submitted abstract information, the individual's demonstrated familiarity or expertise with the topic to be discussed, the practical utility of the information to be presented, and the individual's viewpoint or ability to represent certain interests (such as large manufacturers, small manufacturers, consumer advocates, and consumers). Staff would like the presentations to represent and address a wide variety of stakeholders and interests.

Although staff will make an effort to accommodate all persons who wish to make a presentation, the time allotted for presentations will depend on the agenda and the number of persons who wish to speak on a given topic. Staff recommends that individuals and organizations with common interests consolidate or coordinate their presentations and request time for a joint presentation. If you have any questions regarding participating in the Forum, or if you wish to make a presentation, you should email an electronic version of the presentation abstract to Lawrence Mella, LMella@cpsc.gov, 301-987-2537 by August 3, 2020. Staff will notify those who are selected to make a presentation or participate in a panel at least 2 weeks before the Forum.

Alberta E. Mills,

Secretary, U.S. Consumer Product Safety Commission.

DEPARTMENT OF EDUCATION

[Docket No.: ED-2020-SCC-0062]

Agency Information Collection Activities; Submission to the Office of Management and Budget for Review and Approval; Comment Request; Impact Evaluation of Training in Multi-Tiered Systems of Support for Reading in Early Elementary School

AGENCY: Institute for Education Sciences, Department of Education (ED).

ACTION: Notice.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, ED is proposing a new information collection.

DATES: Interested persons are invited to submit comments on or before August 19, 2020.

ADDRESSES: Written comments and recommendations for proposed information collection requests should be sent within 30 days of publication of this notice to www.reginfo.gov/public/do/PRAMain. Find this particular information collection request by selecting "Department of Education" under "Currently Under Review," then check "Only Show ICR for Public Comment" checkbox.

FOR FURTHER INFORMATION CONTACT: For specific questions related to collection activities, please contact Lauren Angelo, 202-245-7474.

SUPPLEMENTARY INFORMATION: The Department of Education (ED), in accordance with the Paperwork Reduction Act of 1995 (PRA) (44 U.S.C. 3506(c)(2)(A)), provides the general public and Federal agencies with an opportunity to comment on proposed, revised, and continuing collections of information. This helps the Department assess the impact of its information collection requirements and minimize the public's reporting burden. It also helps the public understand the Department's information collection requirements and provide the requested data in the desired format. ED is soliciting comments on the proposed information collection request (ICR) that is described below. The Department of Education is especially interested in public comment addressing the following issues: (1) Is this collection necessary to the proper functions of the Department; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might the Department enhance the quality, utility, and clarity of the information to be collected; and (5) how might the Department minimize the burden of this collection on the respondents, including through the use of information technology. Please note that written comments received in response to this notice will be considered public records.

Title of Collection: Impact Evaluation of Training in Multi-Tiered Systems of Support for Reading in Early Elementary School.

OMB Control Number: 1850-NEW.

Type of Review: A new information collection.

Respondents/Affected Public: Individuals or households.

Total Estimated Number of Annual Responses: 22,560.

Total Estimated Number of Annual Burden Hours: 4,660.

Abstract: This study will provide much needed evidence on strategies to support U.S. students' development of foundational reading skills, essential to later learning.

A third of U.S. students fail to develop foundational reading skills by 4th grade that are necessary to succeed academically. In addition, the achievement gap is growing as demonstrated by The Nation's Report Card. To address, the Every Student Succeeds Act (ESSA) promotes the use of evidence-based literacy interventions. And, the Department of Education (ED) has made supporting educators with the knowledge, skills, professional development, or materials necessary to improve reading instruction a key priority. The Individuals with Disabilities Education Act (IDEA) similarly encourages high quality instruction along with better identification of students needing extra support to prevent or mitigate student reading issues.

This study will provide much needed evidence by evaluating two professional development strategies for bolstering core reading instruction and supplemental supports, guided by data, within a MTSS-R framework. MTSS-R is a widely used framework for providing high-quality reading instruction for all students, identifying students needing supplemental or more intensive supports, and providing these additional supports for those who need it.

DEPARTMENT OF ENERGY

Update on Reimbursement for Costs of Remedial Action at Uranium and Thorium Processing Sites

AGENCY: Office of Environmental Management, Department of Energy.

ACTION: Notice of the Title X claims during fiscal year (FY) 2020.

SUMMARY: This Notice announces the Department of Energy's (DOE) acceptance of claims in FY 2021 from eligible uranium and thorium processing site licensees for reimbursement under Title X of the Energy Policy Act of 1992. The FY 2021 DOE Office of Environmental Management's Congressional Budget Request included \$21.284 million for the Title X Uranium and Thorium Reimbursement Program.

DATES: The closing date for the submission of FY 2020 Title X claims is September 12, 2020. The claims will be processed for payment together with any eligible unpaid approved claim balances from prior years, based on the availability of funds from congressional appropriations. If the total approved claim amounts exceed the available funding, the approved claim amounts will be reimbursed on a prorated basis. All reimbursements are subject to the availability of funds from congressional appropriations.

ADDRESSES: Claims should be forwarded by certified or registered mail, return receipt requested, to Jalena Dayvault, U.S. DOE Department of Energy, Office of Legacy Management, 2597 Legacy Way, Grand Junction, Colorado 81503. Two copies of the claim should be included with each submission.

FOR FURTHER INFORMATION CONTACT: Julia Donkin, Title X Program Lead at (202) 586-5000 or email: Julia.Donkin@em.doe.gov.

SUPPLEMENTARY INFORMATION: DOE published a final rule under 10 CFR part 765 in the **Federal Register** on May 23, 1994, (59 FR 26714) to carry out the requirements of Title X of the Energy Policy Act of 1992 (sections 1001-1004 of Pub. L. 102-486, 42 U.S.C. 2296a *et seq.*) and to establish the procedures for eligible licensees to submit claims for reimbursement. DOE amended the final rule on June 3, 2003, (68 FR 32955) to adopt several technical and administrative amendments (*e.g.*, statutory increases in the reimbursement ceilings). Title X requires DOE to reimburse eligible uranium and thorium licensees for certain costs of decontamination, decommissioning, reclamation, and other remedial action incurred by licensees at active uranium and thorium processing sites. The eligible licensees incurred these costs to remediate byproduct material, generated as an incident of sales to the United States Government of uranium or thorium that was extracted or concentrated from ores processed primarily for their source material contents. To be reimbursable, costs of remedial action must be for work that is necessary to comply with applicable requirements of the Uranium Mill Tailings Radiation Control Act of 1978 (42 U.S.C. 7901 *et seq.*) or, where appropriate, with requirements established by a State pursuant to a discontinuance agreement under section 274 of the Atomic Energy Act of 1954 (42 U.S.C. 2021). Claims for reimbursement must be supported by reasonable documentation as determined by DOE in accordance with

10 CFR part 765. Funds for reimbursement will be provided from the Uranium Enrichment Decontamination and Decommissioning Fund established at the Department of Treasury pursuant to section 1801 of the Atomic Energy Act of 1954 (42 U.S.C. 2297g). Payment or obligation of funds shall be subject to the requirements of the Anti-Deficiency Act (31 U.S.C. 1341).

Authority: Section 1001-1004 of Public Law 102-486, 106 Stat. 2776 (42 U.S.C. 2296a *et seq.*).

Signing Authority

This document of the Department of Energy was signed on July 15, 2020, by Julia Donkin, Office of Waste Disposal, Office of Environmental Management, pursuant to delegated authority from the Secretary of Energy. That document with the original signature and date is maintained by DOE. For administrative purposes only, and in compliance with requirements of the Office of the Federal Register, the undersigned DOE Federal Register Liaison Officer has been authorized to sign and submit the document in electronic format for publication, as an official document of the Department of Energy. This administrative process in no way alters the legal effect of this document upon publication in the **Federal Register**.

Signed in Washington, DC, on July 15, 2020.

Treena V. Garrett,

Federal Register Liaison Officer, U.S. Department of Energy.
