Emergency Clearance: Public Information Collection Requirements Submitted to the Office of Management and Budget (OMB)

AGENCY: Centers for Medicare & Medicaid Services, HHS.

ACTION: Notice.

SUMMARY: The Centers for Medicare and Medicaid Services (CMS) is requesting that a new information collection request (ICR) related to the Medicare Current Beneficiary Survey (MCBS) (OMB clearance 0938–0568) be processed under the emergency clearance process. Due to CMS' determination that this collection of information is needed prior to the expiration of time periods established under its regulations, an emergency clearance is requested. Once the emergency information collection request is approved, CMS plans to seek public comments during the required 60-day and 30-day notice and comment periods associated with obtaining a standard (non-emergency) OMB approval for extending the information collection request as part of the MCBS (collected under 0938–0568). The approval of this information collection package is necessary because of the urgent need to obtain timely data to assess the impact of the coronavirus pandemic on the Medicare population. Adding a COVID–19 Supplement to the MCBS data collection in October 2020

will provide critical information to CMS and the public.

DATES: Comments must be received by July 27, 2020.
