Addition of Certain Entities to the Entity List; Revision of Existing Entries on the Entity List**AGENCY:** Bureau of Industry and Security, Commerce.**ACTION:** Final rule.

SUMMARY: This final rule amends the Export Administration Regulations (EAR) by adding eleven entities to the Entity List. This rule also modifies or revises thirty-seven existing entries on the Entity List under the destination of China.

DATES: This rule is effective July 22, 2020.

SUPPLEMENTARY INFORMATION:**Background**

The Entity List (15 CFR, subchapter C, part 744, Supplement No. 4) identifies entities reasonably believed to be involved in, or to pose a significant risk of being or becoming involved in, activities contrary to the national security or foreign policy interests of the United States. The Export Administration Regulations (EAR) (15 CFR parts 730-774) impose additional license requirements on, and limit the availability of most license exceptions for, exports, reexports, and transfers (in country) to listed entities. The license review policy for each listed entity is identified in the “License review policy” column on the Entity List, and the impact on the availability of license exceptions is described in the relevant **Federal Register** document adding entities to the Entity List. BIS places entities on the Entity List pursuant to part 744 (Control Policy: End-User and End-Use Based) and part 746 (Embargoes and Other Special Controls) of the EAR.

The End-User Review Committee (ERC), composed of representatives of the Departments of Commerce (Chair), State, Defense, Energy and, where appropriate, the Treasury, makes all decisions regarding additions to, removals from, or other modifications to the Entity List. The ERC makes all decisions to add an entry to the Entity List by majority vote and makes all decisions to remove or modify an entry by unanimous vote.

ERC Entity List Decisions*Additions to the Entity List*

This rule implements the decision of the ERC to add eleven entities to the Entity List. The eleven entities are being added based on § 744.11 (License requirements that apply to entities acting contrary to the national security or foreign policy interests of the United States) of the EAR. The eleven entities are located in China.

The ERC reviewed and applied § 744.11(b) (Criteria for revising the Entity List) in making the determination to add these eleven entities to the Entity List. Under that paragraph, persons for whom there is reasonable cause to believe, based on specific and articulable facts, that they have been involved, are involved, or pose a significant risk of being or becoming involved in, activities that are contrary to the national security or foreign policy interests of the United States, along with those acting on behalf of such persons, may be added to the Entity List. Paragraphs (b)(1) through (5) of § 744.11 provide an illustrative list of activities that could be contrary to the national security or foreign policy interests of the United States.

For each of the eleven entities described below, the ERC made the requisite determination under the standard set forth in § 744.11(b). Specifically, the ERC determined that the entities are engaging in or enabling activities contrary to the foreign policy interests of the United States. All eleven entities have been implicated in human rights violations and abuses in the implementation of China's campaign of repression, mass arbitrary detention, forced labor and high-technology surveillance against Uyghurs, Kazakhs, and other members of Muslim minority groups in the Xinjiang Uyghur Autonomous Region (XUAR). Specifically, the ERC determined that Changji Esquel Textile Co. Ltd.; Hefei Bitland Information Technology Co. Ltd.; Hefei Meiling Co. Ltd.; Hetian Haolin Hair Accessories Co. Ltd.; Hetian Taida Apparel Co., Ltd.; KTK Group; Nanjing Synergy Textiles Co. Ltd.; Nanchang O-Film Tech; and Tanyuan Technology Co. Ltd. are engaging in activities contrary to the foreign policy interests of the United States through the practice of forced labor involving members of Muslim minority groups in the XUAR. The ERC also determined that Xinjiang Silk Road BGI and Beijing Liuhe BGI are enabling activities contrary to the foreign policy interests of the United States through conducting genetic analyses used to further the
