

(or under a subcontract between the prime contractor of the department, agency, or instrumentality and the person described in paragraph (a) of this section), with the approval of the FAA, or under an exemption issued by the FAA. The FAA will consider requests for approval or exemption in a timely manner, with the order of preference being: First, for those operations in support of U.S. Government-sponsored activities; second, for those operations in support of government-sponsored activities of a foreign country with the support of a U.S. Government department, agency, or instrumentality; and third, for all other operations.

(d) *Emergency situations.* In an emergency that requires immediate decision and action for the safety of the flight, the pilot in command of an aircraft may deviate from this section to the extent required by that emergency. Except for U.S. air carriers and commercial operators that are subject to the requirements of 14 CFR part 119, 121, 125, or 135, each person who deviates from this section must, within 10 days of the deviation, excluding Saturdays, Sundays, and Federal holidays, submit to the responsible Flight Standards Office a complete report of the operations of the aircraft involved in the deviation, including a description of the deviation and the reasons for it.

(e) *Expiration.* This Special Federal Aviation Regulation (SFAR) will remain in effect until March 20, 2023. The FAA may amend, rescind, or extend this SFAR, as necessary.

Issued in Washington, DC, under the authority of 49 U.S.C. 106(f) and (g), 40101(d)(1), 40105(b)(1)(A), and 44701(a)(5), on July 1, 2020.

[Docket No. USCG-2018-0953]

RIN 1625-AA09

Drawbridge Operation Regulation; Lacombe Bayou, LA

AGENCY: Coast Guard, DHS.

ACTION: Final rule.

SUMMARY: The Coast Guard is changing the operating schedule that governs the Tammany Trace swing bridge across Lacombe Bayou, mile 5.2, at Lacombe, St. Tammany Parish, Louisiana. This bridge will open on signal if at least two hours notice is given. This rule is being changed because there are infrequent requests to open the bridge. This change allows St. Tammany Parish to open the bridge when needed by Tammany Trace park officials.

DATES: This rule is effective August 26, 2020.

II. Background Information and Regulatory History

On November 6, 2019 the Coast Guard published a notice of proposed rulemaking entitled Drawbridge Operation Regulations; Lacombe Bayou, LA in the **Federal Register** (84 FR 59741), to seek public comments on whether the Coast Guard should consider modifying the current operating schedule to the Tammany Trace drawbridge. We received 0 comments.

III. Legal Authority and Need for Rule

The Coast Guard is issuing this rule under authority 33 U.S.C. 499.

St. Tammany Parish (STP) requested to change the operating requirements for the Tammany Trace swing bridge across Lacombe Bayou, mile 5.2, at Lacombe, St. Tammany Parish, Louisiana. This bridge currently opens on signal according to 33 CFR part 117.5. STP requested to open the bridge if vessels provide 2 hours advance notification.

This bridge spans the Tammany Trace which is a park area that is used by pedestrians and bicyclists. The park is open from 7 a.m. to 7:30 p.m. daily. The bridge operates during park hours and is secured in the open to navigation position when the park is closed. This bridge has a vertical clearance of 9.7 feet above mean high water in the closed to vessel position and unlimited vertical clearance in the open to vessel traffic position. This waterway is primarily used by recreational boaters in the Lacombe area and does not support commercial activity. The STP bridge operators also perform park official activities including bike, pedestrian and

equestrian operations and maintenance. There are few vessel movements through this bridge. From 2015 through 2017 the bridge opened 197 times for vessel passage. This equates to less than 3 bridge openings per month.

This change allows the parish to coordinate and schedule Tammany Trace requirements and provide for the reasonable needs of navigation.

IV. Discussion of Comments, Changes and the Final Rule

There were no comments on this rule change. The Coast Guard provided a comment period of 30 days. Based on the infrequent number of times that this bridge has opened for vessel traffic over 3 years this rule provides vessels with a reasonable ability to use the waterway. We identified no impacts on marine navigation with this proposed rule.

V. Regulatory Analyses

The Coast Guard has developed this rule after considering numerous statutes and Executive Orders related to rulemaking. Below we summarize our analyses based on a number of these statutes and Executive Orders, and we discuss First Amendment rights of protesters.

A. Regulatory Planning and Review

Executive Orders 12866 and 13563 direct agencies to assess the costs and benefits of available regulatory alternatives and, if regulation is necessary, to select regulatory approaches that maximize net benefits. Executive Order 13771 directs agencies to control regulatory costs through a budgeting process. This rule has not been designated a “significant regulatory action,” under Executive Order 12866. Accordingly, it has not been reviewed by the Office of Management and Budget (OMB) and pursuant to OMB guidance it is exempt from the requirements of Executive Order 13771.

This regulatory action determination is based on the lack of commercial vessel traffic on this waterway, and the recreational boats that routinely transit the bridge under the proposed schedule. Those vessels with a vertical clearance requirement of less than 9.7 feet above mean high water may transit the bridge at any time, and the bridge will open in case of emergency at any time. This regulatory action takes into account the reasonable needs of vessel and vehicular traffic.

B. Impact on Small Entities

The Regulatory Flexibility Act of 1980 (RFA), 5 U.S.C. 601–612, as amended, requires federal agencies to consider the

potential impact of regulations on small entities during rulemaking. The term “small entities” comprises small businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000. The Coast Guard received 0 comments from the Small Business Administration on this rule. The Coast Guard certifies under 5 U.S.C. 605(b) that this rule will not have a significant economic impact on a substantial number of small entities.

While some owners or operators of vessels intending to transit the bridge may be small entities, for the reasons stated in section V.A above, this rule will not have a significant economic impact on any vessel owner or operator.

Under section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Pub. L. 104–121), we want to assist small entities in understanding this rule. If the rule would affect your small business, organization, or governmental jurisdiction and you have questions concerning its provisions or options for compliance, please contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section.

Small businesses may send comments on the actions of Federal employees who enforce, or otherwise determine compliance with, Federal regulations to the Small Business and Agriculture Regulatory Enforcement Ombudsman and the Regional Small Business Regulatory Fairness Boards. The Ombudsman evaluates these actions annually and rates each agency’s responsiveness to small business. If you wish to comment on actions by employees of the Coast Guard, call 1–888–REG–FAIR (1–888–734–3247). The Coast Guard will not retaliate against small entities that question or complain about this rule or any policy or action of the Coast Guard.

C. Collection of Information

This rule calls for no new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3520).

D. Federalism and Indian Tribal Government

A rule has implications for federalism under Executive Order 13132, Federalism, if it has a substantial direct effect on the States, on the relationship between the National Government and the States, or on the distribution of power and responsibilities among the various levels of government. We have analyzed this rule under that Order and

have determined that it is consistent with the fundamental federalism principles and preemption requirements described in Executive Order 13132.

Also, this rule does not have tribal implications under Executive Order 13175, Consultation and Coordination with Indian Tribal Governments, because it does not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes.

E. Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531–1538) requires Federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a State, local, or tribal government, in the aggregate, or by the private sector of \$100,000,000 (adjusted for inflation) or more in any one year. Though this rule will not result in such an expenditure, we do discuss the effects of this rule elsewhere in this preamble.

F. Environment

We have analyzed this rule under Department of Homeland Security Management Directive 023–01, Rev.1, associated implementing instructions, and Environmental Planning Policy COMDTINST 5090.1 (series) which guide the Coast Guard in complying with the National Environmental Policy Act of 1969 (NEPA)(42 U.S.C. 4321–4370f). The Coast Guard has determined that this action is one of a category of actions that do not individually or cumulatively have a significant effect on the human environment. This rule promulgates the operating regulations or procedures for drawbridges and s categorically excluded from further review, under paragraph L49, of Chapter 3, Table 3–1 of the U.S. Coast Guard Environmental Planning Implementation Procedures.

Neither a Record of Environmental Consideration nor a Memorandum for the Record are required for this rule.

G. Protest Activities

The Coast Guard respects the First Amendment rights of protesters. Protesters are asked to contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section to coordinate protest activities so that your message can be received without jeopardizing the safety or security of people, places or vessels.

List of Subjects in 33 CFR Part 117

Bridges.

For the reasons discussed in the preamble, the Coast Guard amends 33 CFR part 117 as follows:

PART 117—DRAWBRIDGE OPERATION REGULATIONS

■ 1. The authority citation for part 117 continues to read as follows:

Authority: 33 U.S.C. 499; 33 CFR 1.05–1; and Department of Homeland Security Delegation No. 0170.1.

■ 2. Revise § 117.463 to read as follows

§ 117.463 Lacombe Bayou

(a) The draw of the US190 bridge, mile 6.8 at Lacombe, shall open on signal if at least 48 hours notice is given.

(b) The draw of the Tammany Trace bridge, mile 5.2 at Lacombe, shall open on signal if at least 2 hours notice is given.

Dated: July 16, 2020.

Air Plan Approval; Minnesota; Revision to the Minnesota State Implementation Plan

AGENCY: Environmental Protection Agency (EPA).

ACTION: Final rule.

SUMMARY: The Environmental Protection Agency (EPA) is approving a revision to the Minnesota State Implementation Plan (SIP) which updates Minnesota’s air program rules. The Minnesota Pollution Control Agency (MPCA) submitted the request to EPA on November 14, 2018. The revision to Minnesota’s air quality rules reflects changes that have been made to the State’s air program rules since August 10, 2011, and updates on actions deferred from previous SIP submittals. EPA is approving the majority of MPCA’s submittal, which will result in consistent requirements of rules at both the State and Federal level. EPA proposed to approve this action on February 5, 2020 and received no adverse comments.

DATES: This final rule is effective on August 26, 2020.

ADDRESSES: EPA has established a docket for this action under Docket ID No. EPA–R05–OAR–2018–0839. All documents in the docket are listed on the www.regulations.gov website. Although listed in the index, some information is not publicly available, *i.e.*, Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. Certain other material, such as copyrighted material, is not placed on the internet and will be publicly available only in hard copy form. Publicly available docket materials are available either through www.regulations.gov or at the Environmental Protection Agency, Region 5, Air and Radiation Division, 77 West Jackson Boulevard, Chicago, Illinois 60604. This facility is open from 8:30 a.m. to 4:30 p.m., Monday through Friday, excluding Federal holidays and facility closures due to COVID 19. We recommend that you telephone Emily Crispell, Environmental Scientist, at (312) 353–8512 before visiting the Region 5 office.

SUPPLEMENTARY INFORMATION:

Throughout this document whenever “we,” “us,” or “our” is used, we mean EPA.

I. Background Information

On February 5, 2020, EPA proposed to approve a revision to the Minnesota SIP, which included amendments to rules governing air emission permits, the removal of regulations unnecessary for Minnesota to attain and maintain the National Ambient Air Quality Standards, and the addition of new and previously deferred air program rules. 85 FR 6482. The notice of proposed rulemaking provided an explanation of the Clean Air Act (CAA) requirements, a detailed analysis of the revisions, and EPA’s reasons for proposing approval. This action will not restate that information. The public comment period for this proposed rule ended on March 6, 2020.

During the comment period, EPA received only one comment. This comment, sent from an anonymous commenter, consists solely of quotes from the 2007 animated film *Bee Movie*. The comment is included in the docket for this action.
