

POLICIES AND PRACTICES FOR STORAGE OF RECORDS:

DHS stores records in this system electronically or on paper in secure facilities in a locked drawer behind a locked door. The records may be stored on magnetic disc, tape, and digital media. Medical information collected is maintained on separate forms and in separate medical files and are treated as a confidential medical record.

POLICIES AND PRACTICES FOR RETRIEVAL OF RECORDS:

DHS may retrieve records by any of the categories of records, including name, location, date of exposure, or work status.

POLICIES AND PRACTICES FOR RETENTION AND DISPOSAL OF RECORDS:

DHS is in the process of developing a records schedule for declared public health emergency records. However, to the extent applicable, to ensure compliance with Americans with Disabilities Act (ADA) and the Rehabilitation Act, medical information must be “maintained on separate forms and in separate medical files and be treated as a confidential medical record.” 42 U.S.C. 12112(d)(3)(B); 29 CFR 1630.14(b)(1), (c)(1), (d)(4)(i). This means that medical information and documents must be stored separately from other personnel records. As such, the Department must keep medical records for at least one year from creation date. 29 CFR 1602.14. Further, any records compiled under this SORN and incorporated into an occupational individual medical case record pursuant to the OSH Act must be maintained in accordance with 5 CFR part 293.511(b) and 29 CFR 1910.1020(d), and must be destroyed 30 years after employee separation or when the Official Personnel Folder (OPF) is destroyed, whichever is longer, in accordance with NARA General Records Schedule (GRS) 2.7, Item 60, and NARA records retention schedule DAA-GRS-2017-0010-0009, to the extent applicable. Visitor processing records are covered by GRS 5.6, Items 110 and 111, and must be destroyed when either two or five years old, depending on security level, but may be retained longer if required for business use, pursuant to DAA-GRS-2017-0006-0014 and -0015.

ADMINISTRATIVE, TECHNICAL, AND PHYSICAL SAFEGUARDS:

DHS safeguards records in this system according to applicable rules and policies, including all applicable DHS automated systems security and access policies. DHS has imposed strict controls to minimize the risk of compromising the information that is

being stored. Access to the computer system containing the records in this system is limited to those individuals who have a need to know the information for the performance of their official duties and who have appropriate clearances or permissions.

RECORD ACCESS PROCEDURES:

Individuals seeking access to and notification of any record contained in this system of records, or seeking to contest its content, may submit a request in writing to the Chief Privacy Officer or the appropriate Headquarters or component’s FOIA Officer whose contact information can be found at <http://www.dhs.gov/foia> under “Contact Information.” If an individual believes more than one component maintains Privacy Act records concerning him or her, the individual may submit the request to the Chief Privacy Officer and Chief Freedom of Information Act Officer, Department of Homeland Security, Washington, DC 20528-0655. Even if neither the Privacy Act nor the Judicial Redress Act provide a right of access, certain records about you may be available under the Freedom of Information Act.

When an individual is seeking records about himself or herself from this system of records or any other Departmental system of records, the individual’s request must conform with the Privacy Act regulations set forth in 6 CFR part 5. The individual must first verify his/her identity, meaning that the individual must provide his/her full name, current address, and date and place of birth. The individual must sign the request, and the individual’s signature must either be notarized or submitted under 28 U.S.C. 1746, a law that permits statements to be made under penalty of perjury as a substitute for notarization. While no specific form is required, an individual may obtain forms for this purpose from the Chief Privacy Officer and Chief Freedom of Information Act Officer, <http://www.dhs.gov/foia> or 1-866-431-0486. In addition, the individual should:

- Explain why he or she believes the Department would have information being requested;
 - Identify which component(s) of the Department he or she believes may have the information;
 - Specify when the individual believes the records would have been created; and
 - Provide any other information that will help the FOIA staff determine which DHS component agency may have responsive records;
- If the request is seeking records pertaining to another living individual,

the request must include an authorization from the individual whose record is being requested, authorizing the release to the requester.

Without the above information, the component(s) may not be able to conduct an effective search, and the individual’s request may be denied due to lack of specificity or lack of compliance with applicable regulations.

CONTESTING RECORD PROCEDURES:

For records covered by the Privacy Act individuals may make a request for amendment or correction of a record of the Department about the individual by writing directly to the Department component that maintains the record, unless the record is not subject to amendment or correction. The request should identify each particular record in question, state the amendment or correction desired, and state why the individual believes that the record is not accurate, relevant, timely, or complete. The individual may submit any documentation that would be helpful. If the individual believes that the same record is in more than one system of records, the request should state that and be addressed to each component that maintains a system of records containing the record.

Lineal descendants or representatives of any Indian Tribe or Native Hawaiian organization not identified in this notice that wish to request transfer of control of these human remains and associated funerary objects should submit a written request to the San Diego Museum of Man. If no additional requestors come forward, transfer of control of the human remains and associated funerary objects to the lineal descendants, Indian Tribes, or Native Hawaiian organizations stated in this notice may proceed.

DATES: Lineal descendants or representatives of any Indian Tribe or Native Hawaiian organization not identified in this notice that wish to request transfer of control of these human remains and associated funerary objects should submit a written request with information in support of the request to the San Diego Museum of Man at the address in this notice by August 31, 2020.

ADDRESSES: Kara Vetter, Director of Cultural Resources of the San Diego Museum of Man, 1350 El Prado, Balboa Park, San Diego, CA 92101, telephone

(619) 239–2001 Ext. 44, email kvetter@museumofman.org.

SUPPLEMENTARY INFORMATION: Notice is here given in accordance with the Native American Graves Protection and Repatriation Act (NAGPRA), 25 U.S.C. 3003, of the completion of an inventory of human remains and associated funerary objects under the control of the San Diego Museum of Man, San Diego, CA. The human remains and associated funerary objects were removed from Pala Reservation, Pala, CA.

This notice is published as part of the National Park Service's administrative responsibilities under NAGPRA, 25 U.S.C. 3003(d)(3). The determinations in this notice are the sole responsibility of the museum, institution, or Federal agency that has control of the Native American human remains and associated funerary objects. The National Park Service is not responsible for the determinations in this notice.

Consultation

A detailed assessment of the human remains was made by the San Diego Museum of Man professional staff in consultation with representatives of the Pala Band of Mission Indians (previously listed as the Pala Band of Luiseño Mission Indians of the Pala Reservation, California); Pauma Band of Luiseño Mission Indians of the Pauma & Yuima Reservation, California; Pechanga Band of Luiseño Mission Indians of the Pechanga Reservation, California; Rincon Band of Luiseño Mission Indians of the Rincon Reservation, California; and the Soboba Band of Luiseño Indians, California (hereafter referred to as “The Tribes”).

History and Description of the Remains

On October 26, 1976, human remains representing, at a minimum, one individual were removed from W–1174, a site on Pala Reservation in Pala, CA by Peter Lipsio. Work men reported a burial while excavating a septic tank and contacted the San Diego Museum of Man to come and collect the individual. No known individuals were identified. The 24 associated funerary objects are one metate fragment, one utilized flake, four ceramic sherds, 10 pieces of charcoal, and eight soil samples.

Due to limited archival and site information, little is known regarding age and dating of this archeological site. The site W–1174 is geographically located within the Pala Band of Mission Indians Reservation established in 1875 and is within the traditional ancestral territory of the Luiseño. Based upon oral history, geographic, and historical evidence this individual has been culturally affiliated with the Luiseño,

specific to the Pala Band of Mission Indians (previously listed as the Pala Band of Luiseño Mission Indians of the Pala Reservation, California).

Determinations Made by the San Diego Museum of Man

Officials of the San Diego Museum of Man have determined that:

- Pursuant to 25 U.S.C. 3001(9), the human remains described in this notice represent the physical remains of one individual of Native American ancestry.
- Pursuant to 25 U.S.C. 3001(3)(A), the 24 objects described in this notice are reasonably believed to have been placed with or near individual human remains at the time of death or later as part of the death rite or ceremony.
- Pursuant to 25 U.S.C. 3001(2), there is a relationship of shared group identity that can be reasonably traced between the Native American human remains and associated funerary objects and The Tribes.

Additional Requestors and Disposition

Lineal descendants or representatives of any Indian Tribe or Native Hawaiian organization not identified in this notice that wish to request transfer of control of these human remains and associated funerary objects should submit a written request with information in support of the request to Kara Vetter, Director of Cultural Resources of the San Diego Museum of Man, 1350 El Prado, Balboa Park, San Diego, CA 92101, telephone (619) 239–2001 Ext. 44, email kvetter@museumofman.org, by August 31, 2020. After that date, if no additional requestors have come forward, transfer of control of the human remains and associated funerary objects to The Tribes may proceed.

The San Diego Museum of Man is responsible for notifying The Tribes that this notice has been published.

Dated: July 6, 2020.
