Information Collections Open for Comment

Currently, we are seeking comments on the following forms, letterhead applications or notices, recordkeeping requirements, questionnaires, or surveys:

OMB Control No. 1513-0005

Title: Letterhead Applications and Notices Filed by Brewers, TTB REC 5130/2; and Brewer's Notice, TTB F 5130.10.

TTB Form Number: TTB F 5130.10.

TTB Recordkeeping Number: TTB REC 5130/2.

Abstract: The Internal Revenue Code (IRC) at 26 U.S.C. 5401 requires brewers to file a notice of intent to operate a brewery, containing such information as prescribed by regulation. Under this authority, TTB requires brewery applicants to submit TTB F 5130.10, Brewer's Notice, which collects information similar to that provided on a permit application. Under the TTB regulations, the brewer maintains the approved Brewer's Notice and all associated documents at the brewery premises available for inspection. Under the TTB regulations promulgated pursuant to the IRC, brewers submit letterhead applications or notices for authorization to conduct certain activities, such as to use a brewery for purposes other than those authorized (see 26 U.S.C. 5411) or to operate a pilot brewery (see 26 U.S.C. 5417). Letterhead applications and notices are necessary to identify brewery activities so that TTB may ensure that proposed operations will not jeopardize the revenue and will comply with the IRC and the TTB regulations.

Current Actions: While there are program and adjustments associated with this information collection, TTB is submitting it for extension purposes only. As for program changes, TTB no longer requires respondents to submit certain attachments to a Brewer's Notice, TTB F 5130.10 or its Permits Online (PONL) equivalent: Trade Name Registration, Certificate to Transact Business in a Foreign State, Environmental Information (TTB F 5000.29), and Supplemental Information on Water Quality Considerations (TTB F 5000.30). In addition, TTB has made other minor editorial changes to the Brewer's Notice form and its PONL equivalent. As for adjustments, due to changes in agency estimates resulting from continued growth in the number of breweries in the United States, TTB is increasing the total number of annual respondents, responses, and burden hours reported for this information collection.

Type of Review: Extension of a currently approved collection.

Affected Public: Businesses or other for-profits.

Title: Signing Authority for Corporate and LLC Officials.

Abstract: Under the IRC at 26 U.S.C. 6061, any return, statement, or other document required to be made under the internal revenue laws or regulations "shall be signed in accordance with forms or regulations" prescribed by the Secretary of the Treasury. Corporations and limited liability companies (LLCs) use TTB F 5100.1 or its electronic equivalent to identify specific corporate or LLC officials or employees, by name or by position title, authorized by the entity's articles of incorporation, bylaws, or governing officials to act on behalf of, or sign documents for, the entity in TTB matters. This information collection is necessary to ensure that only duly authorized individuals sign documents submitted to TTB on behalf of corporations or LLCs.

OMB Control No. 1513-0051

Title: Application for an Alcohol Fuel Producer Permit Under 26 U.S.C. 5181.

TTB Form Number: TTB F 5110.74.

Abstract: Under the authority of the IRC at 26 U.S.C. 5181(a)(1), persons wishing to establish a distilled spirits plant for the sole purpose of producing and receiving distilled spirits for fuel use must provide an application and bond as the Secretary may prescribe by regulation. Under this authority, TTB has issued regulations concerning the establishment of such alcohol fuel plants (AFPs). These regulations require, among other things, that a person wishing to establish an AFP submit an application for an alcohol fuel producer permit using form TTB F 5110.74. This application form and its required supporting documents describe, among other things, the person(s) applying for the permit, the proposed AFP's location, its stills and the type(s) of materials to be distilled, the size category of the operation (small, medium, or large) based on the annual amount of alcohol fuel to be produced, and the security measures to be taken to protect the spirits from diversion and theft. The application also must include a diagram of the plant premises. In addition, existing alcohol fuel producer permit holders use TTB F 5110.74 to make certain amendments to their permit information. The information required on the alcohol fuel producer permit application is necessary to protect the revenue since, when first produced, distilled spirits made at AFPs are potable and are thus subject could to the Federal distilled spirits excise tax imposed by the IRC at 26 U.S.C. 5001. Only when denatured for fuel use as required by 26 U.S.C. 5181(e) may spirits be withdrawn from the AFP free of tax, as authorized by 26 U.S.C. 5214(a)(12).

Current Actions: There are no program changes or adjustments associated with this information collection, and TTB is submitting it for extension purposes only.

Type of Review: Extension of a currently approved collection.

Affected Public: Businesses or other for-profits, farms; Individuals or households.

• *Average Responses per Respondent:* 1 (one).

• *Number of Responses:* 251.

• *Average per-response Burden:* 1.5 hours.
