BILLING CODE 6717–01–P

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. CP20–481–000]

Rio Bravo Pipeline Company, LLC; Notice of Intent To Prepare an Environmental Assessment for the Proposed Rio Bravo Pipeline Project Amendment, and Request for Comments on Environmental Issues

The staff of the Federal Energy Regulatory Commission (FERC or Commission) will prepare an environmental assessment (EA) that will discuss the environmental impacts of the Rio Bravo Pipeline Project Amendment (Project Amendment) involving construction and operation of facilities by Rio Bravo Pipeline Company, LLC (RB Pipeline) in Jim Wells, Kleberg, Kenedy, Willacy, and Cameron Counties, Texas. The Commission will use this EA in its decision-making process to determine whether the project is in the public convenience and necessity.

This notice announces the opening of the scoping process the Commission will use to gather input from the public and interested agencies about issues regarding the Project Amendment. The National Environmental Policy Act (NEPA) requires the Commission to take into account the environmental impacts that could result from its action whenever it considers the issuance of a Certificate of Public Convenience and Necessity. NEPA also requires the Commission to discover concerns the public may have about proposals. This process is referred to as scoping. The main goal of the scoping process is to focus the analysis in the EA on the important environmental issues. By this notice, the Commission requests public
