**Abstract of Proposed Collection**

Forms DS-1843 and DS-1622 collect medical history, lab tests, and physical examinations for all individuals applying for overseas positions, including their eligible family members. Forms DS-1843 and DS-1622 are designed to collect sufficient and current medical information on the individual in order for a medical provider to make a medical clearance determination for initial appointment to an overseas assignment. They are also used to determine whether the individual or eligible family member

will have appropriate medical and/or educational resources at a diplomatic mission/host country abroad to maintain the health and safety of the individual or family member. The forms were updated to include questions regarding employment agency information for non-foreign service agencies. Once the collection instruments have been approved, the DS-1843/1622 can be used by respondents employed by both foreign and non-foreign service agencies, rendering the DS-6561 form redundant. As a result, the DS-6561 (OMB Control No. 0194) would be discontinued upon OMB approval of the revised DS-1843 and DS-1622 forms.

**Methodology**

The respondent will obtain the DS-1843 and DS-1622 forms from their human resources representative or download the forms from a Department website. The respondent will complete and submit the forms offline.
