

Harbor Canal need not have a drawtender in continued attendance at the bridge. Ten minutes before the bridge is lowered for train traffic a crewmember from the train will initiate a SECURITE call on VHF-FM Marine Channel 16 that the bridge will be lowering for train traffic and invite any concerned mariners to contact the drawtender on VHF-FM Marine Channel 12. The drawtender will also visually monitor for vessel traffic and listen for the standard bridge opening signal of one prolonged blast and one short blast from vessels already transiting the waterway. After the ten minute warning, another SECURITE shall be made on VHF-FM Marine Channel 16 that the bridge will be lowering for rail traffic, five minutes before lowering. Once the draw tender is satisfied that it is safe, the bridge will be lowered for rail traffic. Once the rail traffic has cleared the bridge, the bridge shall be raised and locked in the fully open to navigation position.

Dated: July 17, 2020.

D.L. Cottrell,

Rear Admiral, U.S. Coast Guard, Commander,
Ninth Coast Guard District.

ENVIRONMENTAL PROTECTION AGENCY

40 CFR Part 180

[EPA-HQ-OPP-2020-0053; FRL-10012-32]

Receipt of a Pesticide Petition Filed for Residues of Pesticide Chemicals in or on Various Commodities (June 2020)

AGENCY: Environmental Protection Agency (EPA).

ACTION: Filing of petition and request for comment.

SUMMARY: This document announces the Agency's receipt of an initial filing of a pesticide petition requesting the establishment or modification of regulations for residues of pesticide chemicals in or on various commodities.

DATES: Comments must be received on or before September 4, 2020.

ADDRESSES: Submit your comments, identified by docket identification (ID) number by one of the following methods:

- *Federal eRulemaking Portal:* <http://www.regulations.gov>. Follow the online instructions for submitting comments. Do not submit electronically any information you consider to be Confidential Business Information (CBI)

or other information whose disclosure is restricted by statute.

- *Mail:* OPP Docket, Environmental Protection Agency Docket Center (EPA/DC), (28221T), 1200 Pennsylvania Ave. NW, Washington, DC 20460-0001.

- *Hand Delivery:* To make special arrangements for hand delivery or delivery of boxed information, please follow the instructions at <http://www.epa.gov/dockets/contacts.html>.

Please note that due to the public health emergency the EPA Docket Center (EPA/DC) and Reading Room was closed to public visitors on March 31, 2020. Our EPA/DC staff will continue to provide customer service via email, phone, and webform. For further information on EPA/DC services, docket contact information and the current status of the EPA/DC and Reading Room, please visit <https://www.epa.gov/dockets>.

FOR FURTHER INFORMATION CONTACT:

Michael Goodis, Registration Division (7505P), main telephone number: (703) 305-7090, email address:

RDFRNotices@epa.gov; or Robert McNally, Biopesticides and Pollution Prevention Division (7511P), main telephone number: (703) 305-7090, email address: BPPDFRNotices@epa.gov.

The mailing address for each contact person is: Office of Pesticide Programs, Environmental Protection Agency, 1200 Pennsylvania Ave. NW, Washington, DC 20460-0001. As part of the mailing address, include the contact person's name, division, and mail code. The division to contact is listed at the end of each pesticide petition summary.

SUPPLEMENTARY INFORMATION:

I. General Information

A. Does this action apply to me?

You may be potentially affected by this action if you are an agricultural producer, food manufacturer, or pesticide manufacturer. The following list of North American Industrial Classification System (NAICS) codes is not intended to be exhaustive, but rather provides a guide to help readers determine whether this document applies to them. Potentially affected entities may include:

- Crop production (NAICS code 111).
- Animal production (NAICS code 112).
- Food manufacturing (NAICS code 311).
- Pesticide manufacturing (NAICS code 32532).

B. What should I consider as I prepare my comments for EPA?

1. *Submitting CBI.* Do not submit this information to EPA through

[regulations.gov](http://www.regulations.gov) or email. Clearly mark the part or all of the information that you claim to be CBI. For CBI information in a disk or CD-ROM that you mail to EPA, mark the outside of the disk or CD-ROM as CBI and then identify electronically within the disk or CD-ROM the specific information that is claimed as CBI. In addition to one complete version of the comment that includes information claimed as CBI, a copy of the comment that does not contain the information claimed as CBI must be submitted for inclusion in the public docket. Information so marked will not be disclosed except in accordance with procedures set forth in 40 CFR part 2.

2. *Tips for preparing your comments.* When preparing and submitting your comments, see the commenting tips at <http://www.epa.gov/dockets/comments.html>.

3. *Environmental justice.* EPA seeks to achieve environmental justice, the fair treatment and meaningful involvement of any group, including minority and/or low-income populations, in the development, implementation, and enforcement of environmental laws, regulations, and policies. To help address potential environmental justice issues, the Agency seeks information on any groups or segments of the population who, as a result of their location, cultural practices, or other factors, may have atypical or disproportionately high and adverse human health impacts or environmental effects from exposure to the pesticides discussed in this document, compared to the general population.

II. What action is the Agency taking?

EPA is announcing receipt of a pesticide petition filed under section 408 of the Federal Food, Drug, and Cosmetic Act (FFDCA), 21 U.S.C. 346a, requesting the establishment or modification of regulations in 40 CFR [part 174 and/or part 180] for residues of pesticide chemicals in or on various food commodities. The Agency is taking public comment on the request before responding to the petitioner. EPA is not proposing any particular action at this time. EPA has determined that the pesticide petition described in this document contains data or information prescribed in FFDCA section 408(d)(2), 21 U.S.C. 346a(d)(2); however, EPA has not fully evaluated the sufficiency of the submitted data at this time or whether the data supports granting of the pesticide petition. After considering the public comments, EPA intends to evaluate whether and what action may be warranted. Additional data may be

needed before EPA can make a final determination on this pesticide petition.

Pursuant to 40 CFR 180.7(f), a summary of the petition that is the subject of this document, prepared by the petitioner, is included in a docket EPA has created for this rulemaking. The docket for this petition is available at <http://www.regulations.gov>.

As specified in FFDCA section 408(d)(3), 21 U.S.C. 346a(d)(3), EPA is publishing notice of the petition so that the public has an opportunity to comment on this request for the establishment or modification of regulations for residues of pesticides in or on food commodities. Further information on the petition may be obtained through the petition summary referenced in this unit.

Amended Tolerances for Non-Inerts

PP 0E8828. (EPA-HQ-OPP-2020-0235). The Interregional Research Project Number 4 (IR-4), Rutgers, The State University of New Jersey, 500 College Road East, Suite 201 W, Princeton, NJ 08540, proposes upon establishment of tolerances referenced in this document under “New Tolerances” for PP# 0E8828, to remove the existing tolerance in 40 CFR 180.511 for residues of buprofezin, 2-[(1,1-dimethylethyl)imino]tetrahydro-3(1-methylethyl)-5-phenyl-4H-1,3,5-thiadiazin-4-one in or on the raw agricultural commodities in or on Bean, snap, succulent at 0.02 parts per million (ppm). Contact: RD.

New Tolerances for Non-Inerts

1. PP 0E8821. (EPA-HQ-OPP-2020-0113). Interregional Research Project #4 (IR-4), Rutgers, The State University of New Jersey, 500 College Road East, Suite 201 W, Princeton, NJ 08540, requests to establish tolerances with regional registrations in 40 CFR part 180.633(c) for residues of the herbicide, florasulam, N-(2, 6-difluorophenyl)-8-fluoro-5-methoxy (1, 2, 4) triazole (1, 5-c)pyrimidine-2-sulfonamide, including its metabolites and degradates, in or on grass, forage at 0.01 parts per million (ppm) and grass, hay at 0.02 ppm. Compliance with the tolerance levels is to be determined by measuring only florasulam in or on the commodities. The High Performance Liquid Chromatography with Tandem Mass Spectrometry is used to measure and evaluate the chemical. Contact: RD.

2. PP 0E8828. (EPA-HQ-OPP-2020-0235). The Interregional Research Project Number 4 (IR-4), Rutgers, The State University of New Jersey, 500 College Road East, Suite 201 W, Princeton, NJ 08540, requests to establish a tolerance in 40 CFR part

180.511 for residues of buprofezin, 2-[(1,1-dimethylethyl)imino]tetrahydro-3(1-methylethyl)-5-phenyl-4H-1,3,5-thiadiazin-4-one in or on the raw agricultural commodities: Asparagus bean, edible podded at 0.02 parts per million (ppm); Bushberry subgroup 13-07B at 0.08 ppm, Catjang bean, edible podded at 0.02 ppm; Chinese longbean, edible podded at 0.02 ppm; Cowpea, edible podded at 0.02 ppm; French bean, edible podded at 0.02 ppm; Garden bean, edible podded at 0.02 ppm; Green bean, edible podded at 0.02 ppm; Goa bean, edible podded at 0.02 ppm; Guar bean, edible podded at 0.02 ppm; Jackbean, edible podded at 0.02 ppm; Kidney bean, edible podded at 0.02 ppm; Lablab bean, edible podded at 0.02 ppm; Navy bean, edible podded at 0.02 ppm; Moth bean, edible podded at 0.02 ppm; Mung bean, edible podded at 0.02 ppm; Rice bean, edible podded at 0.02 ppm; Scarlet runner bean, edible podded at 0.02 ppm; Snap bean, edible podded at 0.02 ppm; Sword bean, edible podded at 0.02 ppm; Urd bean, edible podded at 0.02 ppm;; Vegetable soybean, edible podded at 0.02 ppm; Velvet bean, edible podded at 0.02 ppm; Wax bean, edible podded; Winged pea, edible podded at 0.02 ppm; and Yardlong bean, edible podded at 0.02 ppm.

In addition to the proposed tolerances, the IR-4 Project requests that EPA permit the buprofezin label instructions currently stated as “For greenhouse tomatoes and peppers”, be revised to “For Fruiting Vegetables (Crop Group 8-10)”, thus allowing buprofezin applications to all greenhouse-grown fruiting vegetables.

The enforcement analytical methods are available in PAM I and PAM II for the enforcement of buprofezin tolerances, which include gas chromatography methods with nitrogen phosphorus detection (GC/NPD), and a gas chromatography/mass spectrometry (GC/MS) method for confirmation of buprofezin residues in plant commodities to measure and evaluate buprofezin. Contact: RD.

3. PP 9F8808. EPA-HQ-OPP-2020-0335. ISK BIOSCIENCES Corporation, 7470 Auburn Road, Suite A, Concord, OH, 44077, requests to establish tolerances in 40 CFR part 180 for residues of the fungicide, pyriofenone in or on grape at 0.8 parts per million (ppm); raisin at 2.5 ppm; and fruit, small vine climbing subgroup 13-07E, except grape at 1.5 ppm. The liquid chromatography-MS/MS is used to measure and evaluate the chemical pyriofenone. Contact: RD.

Authority: 21 U.S.C. 346a.

Dated: July 10, 2020.

Delores Barber,

Director, Information Technology and Resources Management Division, Office of Pesticide Programs.

ENVIRONMENTAL PROTECTION AGENCY

40 CFR Part 300

[EPA-HQ-SFUND-1989-0011; FRL-10011-88-Region 6]

National Oil and Hazardous Substances Pollution Contingency Plan; National Priorities List: Deletion of the Cimarron Mining Corporation Superfund Site

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule; notice of intent.

SUMMARY: The Environmental Protection Agency (EPA) Region 6 is issuing a Notice of Intent to Delete Cimarron Mining Corporation Superfund Site (Site) located in Carrizozo, New Mexico, from the National Priorities List (NPL) and requests public comments on this proposed action. The NPL, promulgated pursuant to section 105 of the Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA) of 1980, as amended, is an appendix of the National Oil and Hazardous Substances Pollution Contingency Plan (NCP). The EPA and the State of New Mexico, through the New Mexico Environment Department, have determined that all appropriate response actions under CERCLA, other than operation and maintenance, monitoring and five-year reviews, have been completed. However, this deletion does not preclude future actions under Superfund.

DATES: Comments must be received by September 4, 2020.

ADDRESSES: Submit your comments, identified by Docket ID No. EPA-HQ-SFUND-1989-0011, by one of the following methods:

- <https://www.regulations.gov>.

Follow on-line instructions for submitting comments. Once submitted, comments cannot be edited or removed from *Regulations.gov*. The EPA may publish any comment received to its public docket. Do not submit electronically any information you consider to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. Multimedia submissions (audio, video, etc.) must be accompanied by a written
