Hearing-impaired persons are advised that information on this matter can be obtained by contacting the Commission’s TDD terminal, telephone 202–205–1810.

SUPPLEMENTARY INFORMATION: The Commission instituted Inv. No. 337–TA–854 (Enforcement Proceeding) on May 24, 2013, based on an enforcement complaint filed on behalf of BriarTek IP, Inc. (“BriarTek”) of Alexandria, Virginia. 78 FR 31576–77 (May 24, 2013). The complaint alleged violations of the April 5, 2013, consent order (“the Consent Order”) issued in the underlying investigation by the continued practice of prohibited activities such as selling or offering for sale within the United States after importation any two–way global satellite communication devices, system, or components thereof that infringe one or more claims of U.S. Patent No. 7,991,380 (“the ‘380 patent”). The Commission’s notice of institution of the enforcement proceeding named as respondents DeLorme Publishing Company, Inc. and DeLorme InReach LLC (collectively, “DeLorme”), now known as DYN Holding, Inc. and BDN LLC, all of Yarmouth, Maine. The Office of Unfair Import Investigations (“OUII”) was also a party to the enforcement proceeding. *Id.*

On June 10, 2014, following review of the presiding administrative law judge’s enforcement initial determination in the enforcement proceeding, the Commission issued a civil penalty order in the amount of \$6,242,500 for DeLorme’s violation of the Consent Order on 227 separate days. DeLorme appealed the Commission’s final determination to the U.S. Court of Appeals for the Federal Circuit. During the pendency of the appeal, the U.S. District Court for the Eastern District of Virginia (“EDVA”) granted summary judgment in a declaratory judgment action filed by DeLorme against the patentee, finding the relevant claims of

the '380 patent to be invalid. After requesting and receiving supplemental briefing on the issue of the effect, if any, of affirming the EDVA summary judgment on the Commission's final determination, the Federal Circuit, on the same date, affirmed both the \$6,242,500 Commission civil penalty order and the EDVA summary judgment of invalidity. *See DeLorme v. ITC*, 805 F.3d 1328 (Fed. Cir. 2015) ("*DeLorme I*"); *DeLorme Publishing Co. v. BriarTek IP, Inc.*, 622 Fed.Appx. 912 (Fed. Cir. 2015).

On December 22, 2015, following issuance of the Federal Circuit's decision in *DeLorme I*, DeLorme filed a petition to rescind, or in the alternative, to modify the civil penalty order under Commission Rule 210.76(a)(1) because of "changed conditions," *i.e.*, the EDVA invalidity judgment and the affirmance of that judgment. Stating that the arguments raised by DeLorme involved issues that could have been raised in *DeLorme I* or were raised and rejected by the Federal Circuit in *DeLorme I*, the Commission denied DeLorme's petition based on *res judicata*. DeLorme appealed the Commission's final determination denying its petition to the Federal Circuit. The Court reversed the Commission's final determination and remanded the case for consideration of DeLorme's petition. *See DBN Holding, Inc. v. ITC*, 755 Fed.Appx. 993, 2018 WL 6181653 (Fed. Cir. Nov. 27, 2018) ("*DeLorme II*") (finding that although there is no requirement that the civil penalty be rescinded because of the invalidity finding, the Commission nevertheless should have considered DeLorme's petition). The Federal Circuit issued its mandate on January 18, 2019.

On March 27, 2019, the Commission issued an order to the parties requesting briefing regarding whether the Commission should rescind or modify the civil penalty order in light of the final judgment of invalidity of the relevant claims of the '380 patent in accordance with *DeLorme II*. DeLorme, BriarTek, and OUII filed their initial submissions on April 25, April 26, and April 26, 2019, respectively. These parties filed their response submissions on May 12, May 13, and May 12, 2019, respectively.

Having reviewed the record in this investigation, including the parties' written submissions, the Commission has determined to deny DeLorme's petition to rescind, or in the alternative, modify the civil penalty order. The Commission has also issued an opinion explaining the basis for the Commission's action and has terminated the proceeding on remand from the Federal Circuit.

The Commission vote for this determination took place on July 31, 2020.

The authority for the Commission's determination is contained in section 337 of the Tariff Act of 1930, as amended, 19 U.S.C. 1337, and in part 210 of the Commission's Rules of Practice and Procedure, 19 CFR part 210.

By order of the Commission.

Issued: July 31, 2020.

Secretary to the Commission.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-89439; File No. SR-NYSEAMER-2020-60]

Self-Regulatory Organizations; NYSE American LLC; Notice of Filing and Immediate Effectiveness of a Proposed Rule Change To Amend the Rule 6800 Series

July 31, 2020.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act"),¹ and Rule 19b-4 thereunder,² notice is hereby given that on July 27, 2020, NYSE American LLC ("NYSE American" or the "Exchange") filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I and II below, which Items have been prepared by the self-regulatory organization. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend the Rule 6800 Series, the Exchange's compliance rule ("Compliance Rule") regarding the National Market System Plan Governing the Consolidated Audit Trail (the "CAT NMS Plan" or "Plan")³ to be consistent with an amendment to the CAT NMS Plan recently approved by the Commission. The proposed rule change is available on the Exchange's website at www.nyse.com, at the principal office of the Exchange, and at

² 17 CFR 240.19b-4.

³ Unless otherwise specified, capitalized terms used in this rule filing are defined as set forth in the Compliance Rule.

the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of those statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant parts of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and the Statutory Basis for, the Proposed Rule Change

1. Purpose

The purpose of this proposed rule change is to amend the Rule 6800 Series, the Compliance Rule regarding the CAT NMS Plan, to be consistent with an amendment to the CAT NMS Plan recently approved by the Commission.⁴ The Commission approved an amendment to the CAT NMS Plan to amend the requirements for Firm Designated IDs in four ways: (1) To prohibit the use of account numbers as Firm Designated IDs for trading accounts that are not proprietary accounts; (2) to require that the Firm Designated ID for a trading account be persistent over time for each Industry Member so that a single account may be tracked across time within a single Industry Member; (3) to permit the use of relationship identifiers as Firm Designated IDs in certain circumstances; and (4) to permit the use of entity identifiers as Firm Designated IDs in certain circumstances (the "FDID Amendment"). As a result, the Exchange proposes to amend the definition of "Firm Designated ID" in Rule 6810 to reflect the changes to the CAT NMS Plan regarding the requirements for Firm Designated IDs.

Rule 6810(r) defines the term "Firm Designated ID" to mean "a unique identifier for each trading account designated by Industry Members for purposes of providing data to the Central Repository, where each such identifier is unique among all identifiers from any given Industry Member for each business date."
