

Plan to begin the drawdown of the reservoir on October 1, 2020 with the reservoir level of 488 ft expected to be reached by April 2021. The proposed low-level outlet works would be located in proximity to the existing outlet at the base of Anderson Dam with construction proposed to start in early 2021 and completed in late 2023. The exemptee also proposes, as mitigation measures, the following actions, including some downstream of the Anderson Dam project: Reservoir rim monitoring and channel stabilization; reconstruct the downstream Coyote Percolation Dam to withstand higher flows from the proposed low-level outlet; extend the Cross Valley Pipeline and add chillers to supplement water to Coyote Creek to support groundwater recharge and fisheries; relocate and rescue steelhead; and build flood walls, and elevate or acquire property that have the potential to be affected by flows from the operation of the proposed low-level outlet.

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Project No. 2669-089]

Bear Swamp Power Company, LLC; Notice of Availability of Environmental Assessment

In accordance with the National Environmental Policy Act of 1969 and the Federal Energy Regulatory Commission's (Commission) regulations, 18 CFR part 380, the Office of Energy Projects has reviewed the application for license for the Bear Swamp Project, located on the Deerfield River, in Berkshire and Franklin Counties, Massachusetts, and has prepared a Final Environmental Assessment (FEA) for the project.

The FEA contains staff's analysis of the potential environmental impacts of the project and concludes that licensing the project, with appropriate environmental protective measures, would not constitute a major federal action that would significantly affect the quality of the human environment.

The Commission provides all interested persons with an opportunity to view and/or print the FEA via the internet through the Commission's Home Page (<http://www.ferc.gov>) using the "eLibrary" link. Enter the docket number, excluding the last three digits in the docket number field, to access the document. At this time, the Commission has suspended access to the Commission's Public Reference Room, due to the proclamation declaring a National Emergency concerning the Novel Coronavirus Disease (COVID-19), issued by the President on March 13, 2020. ENVIRONMENTAL PROTECTION AGENCY

[FRL-10012-01-Region 5]

Public Water System Supervision Program Approval for the State of Illinois

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of tentative approval.

SUMMARY: Notice is hereby given that the Environmental Protection Agency (EPA) tentatively approved a revision to the state of Illinois Public Water System Supervision Program under the federal Safe Drinking Water Act (SDWA) by adopting the Consumer Confidence Report Rule. The EPA has determined this revision is no less stringent than the corresponding federal regulation. Therefore, the EPA intends to approve this revision to the state of Illinois Public Water System Supervision Program, thereby giving Illinois Environmental Protection Agency primary enforcement responsibility for this regulation.

DATES: Any interested party may request a public hearing on this determination. A request for a public hearing must be submitted by September 8, 2020. The EPA Region 5 Administrator may deny frivolous or insubstantial requests for a hearing. However, if a substantial request for a public hearing is made by September 8, 2020, EPA Region 5 will hold a public hearing, and a notice of such hearing will be published in the **Federal Register** and a newspaper of general circulation. Any request for a public hearing shall include the following information: the name, address, and telephone number of the individual, organization, or other entity requesting a hearing; a brief statement of the requesting person's interest in the
