II. Background Information and Regulatory History

The Coast Guard is issuing this temporary rule without prior notice and opportunity to comment pursuant to authority under section 4(a) of the Administrative Procedure Act (APA) (5 U.S.C. 553(b)). This provision authorizes an agency to issue a rule without prior notice and opportunity to comment when the agency for good cause finds that those procedures are “impracticable, unnecessary, or contrary to the public interest.” Under 5 U.S.C. 553(b)(B), the Coast Guard finds that good cause exists for not publishing a notice of proposed rulemaking (NPRM) with respect to this rule because publishing an NPRM would be impracticable due to the fireworks show scheduled in less than sixty days. It is impracticable to publish an NPRM because we must establish this safety zone by September 6, 2020.

III. Legal Authority and Need for Rule

The Coast Guard is issuing this rule under authority in 46 U.S.C. 70034 (previously 33 U.S.C. 1231). The Captain of the Port Sector Upper Mississippi River (COTP) has determined that potential hazards associated with the fireworks to be used in this display would be a safety concern for anyone between mile markers (MM) 455 and MM 456. This rule is needed to protect personnel, vessels, and the marine environment in the navigable waters within the safety zone while the fireworks display is taking place.

IV. Discussion of the Rule

The COTP is establishing a safety zone from 8:30 through 10 p.m. on September 6, 2020 to allow for the protection of vessels from debris and fall out from the land based fireworks show. The safety zone would cover all navigable waters between MM 455 and MM 456 on the Upper Mississippi River. The duration of the zone is intended to ensure the safety of persons, vessels, and these navigable waters before, during, and after the scheduled 8:30 p.m. to 10 p.m. fireworks display. No vessel or person would be permitted to enter the safety zone without obtaining permission from the COTP or a designated representative. The COTP or a designated representative will inform the public of the enforcement dates and times for this safety zone, as well as any emergent safety concerns that may delay the enforcement of the zone, through Local Notices to Mariners (LNM) and or broadcast Notice to Mariners (BNM).
