

Institution	State	Award
Central Carolina Technical College	SC	599,921
Southwest Tennessee Community College	TN	600,000
Cedar Valley College	TX	467,126

Any activities carried out during the year of this continuation award must be consistent with the scope, goals, and objectives of the grantees' applications as approved in the 2015 competition. The requirements for continuation awards are set forth in 34 CFR 75.253.

Waiver of Delayed Effective Date

The Administrative Procedure Act requires that a substantive rule must be published at least 30 days before its effective date, except as otherwise provided for good cause (5 U.S.C. 553(d)(3)). All but two of the comments we received supported the proposed waiver and extension, and we have not made any substantive changes to the proposed waiver and extension. A delayed effective date would be contrary to public interest because we would not be able to ensure there is not a lapse in technical assistance services currently provided by the projects. Therefore, the Secretary waives the delayed effective date provision for good cause.

Regulatory Flexibility Act Certification

The Secretary certifies that the final waiver and extension of the project period will not have a significant economic impact on a substantial number of small entities. The only entities that will be affected by the final waiver and extension of the project period are the current grantees and any other potential applicants.

The Secretary certifies that the final waiver and extension will not have a significant economic impact on these entities because the extension of an existing project period imposes minimal compliance costs, and the activities required to support the additional year of funding would not impose additional regulatory burdens or require unnecessary Federal supervision.

Paperwork Reduction Act of 1995

This final waiver and extension of the project period does not contain any information collection requirements.

Intergovernmental Review

These programs are subject to Executive Order 12372 and the regulations in 34 CFR part 79. One of the objectives of the Executive order is to foster an intergovernmental partnership and a strengthened federalism. The Executive order relies on processes developed by State and

local governments for coordination and review of proposed Federal financial assistance. This document provides early notification of our specific plans and actions for this program.

Accessible Format: Individuals with disabilities can obtain this document in an accessible format (e.g., braille, large print, audiotape, or compact disc) on request to the contact person listed under **FOR FURTHER INFORMATION CONTACT**.

Electronic Access to This Document: The official version of this document is the document published in the **Federal Register**. You may access the official edition of the **Federal Register** and the Code of Federal Regulations at www.govinfo.gov. At this site you can view this document, as well as all other documents of this Department published in the **Federal Register**, in text or Portable Document Format (PDF). To use PDF you must have Adobe Acrobat Reader, which is available free at the site.

BILLING CODE 4000-01-P

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

50 CFR Part 622

[Docket No. 200127-0032]

RIN 0648-BG75

Fisheries of the Caribbean, Gulf of Mexico, and South Atlantic; Electronic Reporting for Federally Permitted Charter Vessels and Headboats in Atlantic Fisheries

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Final rule; delay of effective date.

SUMMARY: NMFS is delaying the effective date of a final rule that published on February 24, 2020.

DATES: The effective date of the final rule amending 50 CFR part 622 that published at 85 FR 10331 on February 24, 2020, is delayed until January 4, 2021.

FOR FURTHER INFORMATION CONTACT:

Karla Gore, NMFS Southeast Regional Office, telephone: 727-824-5305, or email: karla.gore@noaa.gov.

SUPPLEMENTARY INFORMATION: On February 24, 2020, NMFS published a final rule to implement management measures described in the For-hire Reporting Amendment, as prepared and submitted by the South Atlantic Fishery Management Council and Gulf of Mexico (Gulf) Fishery Management Council (Gulf Council), and that rule had an effective date of September 1, 2020 (85 FR 10331). That final rule establishes new, and revises existing, electronic reporting requirements for federally permitted charter vessels and headboats (for-hire vessels), respectively, in certain Atlantic fisheries. That final rule applies to an owner or operator of a for-hire vessel with a Federal permit for Atlantic Coastal Migratory Pelagic (CMP) species, Atlantic dolphin and wahoo, or South Atlantic snapper-grouper. The purpose of that final rule is to increase and improve fisheries information collected from federally permitted for-hire vessels in the Atlantic. The information is expected to improve recreational fisheries management of the for-hire component in the Atlantic. The For-hire Reporting Amendment amends three fishery management plans (FMPs), and includes Amendment 27 to the FMP for CMP Resources of the Gulf and Atlantic Region (CMP FMP), Amendment 9 to the FMP for the Dolphin and Wahoo Fishery of the Atlantic, and Amendment 39 to the FMP for the Snapper-Grouper Fishery of the South Atlantic Region. All of these FMPs are implemented by NMFS through regulations at 50 CFR part 622 under the authority of the Magnuson-Stevens Fishery Conservation and Management Act.

NMFS is now delaying the effective date of the final rule published on

February 24, 2020, (85 FR 10331) to align the effective date with the effective date of a related final rule to address for-hire electronic reporting in the Gulf. The Gulf Council also developed amendments to the CMP FMP and the FMP for Reef Fish Resources of the Gulf of Mexico to address for-hire electronic reporting. A final rule to implement the Gulf FMP amendments published on July 21, 2020 (85 FR 44005), with an effective date of January 5, 2021.

NMFS is aligning the effective dates of the South Atlantic and Gulf final rules, to the extent practicable, to provide NMFS with additional time to promote compliance with the new reporting programs and to eliminate potential confusion about the applicable reporting program requirements. While an improvement over prior reporting measures, the new requirements are a substantial change from current practice, with potentially overlapping geographic requirements. Therefore, NMFS anticipates a need for additional time for fishermen to familiarize themselves with the new requirements. In addition, the recreational for-hire component has recently experienced

closures of harbors and boat ramps, and other disruptions to obtaining supplies needed to operate their businesses. As a result, delaying the effective date will provide the for-hire component additional time to comply with the reporting requirements and will allow NMFS to continue its outreach efforts to assist the fishermen in meeting these new requirements.

Administrative Procedure Act

To the extent that 5 U.S.C. 553 applies to this action, it is exempt from notice and comment because it constitutes a rule of procedure under 5 U.S.C. 553(b)(A). Alternatively, the Assistant Administrator for NOAA Fisheries (AA) also finds that there is good cause to waive the requirements to provide prior notice and opportunity for public comment pursuant to the authority set forth in 5 U.S.C. 553(b)(B), because prior notice and opportunity for public comment on this temporary delay is unnecessary and contrary to the public interest. Such procedures are unnecessary because the rule that published at 85 FR 10331 on February 24, 2020, has already been subject to notice and comment, and all that

remains is to notify the public of this delay in the effective date. Providing additional prior notice and opportunity for public comment is contrary to the public interest because there is a need to immediately implement this action to delay the September 1, 2020, effective date of the final rule and to provide notice of the delay to affected fishery participants. NMFS is temporarily delaying the effective date of the rule (see **DATES** section) to provide NMFS with additional time to promote compliance with the new reporting program and to eliminate potential confusion about the applicable reporting program requirements.

For these same reasons, the AA also finds good cause to waive the 30-day delay in the effectiveness of this action under 5 U.S.C. 553(d)(3).

Authority: 16 U.S.C. 1801 *et seq.*

Dated: August 4, 2020.

Donna S. Wieting,

Acting Deputy Assistant Administrator for Regulatory Programs, National Marine Fisheries Service.
