

DEPARTMENT OF TRANSPORTATION**Federal Railroad Administration****[Docket Number FRA–2020–0064]****Petition for Waiver of Compliance**

Under part 211 of title 49 Code of Federal Regulations (CFR), this document provides the public notice that on July 28, 2020, BNSF Railway Company (BNSF) petitioned the Federal Railroad Administration (FRA) for a waiver of compliance from certain provisions of the Federal railroad safety regulations contained at 49 CFR part 213. FRA assigned the petition Docket Number FRA–2020–0064.

Specifically, BNSF requests relief from 49 CFR 213.233, which requires track inspections to be conducted visually by railroad track inspectors qualified under 49 CFR 213.7 at certain frequencies based on the class of track. BNSF seeks to replace these visual track inspection requirements with a combination of performance-based automated and visual inspections. Proposed automated inspections would be performed by Unmanned Automated Track Geometry Cars every 12 million gross tons, not to exceed four weeks between tests. Proposed visual inspections would be performed either twice per month, weekly, or three times per week, based on risk model calculations made weekly for each track segment.

In support of its petition, BNSF references data and analysis from BNSF's ongoing Track Inspection Test Program, Docket Number FRA–2018–0091. BNSF states that the requested relief would positively impact safety by increasing defect identification and remediation, reduce employee exposure to potential hazards, and facilitate maintenance program planning.

A copy of the petition, as well as any written communications concerning the petition, if any, are available for review online at www.regulations.gov.

Interested parties are invited to participate in these proceedings by submitting written views, data, or comments. FRA does not anticipate scheduling a public hearing for these proceedings since the facts do not appear to warrant a hearing. If any interested parties desire an opportunity for oral comment and a public hearing, they should notify FRA, in writing, before the end of the comment period and specify the basis for their request.

All communications concerning these proceedings should identify the appropriate docket number and may be submitted by any of the following methods:
