

§ 39.13 [Amended]

■ 2. The FAA amends § 39.13 by adding the following new airworthiness directive (AD):

General Electric Company: Docket No. FAA-2020-0733; Project Identifier AD-2020-00990-E.

(a) Comments Due Date

The FAA must receive comments by September 14, 2020.

(b) Affected ADs

None.

(c) Applicability

This AD applies to General Electric Company GE90-110B1 and GE90-115B model turbofan engines with:

(1) A high-pressure turbine (HPT) rotor stage 2 disk, part number (P/N) 2505M73P03,

and serial number (S/N) TMT1BA38 or TMT1BA41, installed; or

(2) a rotating compressor discharge pressure (CDP) HPT seal, P/N 2479M03P01, and S/N GEE1H7GH or GEE1H7JJ, installed.

(d) Subject

Joint Aircraft System Component (JASC) Code 7250, Turbine Section.

(e) Unsafe Condition

This AD was prompted by the detection of melt-related freckles in the billet, which may reduce the life limits of certain HPT rotor stage 2 disks and certain rotating CDP HPT seals. The FAA is issuing this AD to prevent uncontained release of both the HPT rotor stage 2 disk and the rotating CDP HPT seal. The unsafe condition, if not addressed, could result in damage to the engine and damage to the aircraft.

(f) Compliance

Comply with this AD within the compliance times specified, unless already done.

(g) Required Actions

(1) Before the affected HPT rotor stage 2 disk or the rotating CDP HPT seal listed in Table 1 to paragraph (g) of this AD (“Table 1”) accumulates the cycles since new (CSN) threshold in Table 1, or at the next engine shop visit, whichever occurs first after the effective date of this AD, remove the affected part from service and replace it with a part eligible for installation.

(2) If the affected HPT rotor stage 2 disk or rotating CDP HPT seal has already exceeded the CSN threshold in Table 1, remove the affected part before further flight and replace with a part eligible for installation.

Table 1 to Paragraph (g): Affected Parts and CSN Threshold

Part Name	Part Number	Part S/N	CSN Threshold
Rotating CDP HPT seal	2479M03P01	GEE1H7GH	3,500
Rotating CDP HPT seal	2479M03P01	GEE1H7JJ	3,500
HPT rotor stage 2 disk	2505M73P03	TMT1BA38	2,418
HPT rotor stage 2 disk	2505M73P03	TMT1BA41	1,466

(h) Definition

(1) For the purpose of this AD, a part eligible for installation is any HPT stage 2 disk or rotating CDP HPT seal with an S/N that is not listed in Table 1 to paragraph (g).

(2) For the purpose of this AD, an engine shop visit is the induction of an engine into the shop for maintenance involving the separation of pairs of major mating engine flanges, except that the separation of engine flanges solely for the purposes of transportation of the engine without subsequent engine maintenance does not constitute an engine shop visit.

(i) Alternative Methods of Compliance (AMOCs)

(1) The Manager, ECO Branch, FAA, has the authority to approve AMOCs for this AD, if requested using the procedures found in 14 CFR 39.19. In accordance with 14 CFR 39.19, send your request to your principal inspector or local Flight Standards District Office, as appropriate. If sending information directly to the manager of the certification office, send it to the attention of the person identified in paragraph (j)(1) of this AD. You may email your request to: ANE-AD-AMOC@faa.gov.

(2) Before using any approved AMOC, notify your appropriate principal inspector,

or lacking a principal inspector, the manager of the local flight standards district office/certificate holding district office.

(j) Related Information

(1) For more information about this AD, contact Mehdi Lamnyi, Aerospace Engineer, ECO Branch, FAA, 1200 District Avenue, Burlington, MA 01803; phone: (781) 238-7743; fax: (781) 238-7999; email: Mehdi.Lamnyi@faa.gov.

(2) For service information identified in this AD, contact General Electric Company, 1 Neumann Way, Cincinnati, OH 45215; phone: (513) 552-3272; email: aviation.fleetsupport@ae.ge.com; website: www.ge.com. You may view this referenced service information at the FAA, Airworthiness Products Section, Operational Safety Branch, 1200 District Avenue, Burlington, MA 01803. For information on the availability of this material at the FAA, call 781-238-7759.

Issued on August 6, 2020.

Lance T. Gant,

Director, Compliance & Airworthiness Division, Aircraft Certification Service.

BILLING CODE 4910-13-P

DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

14 CFR Part 71

[Docket No. FAA-2020-0709; Airspace Docket No. 20-AEA-2]

RIN 2120-AA66

Proposed Amendment of V-6, V-30, V-58, V-119, and V-226 in the Vicinity of Clarion, PA

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Notice of proposed rulemaking (NPRM).

SUMMARY: This action proposes to amend VHF Omnidirectional Range (VOR) Federal airways V-6, V-30, V-58, V-119, and V-226 in the vicinity of Clarion, PA. The VOR Federal airway modifications are necessary due to the planned decommissioning of the VOR portion of the Clarion, PA, VOR/Distance Measuring Equipment (VOR/DME) navigation aid (NAVAID) which

provides navigation guidance for portions of the affected ATS routes. The Clarion VOR is being decommissioned as part of the FAA's VOR Minimum Operational Network (MON) program.

DATES: Comments must be received on or before September 28, 2020.

ADDRESSES: Send comments on this proposal to the U.S. Department of Transportation, Docket Operations, 1200 New Jersey Avenue SE, West Building Ground Floor, Room W12-140, Washington, DC 20590; telephone: (800) 647-5527, or (202) 366-9826. You must identify FAA Docket No. FAA-2020-0709; Airspace Docket No. 20-AEA-2 at the beginning of your comments. You may also submit comments through the internet at <https://www.regulations.gov>.

FAA Order 7400.11D, Airspace Designations and Reporting Points, and subsequent amendments can be viewed online at https://www.faa.gov/air_traffic/publications/. For further information, you can contact the Rules and Regulations Group, Federal Aviation Administration, 800 Independence Avenue SW, Washington, DC 20591; telephone: (202) 267-8783. The Order is also available for inspection at the National Archives and Records Administration (NARA). For information on the availability of FAA Order 7400.11D at NARA, email: fedreg.legal@nara.gov or go to <https://www.archives.gov/federal-register/cfr/ibr-locations.html>.

FOR FURTHER INFORMATION CONTACT: Colby Abbott, Rules and Regulations Group, Office of Policy, Federal Aviation Administration, 800 Independence Avenue SW, Washington, DC 20591; telephone: (202) 267-8783.

SUPPLEMENTARY INFORMATION:

Authority for This Rulemaking

The FAA's authority to issue rules regarding aviation safety is found in Title 49 of the United States Code. Subtitle I, Section 106 describes the authority of the FAA Administrator. Subtitle VII, Aviation Programs, describes in more detail the scope of the agency's authority. This rulemaking is promulgated under the authority described in Subtitle VII, Part A, Subpart I, Section 40103. Under that section, the FAA is charged with prescribing regulations to assign the use of the airspace necessary to ensure the safety of aircraft and the efficient use of airspace. This regulation is within the scope of that authority as it would modify the route structure as necessary to preserve the safe and efficient flow of air traffic within the National Airspace System (NAS).

Comments Invited

Interested parties are invited to participate in this proposed rulemaking by submitting such written data, views, or arguments as they may desire. Comments that provide the factual basis supporting the views and suggestions presented are particularly helpful in developing reasoned regulatory decisions on the proposal. Comments are specifically invited on the overall regulatory, aeronautical, economic, environmental, and energy-related aspects of the proposal.

Communications should identify both docket numbers (FAA Docket No. FAA-2020-0709; Airspace Docket No. 20-AEA-2) and be submitted in triplicate to the Docket Management Facility (see **ADDRESSES** section for address and phone number). You may also submit comments through the internet at <https://www.regulations.gov>.

Commenters wishing the FAA to acknowledge receipt of their comments on this action must submit with those comments a self-addressed, stamped postcard on which the following statement is made: "Comments to FAA Docket No. FAA-2020-0709; Airspace Docket No. 20-AEA-2." The postcard will be date/time stamped and returned to the commenter.

All communications received on or before the specified comment closing date will be considered before taking action on the proposed rule. The proposal contained in this action may be changed in light of comments received. All comments submitted will be available for examination in the public docket both before and after the comment closing date. A report summarizing each substantive public contact with FAA personnel concerned with this rulemaking will be filed in the docket.

Availability of NPRMs

An electronic copy of this document may be downloaded through the internet at <https://www.regulations.gov>. Recently published rulemaking documents can also be accessed through the FAA's web page at https://www.faa.gov/air_traffic/publications/airspace_amendments/.

You may review the public docket containing the proposal, any comments received and any final disposition in person in the Dockets Office (see **ADDRESSES** section for address and phone number) between 9:00 a.m. and 5:00 p.m., Monday through Friday, except federal holidays. An informal docket may also be examined during normal business hours at the office of the Operations Support Group, Central

Service Center, Federal Aviation Administration, 10101 Hillwood Blvd., Fort Worth, TX 76177.

Availability and Summary of Documents for Incorporation by Reference

This document proposes to amend FAA Order 7400.11D, Airspace Designations and Reporting Points, dated August 8, 2019, and effective September 15, 2019. FAA Order 7400.11D is publicly available as listed in the **ADDRESSES** section of this document. FAA Order 7400.11D lists Class A, B, C, D, and E airspace areas, air traffic service routes, and reporting points.

Background

The FAA is planning decommissioning activities for the VOR portion of the Clarion, PA, VOR/DME in February, 2021. The Clarion VOR is a candidate VOR identified for discontinuance by the FAA's VOR MON program and listed in the final policy statement notice, "Provision of Navigation Services for the Next Generation Air Transportation System (NextGen) Transition to Performance-Based Navigation (PBN) (Plan for Establishing a VOR Minimum Operational Network)," published in the **Federal Register** of July 26, 2016 (81 FR 48694), Docket No. FAA-2011-1082. Although the VOR portion of the Clarion, PA, VOR/DME is planned for decommissioning, the co-located DME portion of the NAVAID is being retained to support Next Generation Air Transportation System (NextGen) PBN flight procedure requirements.

The ATS route dependencies to the Clarion VOR/DME are VOR Federal airways V-6, V-30, V-58, V-119, and V-226. With the planned decommissioning of the VOR portion of the Clarion VOR/DME, the remaining ground-based NAVAID coverage in the areas is insufficient to enable the continuity of the affected VOR Federal airways. As such, proposed modifications to the affected VOR Federal airways would result in the existing gaps in V-6 and V-30 being extended and V-58, V-119, and V-226 being shortened.

To overcome the airway gaps and loss of airway segments, instrument flight rules (IFR) traffic could use adjacent ATS routes, including V-10, V-12, V-37, V-41, V-43, V-106, and V-115, or receive air traffic control (ATC) radar vectors to fly through or circumnavigate the affected area. IFR pilots equipped with area navigation (RNAV) PBN capabilities could also navigate point to point using the existing fixes that will

remain in place to support continued operations through the affected area. Visual flight rules (VFR) pilots who elect to navigate via the airways through the affected area could also take advantage of the air traffic services previously listed.

Additionally, the V-58 description includes the exclusion language, "The airspace within R-4105 is excluded during times of use." That exclusion language was added to the airway description, effective March 10, 1988, and has been unchanged since (53 FR 2007; January 26, 1988). However, later that same year, the FAA published a rule in the **Federal Register** (53 FR 37544; September 27, 1988), effective October 20, 1988, that subdivided restricted area R-4105 into R-4105A and R-4105B. Then, in 2014, the FAA published a rule in the **Federal Register** (79 FR 61989; October 16, 2014), effective November 17, 2014, that removed R-4105A and R-4105B. Therefore, the restricted area exclusion language in the V-58 description is no longer required.

The Proposal

The FAA is proposing an amendment to Title 14 Code of Federal Regulations (14 CFR) part 71 by modifying VOR Federal airways V-6, V-30, V-58, V-119, and V-226. The planned decommissioning of the VOR portion of the Clarion, PA, VOR/DME NAVAID has made this action necessary. The proposed VOR Federal airway changes are outlined below.

V-6: V-6 currently extends between the Oakland, CA, VOR/DME and the DuPage, IL, VOR/DME; between the intersection of the Chicago Heights, IL, VOR/Tactical Air Navigation (VORTAC) 358° and Gipper, MI, VORTAC 271° radials (NILES fix) and the intersection of the Gipper, MI, VORTAC 092° and Litchfield, MI, VOR/DME 196° radials (MODEM fix); and between the Clarion, PA, VOR/DME and the La Guardia, NY, VOR/DME. The FAA proposes to remove the airway segment overlying the Clarion, PA, VOR/DME between the Clarion, PA, VOR/DME and the Philipsburg, PA, VORTAC. The unaffected portions of the existing airway would remain as charted.

V-30: V-30 currently extends between the Badger, WI, VOR/DME and the Litchfield, MI, VOR/DME; and between the Clarion, PA, VOR/DME and the Solberg, NJ, VOR/DME. The FAA proposes to remove the airway segment overlying the Clarion, PA, VOR/DME between the Clarion, PA, VOR/DME and the Philipsburg, PA, VORTAC. The unaffected portions of the existing airway would remain as charted.

V-58: V-58 currently extends between the intersection of the Franklin, PA, VOR 176° and Clarion, PA, VOR/DME 222° radials (GRACE fix) and the Williamsport, PA, VOR/DME; and between the intersection of the Sparta, NJ, VORTAC 018° and Kingston, NY, VOR/DME 270° radials (HELON fix) and the Nantucket, MA, VOR/DME. The airspace within R-4105 is excluded during times of use. The FAA proposes to remove the airway segment between the Franklin, PA, VOR 176° and Clarion, PA, VOR/DME 222° radials (GRACE fix) and the Philipsburg, PA, VORTAC. Additionally, the restricted area exclusion language is proposed to be removed also. The unaffected portions of the existing airway would remain as charted.

V-119: V-119 currently extends between the Henderson, WV, VORTAC and the Clarion, PA, VOR/DME. The FAA proposes to remove the airway segment overlying the Clarion, PA, VOR/DME between the Indian Head, PA, VORTAC and the Clarion, PA, VOR/DME. The unaffected portions of the existing airway would remain as charted.

V-226: V-226 currently extends between the intersection of the Franklin, PA, VOR 175° and Clarion, PA, VOR/DME 222° radials (GRACE fix) and the Stillwater, NJ, VOR/DME. The FAA proposes to remove the airway segment overlying the Clarion, PA, VOR/DME between the intersection of the Franklin, PA, VOR 175° and Clarion, PA, VOR/DME 222° radials (GRACE fix) and the Keating, PA, VORTAC. The unaffected portions of the existing airway would remain as charted.

The NAVAID radials in the VOR Federal airway descriptions below are unchanged and stated in True degrees.

VOR Federal airways are published in paragraph 6010(a) of FAA Order 7400.11D, dated August 8, 2019, and effective September 15, 2019, which is incorporated by reference in 14 CFR 71.1. The ATS routes listed in this document would be subsequently published in the Order.

FAA Order 7400.11, Airspace Designations and Reporting Points, is published yearly and effective on September 15.

Regulatory Notices and Analyses

The FAA has determined that this proposed regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. It, therefore: (1) Is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant

rule" under Department of Transportation (DOT) Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that this proposed rule, when promulgated, will not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

Environmental Review

This proposal will be subject to an environmental analysis in accordance with FAA Order 1050.1F, "Environmental Impacts: Policies and Procedures" prior to any FAA final regulatory action.

List of Subjects in 14 CFR Part 71

Airspace, Incorporation by reference, Navigation (air).

The Proposed Amendment

In consideration of the foregoing, the Federal Aviation Administration proposes to amend 14 CFR part 71 as follows:

PART 71—DESIGNATION OF CLASS A, B, C, D, AND E AIRSPACE AREAS; AIR TRAFFIC SERVICE ROUTES; AND REPORTING POINTS

- 1. The authority citation for part 71 continues to read as follows:

Authority: 49 U.S.C. 106(f), 106(g); 40103, 40113, 40120; E.O. 10854, 24 FR 9565, 3 CFR, 1959–1963 Comp., p. 389.

§ 71.1 [Amended]

- 2. The incorporation by reference in 14 CFR 71.1 of FAA Order 7400.11D, Airspace Designations and Reporting Points, dated August 8, 2019, and effective September 15, 2019, is amended as follows:

Paragraph 6010(a) Domestic VOR Federal Airways.

* * * * *

V-6 [Amended]

From Oakland, CA; INT Oakland 039° and Sacramento, CA, 212° radials; Sacramento; Squaw Valley, CA; Mustang, NV; Lovelock, NV; Battle Mountain, NV; INT Battle Mountain 062° and Wells, NV, 256° radials; Wells; 5 miles, 40 miles, 98 MSL, 85 MSL, Lucin, UT; 43 miles, 85 MSL, Ogden, UT; 11 miles, 50 miles, 105 MSL, Fort Bridger, WY; Rock Springs, WY; 20 miles, 39 miles, 95 MSL, Cherokee, WY; 39 miles, 27 miles, 95 MSL, Medicine Bow, WY; INT Medicine Bow 106° and Sidney, NE, 291° radials; Sidney; North Platte, NE; Grand Island, NE; Omaha, IA; Des Moines, IA; Iowa City, IA; Davenport, IA; INT Davenport 087° and DuPage, IL, 255°

radials; to DuPage. From INT Chicago Heights, IL, 358° and Gipper, MI, 271° radials; Gipper; to INT Gipper 092° and Litchfield, MI, 196° radials. From Philipsburg, PA; Selinsgrove, PA; Allentown, PA; Solberg, NJ; INT Solberg 107° and Yardley, PA, 068° radials; INT Yardley 068° and La Guardia, NY, 213° radials; to La Guardia.

* * * * *

V-30 [Amended]

From Badger, WI; INT Badger 102° and Pullman, MI, 303° radials; Pullman; to Litchfield, MI. From Philipsburg, PA; Selinsgrove, PA; East Texas, PA; INT East Texas 095° and Solberg, NJ, 264° radials; to Solberg.

* * * * *

V-58 [Amended]

From Philipsburg, PA; to Williamsport, PA. From INT Sparta, NJ, 018° and Kingston, NY, 270° radials; Kingston; INT Kingston 095° and Hartford, CT, 269° radials; Hartford; Groton, CT; Sandy Point, RI; to Nantucket, MA.

* * * * *

V-119 [Amended]

From Henderson, WV; Parkersburg, WV; INT Parkersburg 067° and Indian Head, PA, 254° radials; to Indian Head.

* * * * *

V-226

From Keating, PA; Williamsport, PA; Wilkes-Barre, PA; to Stillwater, NJ.

* * * * *

Issued in Washington, DC, on August 7, 2020.

Scott M. Rosenbloom,

Acting Manager, Rules and Regulations Group.

DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

14 CFR Part 71

[Docket No. FAA-2020-0735; Airspace Docket No. 19-ANE-8]

RIN 2120-AA66

Proposed Amendment and Revocation of Air Traffic Service (ATS) Routes in the Vicinity of Lebanon, NH

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Notice of proposed rulemaking (NPRM).

SUMMARY: This action proposes to amend VHF Omnidirectional Range (VOR) Federal airways V-141, and V-542, and revoke airways V-151 and V-496, due to the planned

decommissioning of the Lebanon, NH, VOR/DME navigation aid which provides navigation guidance for segments of the routes. The Lebanon VOR/DME is planned for decommissioned as part of the FAA's VOR Minimum Operational Network (MON) program.

DATES: Comments must be received on or before September 28, 2020.

ADDRESSES: Send comments on this proposal to the U.S. Department of Transportation, Docket Operations, 1200 New Jersey Avenue SE, West Building Ground Floor, Room W12-140, Washington, DC 20590; telephone: 1 (800) 647-5527 or (202) 366-9826. You must identify FAA Docket No. FAA-2020-0735; Airspace Docket No. 19-ANE-8 at the beginning of your comments. You may also submit comments through the internet at <https://www.regulations.gov>.

FAA Order 7400.11D, Airspace Designations and Reporting Points, and subsequent amendments can be viewed online at https://www.faa.gov/air_traffic/publications/. For further information, you can contact the Rules and Regulations Group, Federal Aviation Administration, 800 Independence Avenue SW, Washington, DC 20591; telephone: (202) 267-8783. The Order is also available for inspection at the National Archives and Records Administration (NARA). For information on the availability of FAA Order 7400.11D at NARA, email fedreg.legal@nara.gov, or go to <https://www.archives.gov/federal-register/cfr/ibr-locations.html>.

FOR FURTHER INFORMATION CONTACT: Paul Gallant, Rules and Regulations Group, Office of Policy, Federal Aviation Administration, 800 Independence Avenue SW, Washington, DC 20591; telephone: (202) 267-8783.

SUPPLEMENTARY INFORMATION:

Authority for This Rulemaking

The FAA's authority to issue rules regarding aviation safety is found in Title 49 of the United States Code. Subtitle I, Section 106 describes the authority of the FAA Administrator. Subtitle VII, Aviation Programs, describes in more detail the scope of the agency's authority. This rulemaking is promulgated under the authority described in Subtitle VII, Part A, Subpart I, Section 40103. Under that section, the FAA is charged with prescribing regulations to assign the use of the airspace necessary to ensure the safety of aircraft and the efficient use of airspace. This regulation is within the scope of that authority as it would modify the VOR Federal airway route

structure in the northeastern United States to maintain the efficient flow of air traffic.

Comments Invited

Interested parties are invited to participate in this proposed rulemaking by submitting such written data, views, or arguments as they may desire. Comments that provide the factual basis supporting the views and suggestions presented are particularly helpful in developing reasoned regulatory decisions on the proposal. Comments are specifically invited on the overall regulatory, aeronautical, economic, environmental, and energy-related aspects of the proposal.

Communications should identify both docket numbers (FAA Docket No. FAA-2020-0735; Airspace Docket No. 19-ANE-8) and be submitted in triplicate to the Docket Management Facility (see **ADDRESSES** section for address and phone number). You may also submit comments through the internet at <https://www.regulations.gov>.

Commenters wishing the FAA to acknowledge receipt of their comments on this action must submit with those comments a self-addressed, stamped postcard on which the following statement is made: "Comments to FAA Docket No. FAA-2020-0735; Airspace Docket No. 19-ANE-8". The postcard will be date/time stamped and returned to the commenter.

All communications received on or before the specified comment closing date will be considered before taking action on the proposed rule. The proposal contained in this action may be changed in light of comments received. A report summarizing each substantive public contact with FAA personnel concerned with this rulemaking will be filed in the docket.

Availability of NPRM's

An electronic copy of this document may be downloaded through the internet at <https://www.regulations.gov>. Recently published rulemaking documents can also be accessed through the FAA's web page at https://www.faa.gov/air_traffic/publications/airspace_amendments/.

You may review the public docket containing the proposal, any comments received and any final disposition in person in the Dockets Office (see **ADDRESSES** section for address and phone number) between 9:00 a.m. and 5:00 p.m., Monday through Friday, except federal holidays. An informal docket may also be examined during normal business hours at the office of the Eastern Service Center, Federal Aviation Administration, Room 210,
