**National Oil and Hazardous Substances Pollution Contingency Plan; National Priorities List: Deletion of the Fairfax St. Wood Treaters Superfund Site**

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Final rule.

**SUMMARY:** The Environmental Protection Agency (EPA) Region 4 announces the deletion of the Fairfax St. Wood Treaters Superfund Site (Site) located in Jacksonville, Florida, from the National Priorities List (NPL). The NPL, promulgated pursuant to Section 105 of the Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA) of 1980, as amended, is an appendix of the National Oil and

Hazardous Substances Pollution Contingency Plan (NCP). The EPA and the State of Florida, through the Florida Department of Environmental Protection (FDEP), have determined that all appropriate response actions under CERCLA, have been completed. However, this deletion does not preclude future actions under Superfund.

**DATES:** This action is effective August 18, 2020.

**ADDRESSES:**

*Docket:* The EPA has established a docket for this action under Docket Identification No. EPA–HQ–SFUND–2012–0063. All documents in the docket are listed on the <http://www.regulations.gov> website. Although listed in the index, some information is not publicly available, *i.e.*, Confidential Business Information or other information whose disclosure is restricted by statute. Certain other material, such as copyrighted material, is not placed on the internet and will be publicly available only in hard copy form.

The EPA is temporarily suspending its Docket Center and Regional Records Centers for public visitors to reduce the risk of transmitting COVID–19. In

addition, many site information repositories are closed and information in these repositories, including the deletion docket, has not been updated with hardcopy or electronic media. For further information and updates on EPA Docket Center services, please visit us online at <https://www.epa.gov/dockets>.

The EPA continues to carefully and continuously monitor information from the Centers for Disease Control and Prevention (CDC), local area health departments, and our Federal partners so that we can respond rapidly as conditions change regarding COVID.

**SUPPLEMENTARY INFORMATION:** The site to be deleted from the NPL is: Fairfax St. Wood Treaters Superfund Site, Jacksonville, Florida. A Notice of Intent to Delete for this Site was published in the **Federal Register** (85 FR 36368 citation) on June 16, 2020.

The closing date for comments on the Notice of Intent to Delete was July 16, 2020. One public comment was

received. The comment received was not related to the deletion rule-making. A responsiveness summary was prepared and placed in the docket, EPA-HQ-SFUND-2012-0063, on <https://www.regulations.gov>.

The EPA maintains the NPL as the list of sites that appear to present a significant risk to public health, welfare, or the environment. Deletion from the NPL does not preclude further remedial action. Whenever there is a significant release from a site deleted from the NPL, the deleted site may be restored to the NPL without application of the hazard ranking system. Deletion of a site from the NPL does not affect responsible party liability in the unlikely event that future conditions warrant further actions.

### Federal Motor Carrier Safety Administration

#### 49 CFR Part 396

[Docket No. FMCSA-2019-0075]

RIN 2126-AC29

#### Passenger Carrier No-Defect Driver Vehicle Inspection Reports

AGENCY: Federal Motor Carrier Safety Administration (FMCSA), Transportation (DOT).

**ACTION:** Final rule.

**SUMMARY:** FMCSA rescinds the requirement that drivers of passenger-carrying commercial motor vehicles (CMVs) operating in interstate commerce submit, and motor carriers retain, driver-vehicle inspection reports (DVIRs) when the driver has neither found nor been made aware of any vehicle defects or deficiencies (no-defect DVIRs). This final rule removes an information collection burden without adversely impacting safety.

**DATES:** Effective September 17, 2020.

**FOR FURTHER INFORMATION CONTACT:** Mr. José Cestero, Vehicle and Roadside Operations Division, Federal Motor Carrier Safety Administration, 1200 New Jersey Avenue SE, Washington, DC 20590-0001, (202) 366-5541, [jose.cestero@dot.gov](mailto:jose.cestero@dot.gov).

#### I. Rulemaking Documents

##### A. Availability of Rulemaking Documents

For access to docket FMCSA-2019-0075 to read background documents and comments received, go to <http://www.regulations.gov/#!docketDetail;D=FMCSA-2019-0075> at any time, or to Docket Operations at U.S. Department of Transportation, Room W12-140, 1200 New Jersey Avenue SE, Washington, DC 20590, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays.

##### B. Privacy Act

In accordance with 5 U.S.C. 553(c), DOT solicits comments from the public to better inform its rulemaking process. DOT posts these comments, without edit, including any personal information the commenter provides, to [www.regulations.gov](http://www.regulations.gov), as described in the system of records notice (DOT/ALL-14 FDMS), which can be reviewed at [www.transportation.gov/privacy](http://www.transportation.gov/privacy).

#### II. Executive Summary

This rule affects all passenger carriers currently subject to 49 CFR 396.11, Driver vehicle inspection reports (DVIR). As a result of the Agency's ongoing effort to evaluate existing regulations for necessity and effectiveness, FMCSA rescinds the requirement that drivers of passenger-carrying commercial motor vehicles (CMVs) operating in interstate commerce submit, and motor carriers retain, DVIRs when the driver has neither found nor been made aware of any vehicle defects or deficiencies (no-defect DVIRs). This final rule removes an information collection burden without impacting safety adversely.

#### Benefits and Costs

Current regulations require drivers employed by passenger carriers—except drivers for private (nonbusiness) passenger carriers, driveaway-towaway operations, or those operating only one CMV—to report on the DVIR any vehicle defects noted or discovered during a driving day that would affect the safe operation of the CMV or result in a mechanical breakdown. Drivers must submit this report to the employing passenger carrier so that repairs can be made. Prior to this final rule, § 396.11(a)(2) required drivers of passenger-carrying CMVs to file the DVIR even if there were no vehicle defects to report. Motor carriers were required to maintain the original DVIR, the certification of repairs, and the certification of the driver's review for 3 months from the date the written report was prepared. This final rule eliminates the need for a driver to file, and a motor carrier to maintain, a no-defect DVIR.

The Agency estimates that passenger-carrying CMV drivers spend approximately 2.4 million hours each year completing no-defect DVIRs, and that the final rule will result in potential cost savings of \$74 million per year. There is no discernible safety benefit to this no defect DVIR burden. The Agency estimates that this rulemaking will result in reduced government-imposed costs, and therefore is a deregulatory action under Executive Order (E.O.) 13771, “Reducing Regulation and Controlling Regulatory Costs” (issued January 30, 2017, and published February 3, 2017, at 82 FR 9339).

#### III. Legal Basis for the Rulemaking

This final rule is based on the authority of the Motor Carrier Act of 1935 (1935 Act) (49 U.S.C. 31502(b)) and the Motor Carrier Safety Act of 1984 (1984 Act) (49 U.S.C. 31136(a)), both of which are broadly discretionary.

The 1935 Act provides that the Secretary of Transportation (Secretary) may prescribe requirements for the following:

- Qualifications and maximum hours of service of employees of, and safety of operation and equipment of, a motor carrier (section 31502(b)(1)) and
- Qualifications and maximum hours of service of employees of, and standards of equipment of, a motor private carrier, when needed to promote safety of operation (section 31502(b)(2)).

This rulemaking is based on the Secretary's authority under section 31502(b)(1) and (2).

The 1984 Act authorizes the Secretary to regulate drivers, motor carriers, and vehicle equipment. Section 31136(a)
