SUPPLEMENTARY INFORMATION:

I. Background

The General Services Administration (GSA) is issuing a final rule amending the General Services Administration Acquisition Regulation (GSAR) at Part 501, General Services Administration Acquisition Regulation System; and Part 570, Acquiring Leasehold Interests in Real Property.

These amendments update the GSAR with the current forms used and remove any reference to forms no longer used.

II. Authority for This Rulemaking

Title 40 of the United States Code (U.S.C.) Section 121 authorizes GSA to issue regulations, including the GSAR, to control the relationship between GSA and contractors.

III. Discussion and Analysis

Within Part 501, the GSA is amending GSAR 501.106, which includes a chart for any references within the GSAR that have a corresponding OMB Control Number required for information collection. GSA Forms 72A and 618D are currently listed within the chart, however both are now obsolete and have no reference within the GSAR. This case removes the references to these forms and their corresponding OMB Control Number. Also, this chart does not include GSA Form 1217, which is currently used and referenced within the GSAR. This case will add GSA Form 1217 and its corresponding OMB Control Number into the chart found at 501.106.

The amendment to Part 570 occurs at 570.802, which includes the use of GSA Forms during the lease process. The amendment is removing the paragraph which references GSA Form 276, which is no longer used by Public Buildings Service Leasing.

IV. Executive Orders 12866 and 13563

Executive Orders (E.O.s) 12866 and 13563 direct agencies to assess all costs and benefits of available regulatory alternatives and, if regulation is necessary, to select regulatory approaches that maximize net benefits (including potential economic,

environmental, public health and safety effects, distributive impacts, and equity). E.O. 13563 emphasizes the importance of quantifying both costs and benefits, of reducing costs, of harmonizing rules, and of promoting flexibility. This is not a significant regulatory action and, therefore, was not subject to review under section 6(b) of E.O. 12866, Regulatory Planning and Review, dated September 30, 1993. This rule is not a major rule under 5 U.S.C. 804.

V. Executive Order 13771

This final rule is not subject to E.O. 13771, because this rule is not a significant regulatory action under E.O. 12866.

VI. Regulatory Flexibility Act

The Regulation Flexibility Act does not apply to this rule, because this final rule does not constitute a significant GSAR revision, and 41 U.S.C. 1707 does not require publication for public comment.

VII. Paperwork Reduction Act

Although the final rule involves forms which reference OMB control numbers, there are no changes which involve a new OMB control number. Therefore, this final rule does not contain any information collection requirements that require the approval of the Office of Management and Budget under the Paperwork Reduction Act (44 U.S.C. chapter 35).

General Services Administration Acquisition Regulation; Task-Order and Delivery-Order Ombudsman Update

AGENCY: Office of Acquisition Policy, General Services Administration (GSA).

ACTION: Direct final rule with request for comments.

SUMMARY: This direct final rule amends the General Services Administration Acquisition Regulation (GSAR) to remove text duplicative to the Federal Acquisition Regulation (FAR) regarding the Task-Order and Delivery-Order Ombudsman.

DATES: This final rule is effective on October 19, 2020 without further notice unless adverse comments are received by September 18, 2020. If GSA receives adverse comments, we will publish a timely withdrawal in the **Federal Register** informing the public that the rule will not take effect.

any), and “GSAR Case 2020–G526” on your attached document.

Comments received generally will be posted without change to <https://www.regulations.gov>, including any personal and/or business confidential information provided. FOR FURTHER INFORMATION CONTACT: Mr. Tanner Slaughter, GSA Acquisition Policy Division, at gsarpolicy@gsa.gov, for clarification of content. For information pertaining to status or publication schedules, contact the Regulatory Secretariat at 202–501–4755. Please cite GSAR Case 2020–G526.

SUPPLEMENTARY INFORMATION:

I. Background

Federal Acquisition Circular 2019–04 made changes to FAR 16.505(b)(8), 16.506(j), and 52.216–32. These changes provided for making available to contractors under multiple-award indefinite-delivery indefinite-quantity (IDIQ) contracts the name and contact information of the contracting agency’s Task-Order and Delivery-Order Ombudsman. This information is being made available pursuant to 41 U.S.C. 4106(g), which provides that all contractors awarded this type of contract shall be provided a fair opportunity to be considered for each award of an order against the contract. The Ombudsman at each agency reviews complaints raised by contractors on this type of contract and ensures that each contractor has a fair opportunity to compete for task and delivery orders.

These changes to the FAR rendered text at GSAR 516.506, 552.216–74, and 552.216–76 duplicative. Because the GSAR serves as a supplement to the FAR, it is appropriate to remove text from the GSAR when such text has become duplicative of FAR text.

II. Authority for This Rulemaking

Title 40 of the United States Code (U.S.C.) Section 121 authorizes GSA to issue regulations, including the GSAR, to control the relationship between GSA and contractors. The GSAR supplements the FAR. By eliminating GSAR text that is duplicative of FAR text, GSA is acting in keeping with the GSAR’s purpose as a supplementary acquisition regulation.

III. Discussion and Analysis

GSA is amending the GSAR at parts 516, Types of Contracts, and 552,
