E.O. 13771 deregulatory actions are final actions that have total costs less than zero. Also, under E.O. 13771, regulatory actions that expand production options, which are considered to be “enabling rules,” generally qualify as E.O. 13771 deregulatory actions. This interim final rule decontrols hemp, hemp extracts and FDA-approved products containing CBD, and it results in cost savings to the public, as discussed above. Accordingly, DEA has determined that this interim final rule is an E.O. 13771 Deregulatory Action.

#### *Executive Order 12988*

This interim final rule meets the applicable standards set forth in sections 3(a) and 3(b)(2) of E.O. 12988, Civil Justice Reform, to eliminate ambiguity, minimize litigation, establish clear legal standards, and reduce burdens.

#### *Executive Order 13132*

This rulemaking does not preempt or modify any provision of State law, impose enforcement responsibilities on any State, or diminish the power of any State to enforce its own laws. Accordingly, this rulemaking does not have federalism implications warranting the application of E.O. 13132.

#### *Executive Order 13175*

This interim final rule is required by statute, and will not have tribal implications or impose substantial direct compliance costs on Indian tribal governments.

#### *Regulatory Flexibility Act*

The Regulatory Flexibility Act (RFA) applies to rules that are subject to notice and comment under section 553(b) of the Administrative Procedure Act (5 U.S.C. 553). As explained in the interim final rule, DEA determined that there was good cause to exempt this interim final rule from pre-publication notice and comment. Consequently, the RFA does not apply to this interim final rule.

#### *Paperwork Reduction Act of 1995*

This interim final rule does not involve a collection of information within the meaning of the Paperwork Reduction Act of 1995, 44 U.S.C. 3501–21.

#### *Unfunded Mandates Reform Act of 1995*

This interim final rule will not result in the expenditure by State, local, and tribal governments, in the aggregate, or

by the private sector, of \$136,000,000 or more (adjusted for inflation) in any one year, and will not significantly or uniquely affect small governments. Therefore, no actions were deemed necessary under the provisions of the Unfunded Mandates Reform Act of 1995, 2 U.S.C. 1532.

#### *Congressional Review Act*

This interim final rule is not a major rule as defined by the Congressional Review Act (CRA) (5 U.S.C. 804). DEA is submitting the required reports with a copy of this interim final rule to both Houses of Congress and to the Comptroller General.

##### **Surface Transportation— Administrative Vehicle Management**

**AGENCY:** U.S. Army Corps of Engineers, Department of Defense (DoD).

**ACTION:** Final rule.

**SUMMARY:** This final rule removes the U.S. Army Corps of Engineers' part titled Surface Transportation—Administrative Vehicle Management. This part is out-of-date and otherwise covers internal agency operations that have no public compliance component or adverse public impact. Therefore, this part can be removed from the CFR.

**DATES:** This rule is effective on August 21, 2020.

**ADDRESSES:** Department of the Army, U.S. Army Corps of Engineers, ATTN: CECW-P (Ms. Patricia Mutschler), 441 G Street NW, Washington, DC 20314-1000.

**FOR FURTHER INFORMATION CONTACT:** Ms. Patricia Mutschler at 202-761-4744 or by email at [Patricia.L.Mutschler@usace.army.mil](mailto:Patricia.L.Mutschler@usace.army.mil).

**SUPPLEMENTARY INFORMATION:** This final rule removes the U.S. Army Corps of Engineers' 32 CFR part 625, Surface Transportation—Administrative Vehicle Management. The solicitation of public comment is unnecessary as each removed section in this part is out-of-date and otherwise covers internal agency operations that have no public compliance component or adverse public impact. The regulation was initially promulgated on November 2, 1979 (44 FR 63099) to provide guidance and authorize dependents to accompany a Corps employee on Temporary Duty (TDY) in a Government-owned or leased motor vehicle. The regulation was promulgated for transparency purposes despite the content being directed solely to the issuing agency with no impact to the public.

The removal of 32 CFR part 625 will bring the U.S. Army Corps of Engineers into compliance with DoD Manual 4500.36, "Acquisition, Management, and Use of DoD Non-Tactical Vehicles" (available at <https://www.esd.whs.mil/Portals/54/Documents/DD/issuances/dodm/450036m.pdf?ver=2018-12-20-085741-153>); and Army Regulation 58-1, "Management, Acquisition, and Use of Motor Vehicles" (available at <https://api.army.mil/e2/c/downloads/455098.pdf>), which do not allow for the transportation of dependents in non-tactical vehicles provided for DoD personnel when on Temporary Duty (TDY).

This removal is being conducted to provide clarity and reduce confusion for the public as well as for the Corps regarding the current policy which governs the Corps' use of non-tactical vehicles. The removal of the regulation will ensure the Corps' policy complies with existing DoD and Army internal

agency guidance which has no future effect on the behavior of regulated parties and which can be found at the sources provided in this **SUPPLEMENTARY INFORMATION** section. In an effort to reduce the number of regulations the Corps has promulgated, the removal of an out-of-date regulation which is also out of compliance with current agency policy is appropriate. The regulation does not place a burden on the public; therefore, its removal does not provide a reduction in public burden or costs.

This rule is not significant under Executive Order (E.O.) 12866, "Regulatory Planning and Review." Therefore, the requirements of E.O. 13771, "Reducing Regulation and Controlling Regulatory Costs," do not apply.

This removal supports a recommendation of the DoD Regulatory Reform Task Force.

**List of Subjects in 32 CFR part 625**

Engineers Corps, Government employees, Government property management, Motor vehicles.

Accordingly, for the reasons stated in the preamble and under the authority of 5 U.S.C. 301, the Corps of Engineers removes 32 CFR part 625.

Dated: July 28, 2020.

NPRM Notice of proposed rulemaking  
§ Section  
U.S.C. United States Code

**II. Background Information and Regulatory History**

The Coast Guard is issuing this temporary rule without prior notice and opportunity to comment pursuant to authority under section 4(a) of the Administrative Procedure Act (APA) (5 U.S.C. 553(b)). This provision authorizes an agency to issue a rule without prior notice and opportunity to comment when the agency for good cause finds that those procedures are "impracticable, unnecessary, or contrary to the public interest." Under 5 U.S.C. 553(b)(B), the Coast Guard finds that good cause exists for not publishing a notice of proposed rulemaking (NPRM) with respect to this rule because of the hazards associated with the Boat in Movie night, and the need to address public safety via the implementation of a special local regulation. It is impracticable to publish an NPRM because we must establish this special local regulation by August 22, 2020.

Under 5 U.S.C. 553(d)(3), the Coast Guard finds that good cause exists for making this rule effective less than 30 days after publication in the **Federal Register**. Delaying the effective date of this rule would be impracticable and contrary to the public interest.

**III. Legal Authority and Need for Rule**

The Coast Guard is issuing this rule under authority in 46 U.S.C. 70034 (previously 33 U.S.C. 1231). The Captain of the Port Sector Ohio Valley
