AGENCY: Federal Aviation Administration (FAA), Transportation (DOT).

ACTION: Notice of Intent of Waiver with respect to land use change from aeronautical to non-aeronautical.

SUMMARY: The Federal Aviation Administration (FAA) is considering a proposal from the Lexington Airport Authority (sponsor), Lexington, NE, to release a 6.92 acres parcel of land from the federal obligation dedicating it to aeronautical use and to authorize this parcel to be used for revenue-producing, non-aeronautical purposes.

DATES: Comments must be received on or before September 21, 2020.

ADDRESSES: Comments on this application may be mailed or delivered to the FAA at the following address: Amy J. Walter, Airports Land Specialist, Federal Aviation Administration, Airports Division, ACE-620G, 901 Locust, Room 364, Kansas City, MO 64106.

In addition, one copy of any comments submitted to the FAA must be mailed or delivered to: Nathan

Masten, Manager, Jim Kelly Field Airport, 1501 North Airport Road, Lexington, Nebraska 68850.

FOR FURTHER INFORMATION CONTACT: Amy J. Walter, Airports Land Specialist, Federal Aviation Administration, Airports Division, ACE-620G, 901 Locust, Room 364, Kansas City, MO 64106, (816) 329-2603, amy.walter@faa.gov.

SUPPLEMENTARY INFORMATION: The FAA invites public comment on the request to change one tract of land consisting of 6.92 acres of airport property at the Jim Kelly Field Airport (LXN) from aeronautical use to non-aeronautical use to produce income for the airport. The parcel of land is located along North Airport Road. This parcel will be leased for the construction and operation of a solar photovoltaic electricity generating facility.

No airport landside or airside facilities are presently located on this parcel, nor are airport developments contemplated in the future. There is no current use of the surface of the parcel. The parcel will serve as a revenue producing lot with the proposed change from aeronautical to non-aeronautical. The request submitted by the Sponsor meets the procedural requirements of the Federal Aviation Administration and the change to non-aeronautical status of the property does not and will not impact future aviation needs at the airport. The FAA may approve the request, in whole or in part, no sooner than thirty days after the publication of this Notice.

The following is a brief overview of the request:

The Jim Kelly Field Airport (LXN) is proposing the land use release of airport property containing 6.92 acres, more or less from aeronautical to non-aeronautical. The land use release is necessary to comply with Federal Aviation Administration Grant Assurances that do not allow federally acquired airport property to be used for non-aviation purposes. The rental of the subject property will result in the land at the Jim Kelly Field Airport (LXN) being changed from aeronautical to non-aeronautical use and release the lands from the conditions of the Airport Improvement Program Grant Agreement Grant Assurances. In accordance with 49 U.S.C. 47107(c)(2)(B)(i) and (iii), the airport will receive fair market rental value for the property. The annual income from lease payments will generate a long-term, revenue-producing stream that will further the Sponsor's obligation under FAA Grant Assurance number 24, to make the Jim Kelly Field Airport as financially self-sufficient as
