Employment and Training Administration

Notice of a Change in Status of the Extended Benefit (EB) Program for Illinois

AGENCY: Employment and Training Administration, Labor.

ACTION: Notice.

This notice announces a change in benefit period eligibility under the EB program for Illinois.

The following change has occurred since the publication of the last notice regarding the States' EB status:

It was determined that Illinois State law provides for the temporary adoption of the TUR trigger during periods of 100% Federal financing. Based on data released by the Bureau of Labor Statistics on June 19, 2020, the seasonally-adjusted total unemployment rates for Illinois exceeded 8.0 percent was greater than 110 percent in both the prior or second prior year, triggering Illinois "on" to a high unemployment periods (HUP) in EB. The HUP in Illinois is retroactive to July 5, 2020, and the maximum potential entitlement for eligible claimants in the EB program has increased from up to 13 weeks of potential duration to up to 20 weeks of potential duration.

The trigger notice covering state eligibility for the EB program can be found at: http://ows.doleta.gov/unemploy/claims_arch.as.

Information for Claimants

The duration of benefits payable in the EB program, and the terms and conditions on which they are payable, are governed by the Federal-State Extended Unemployment Compensation Act of 1970, as amended, and the operating instructions issued to the states by the U.S. Department of Labor. In the case of a state beginning an EB period, the State Workforce Agency will furnish a written notice of potential entitlement to each individual who has

exhausted all rights to regular benefits and is potentially eligible for EB (20 CFR 615.13(c)(1)).

Persons who believe they may be entitled to EB, or who wish to inquire about their rights under the program, should contact their State Workforce Agency.
