

Profiles (ESPs), the Economic Stock assessment and Fishery Evaluation (SAFE), Essential Fish Habitat (EFH), VAST applications, survey loss uncertainty and survey prioritization.

Wednesday, September 9, 2020

The BSAI Groundfish Plan Team will review stock assessment updates and reports on EBS pollock, BSAI Pacific cod and the Northern Bering Sea Pacific cod tagging project, Blackspotted/Rougheye rockfish, Northern rock sole, and Yellowfin sole.

Thursday, September 10, 2020

The GOA Groundfish Plan Team will review stock assessment updates and reports on GOA pollock, Pacific cod, Pacific Ocean perch, and survey optimization. The agenda is subject to change, and the latest version will be posted at <https://meetings.npfmc.org/Meeting/Details/1563> prior to the meeting, along with meeting materials.

#### Connection Information

You can attend the meeting online using a computer, tablet, or smart phone; or by phone only. Connection information will be posted online at: <https://meetings.npfmc.org/Meeting/Details/1563>.

#### Public Comment

Public comment letters should be submitted electronically to <https://meetings.npfmc.org/Meeting/Details/1563>.

#### Special Accommodations

These meetings are physically accessible to people with disabilities. Requests should be directed to Shannon Gleason at (907) 903-3107 at least 7 working days prior to the meeting date.

**Authority:** 16 U.S.C. 1801 *et seq.*

Dated: August 18, 2020.

**Tracey L. Thompson,**

*Acting Deputy Director, Office of Sustainable Fisheries, National Marine Fisheries Service.*

## DEPARTMENT OF COMMERCE

### National Oceanic and Atmospheric Administration

[RTID 0648-XA369]

#### Fisheries of the South Atlantic; Southeast Data, Assessment, and Review (SEDAR); Public Meetings

**AGENCY:** National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

**ACTION:** Notice of scheduled SEDAR 73 South Atlantic Red Snapper Data Webinar.

**SUMMARY:** The SEDAR 73 assessment of the South Atlantic stock of Red Snapper will consist of a Data webinar, an in-person workshop, and a series of assessment webinars.

**DATES:** The SEDAR 73 South Atlantic Red Snapper Data Webinar has been scheduled for Wednesday September 9, 2020, from 9 a.m. to 12 p.m. EDT.

**ADDRESSES:**

*Meeting address:* The meeting will be held via webinar. The webinar is open to members of the public. Registration is available online at: <https://attendee.gotowebinar.com/register/3996526164054126862>.

*SEDAR address:* South Atlantic Fishery Management Council, 4055 Faber Place Drive, Suite 201, N. Charleston, SC 29405; [www.sedarweb.org](http://www.sedarweb.org).

**FOR FURTHER INFORMATION CONTACT:**

Kathleen Howington, SEDAR Coordinator, 4055 Faber Place Drive, Suite 201, North Charleston, SC 29405; phone: (843) 573-4373; email: [Kathleen.Howington@safmc.net](mailto:Kathleen.Howington@safmc.net).

**SUPPLEMENTARY INFORMATION:** The Gulf of Mexico, South Atlantic, and Caribbean Fishery Management Councils, in conjunction with NOAA Fisheries and the Atlantic and Gulf States Marine Fisheries Commissions, have implemented the Southeast Data, Assessment and Review (SEDAR) process, a multi-step method for determining the status of fish stocks in the Southeast Region. SEDAR is a three-step process including: (1) Data Workshop; (2) Assessment Process utilizing webinars; and (3) Review Workshop. The product of the Data Workshop is a data report which compiles and evaluates potential datasets and recommends which datasets are appropriate for assessment analyses. The product of the Assessment Process is a stock assessment report which describes the fisheries, evaluates the status of the stock, estimates biological benchmarks, projects future population conditions, and recommends research and monitoring needs. The assessment is independently peer reviewed at the Review Workshop. The product of the Review Workshop is a Summary documenting panel opinions regarding the strengths and weaknesses of the stock assessment and input data. Participants for SEDAR Workshops are appointed by the Gulf of Mexico, South Atlantic, and Caribbean Fishery Management Councils and NOAA Fisheries Southeast Regional Office,

Highly Migratory Species Management Division, and Southeast Fisheries Science Center. Participants include: Data collectors and database managers; stock assessment scientists, biologists, and researchers; constituency representatives including fishermen, environmentalists, and non-governmental organizations (NGOs); international experts; and staff of Councils, Commissions, and state and federal agencies.

The items of discussion at the SEDAR 73 South Atlantic Red Snapper Data Webinar are as follows:

- Identify and discuss data issues

Although non-emergency issues not contained in this agenda may come before this group for discussion, those issues may not be the subject of formal action during this meeting. Action will be restricted to those issues specifically identified in this notice and any issues arising after publication of this notice that require emergency action under section 305(c) of the Magnuson-Stevens Fishery Conservation and Management Act, provided the public has been notified of the intent to take final action to address the emergency.

#### Special Accommodations

This meeting is accessible to people with disabilities. Requests for auxiliary aids should be directed to the South Atlantic Fishery Management Council office (see **ADDRESSES**) at least 5 business days prior to the meeting.

**Note:** The times and sequence specified in this agenda are subject to change.

**Authority:** 16 U.S.C. 1801 *et seq.*

Dated: August 18, 2020.

**Tracey L. Thompson,**

*Acting Deputy Director, Office of Sustainable Fisheries, National Marine Fisheries Service.*

## CONSUMER PRODUCT SAFETY COMMISSION

[Docket No. CPSC-2006-0057]

#### Notice of Availability: Revisions to the Plan Documented in NIST Technical Note 2048: Simulation and Analysis Plan To Evaluate the Impact of CO Mitigation Requirements for Portable Generators

**AGENCY:** Consumer Product Safety Commission.

**ACTION:** Notice of availability.

**SUMMARY:** In July 2019, the Consumer Product Safety Commission (CPSC) announced the availability of, and

sought public comment on, a document related to CPSC's efforts to address carbon monoxide poisoning hazards from portable generators: NIST Technical Note 2048: *Simulation and Analysis Plan to Evaluate the Impact of CO Mitigation Requirements for Portable Generators* (NIST TN 2048). The CPSC is announcing the availability of "Revisions to the Plan Documented in NIST Technical Note 2048: *Simulation and Analysis Plan to Evaluate the Impact of CO Mitigation Requirements for Portable Generators*," a memorandum documenting CPSC staff's revisions to the plan in NIST TN 2048, resulting from CPSC and National Institute of Standards and Technology (NIST) staffs' review and analysis of public comments on the plan.

**ADDRESSES:** "Revisions to the Plan Documented in NIST Technical Note 2048: *Simulation and Analysis Plan to Evaluate the Impact of CO Mitigation Requirements for Portable Generators*," is available on the CPSC website at: <https://www.cpsc.gov/Research-Statistics/Injury-Statistics#portable-generators-and-engine-driven-tools>. The document will also be made available through the Federal eRulemaking Portal at <https://www.regulations.gov>, under Docket No. CPSC-2006-0057, Supporting and Related Materials. Copies are also available from the Consumer Product Safety Commission, Division of the Secretariat, Room 820, 4330 East West Highway, Bethesda, MD 20814; telephone: 301-504-7479; email [cpsc-os@cpsc.gov](mailto:cpsc-os@cpsc.gov).

**FOR FURTHER INFORMATION CONTACT:** Janet Buyer, Project Manager, Directorate for Engineering Sciences, Consumer Product Safety Commission, 5 Research Place, Rockville, MD 20850; telephone: 301-987-2293; email: [jbuyer@cpsc.gov](mailto:jbuyer@cpsc.gov).

**SUPPLEMENTARY INFORMATION:** The CPSC is engaged in an ongoing effort to address carbon monoxide (CO) poisonings of consumers from portable generators.<sup>1</sup> NIST staff and CPSC staff

developed a plan that would enable CPSC staff to estimate the effectiveness of CO-mitigation requirements adopted in two voluntary standards in 2018: *ANSI/PGMA G300-2018, Safety and Performance of Portable Generators* (PGMA G300) and *ANSI/UL 2201-2018, Carbon Monoxide (CO) Emission Rate of Portable Generators* (UL 2201). PGMA G300 has requirements for a system that will shut off the generator when specific CO concentrations are present near the generator, as well as notification requirements to alert the user to the presence of CO after the generator has shut off. UL 2201 has requirements for a system that will shut off the generator when specific CO concentrations are present near the generator and a requirement for a reduced CO emission rate.

NIST TN 2048 is intended to provide a reasonable test of how generators complying with each standard operate in a wide range of conditions. In July 2019, the Commission announced the availability of, and sought public comment on, NIST TN 2048 (84 FR 32729 (July 9, 2010)). On August 8, 2019, CPSC staff hosted a public meeting to allow interested parties to ask clarifying questions about information in NIST TN 2048, to assist the interested parties in providing their comments.<sup>2</sup> NIST TN 2048 is available on NIST's website at: <http://dx.doi.org/10.6028/NIST.TN.2048>, and from the Commission's Division of the Secretariat, at the location listed in the **ADDRESSES** section of this notice.

Four sets of comments were submitted into the docket on [regulations.gov](https://www.regulations.gov) in response to the Notice of Availability of NIST TN 2048.<sup>3</sup> The purpose of CPSC staff's memorandum, "Revisions to the Plan Documented in NIST Technical Note 2048: *Simulation and Analysis Plan to*

<sup>2</sup> U.S. Consumer Product Safety Commission Log of Meeting, dated August 8, 2019. Available online at: <https://www.cpsc.gov/s3fs-public/2019-8-8%20%20Public%20Meeting%20to%20Answer%20Clarifying%20Questions%20on%20NIST%20TN%202048.pdf?wcYot3.N1c5yJ686gJjiRPNaPOteO118>.

<sup>3</sup> The comments are available online at: [www.regulations.gov](https://www.regulations.gov), under docket CPSC-2006-0057.

*Evaluate the Impact of CO Mitigation Requirements for Portable Generators*," is to document staff's revisions to NIST TN 2048 resulting from CPSC and NIST staffs' review and analysis of the comments. CPSC staff's memorandum is available at: <https://www.cpsc.gov/Research-Statistics/Injury-Statistics#portable-generators-and-engine-driven-tools>, at: <https://www.regulations.gov>, under Docket No. CPSC-2006-0057, Supporting and Related Materials, and from the Commission's Division of the Secretariat. Staff is working with NIST to execute the revised simulation plan.

**Alberta E. Mills,**  
Secretary, Consumer Product Safety Commission.

## DEPARTMENT OF DEFENSE

### Office of the Secretary

[Transmittal No. 20-27]

#### Arms Sales Notification

**AGENCY:** Defense Security Cooperation Agency, Department of Defense.

**ACTION:** Arms sales notice.

**SUMMARY:** The Department of Defense is publishing the unclassified text of an arms sales notification.

**FOR FURTHER INFORMATION CONTACT:** Karma Job at [karma.d.job.civ@mail.mil](mailto:karma.d.job.civ@mail.mil) or (703) 697-8976.

**SUPPLEMENTARY INFORMATION:** This 36(b)(1) arms sales notification is published to fulfill the requirements of section 155 of Public Law 104-164 dated July 21, 1996. The following is a copy of a letter to the Speaker of the House of Representatives, Transmittal 20-27 with attached Policy Justification and Sensitivity of Technology.

Dated: August 11, 2020.

**Aaron T. Siegel,**  
Alternate OSD Federal Register Liaison Officer, Department of Defense.

**BILLING CODE 5001-06-P**

<sup>1</sup> On November 21, 2016, the Commission published a notice of proposed rulemaking (NPRM) to address the CO hazard associated with portable generators. (*Safety Standard for Portable Generators*, 81 FR 83,556).
