Information in this system includes both paper and electronic records. The paper records, documents, and files are maintained in file cabinets that are located in OMD and OGC, and in the bureaus and offices (B/Os) of the FCC staff who provide the responses to such claims. The electronic records, files, and data are stored in the FCC's computer network.

Access to the electronic files is restricted to authorized OMD and OGC employees and contractors, and to employees and contractors in other B/Os who require access, as required, for specific purposes related to the private or civil injury claim processes; and to IT staff,

Paper records (*e.g.*, SF Form 95 and related claims' documents and materials) are kept in file cabinets in the OMD and OGC office suites. The file cabinets containing these paper records are maintained in non-public rooms in the OMD, OGC, and B/O suites. The file cabinets are locked at the end of the day, or when not in use. Access to these office suites is through card-coded doors. The access points to these offices are also monitored. Only authorized OMD, OGC, and B/O supervisors and staff who are responsible for responding to these claims have access to these paper records. Other FCC employees and contractors in other B/Os may be granted access as required, on a temporary or limited basis for specific purposes related to the private or civil injury claim processes. The same storage and security measures apply to these loaned documents.
