OMB previously approved the collection of information under control number 3041-0136. OMB's most recent extension of approval will expire on

September 30, 2020. On June 15, 2020, the CPSC published a notice in the **Federal Register** to announce the agency's intention to seek extension of approval of the collection of information. The Commission received no comments. Therefore, by publication of this notice, the Commission announces that CPSC has submitted to the OMB a request for extension of approval of that collection of information, without change.

SUPPLEMENTARY INFORMATION: On June 15, 2020, the CPSC published a notice in the **Federal Register** to announce the agency's intention to seek extension of approval of the collection of information. 85 FR 36190. The Commission received no comments. CPSC seeks to renew the following currently approved collection of information:

Burden Hours

Title: Consumer Focus Groups.

OMB Number: 3041-0136.

Type of Review: Renewal of collection.

Frequency of Response: On occasion.

Affected Public: Consumers.

Estimated Number of Respondents: 650 participants.

Estimated Time per Response: 3 hours.

Total Estimated Annual Burden: 1,950 hours (650 participants × 3 hours).

General Description of Collection: Section 5(a) of the Consumer Product Safety Act (CPSA), 15 U.S.C. 2054(a), authorizes the Commission to conduct studies and investigations relating to the causes and prevention of deaths, accidents, injuries, illnesses, other

health impairments, and economic losses associated with consumer products. Section 5(b) of the CPSA, 15 U.S.C. 2054(b), further provides that the Commission may conduct research, studies, and investigations on the safety of consumer products, or test consumer products and develop product safety test methods and testing devices.

To help identify and evaluate product-related incidents, Commission staff invites and obtains direct feedback from consumers on issues related to product safety, such as recall effectiveness, product use, and perceptions regarding safety issues. The information that the CPSC collects from future focus groups will help inform the Commission's identification and evaluation of consumer products and product use, by providing insight and information into consumer perceptions and usage patterns. In some cases, one-on-one interviews may be conducted as a more in-depth extension of a focus group, or in place of a traditional focus group. This information may also assist the Commission in its efforts to support voluntary standards activities and help CPSC identify consumer safety issues requiring additional research. In addition, based on the information obtained, CPSC may be able to provide safety information to the public that is easier to read and understood by a wider range of consumers.

SUPPLEMENTARY INFORMATION:

Title; Associated Form; and OMB Number: Defense Industrial Base (DIB) Cybersecurity (CS) Program Point of Contact Information; OMB Control Number 0704–0490.

Type of Request: Revision.

Number of Respondents: 7,590.

Responses per Respondent: 1.

Annual Responses: 7,590.

Average Burden per Response: 20 minutes.

Annual Burden Hours: 2,530.

Needs and Uses: DoD’s Defense Industrial Base (DIB) Cybersecurity (CS) Program enhances and supports DIB CS participants’ capabilities to safeguard DoD information that resides on, or transits, DIB unclassified information systems. The operational implementation of this Program requires DoD to collect, share, and manage point of contact (POC) information for Program administration and management purposes. The Government will collect typical business POC information from all DIB CS participants to facilitate communication and share cyber threat information. To implement and execute this Program within their companies, DIB CS participants provide POC information to DoD during the application process to join the Program. This information includes the names, company names and mailing address, work divisions/groups, work email addresses, and work telephone numbers of company-identified POCs. DIB CS Program POCs include the Chief Executive Officer (CEO), Chief Information Officer (CIO), Chief Information Security Officer (CISO), General Counsel, Corporate or Facility Security Officer, and the Chief Privacy Officer, or their equivalents, as well as those administrative, policy, technical staff, and personnel designated to interact with the Government in executing the DIB CS Program (e.g., typically 3–10 company designated POCs). After joining the Program, DIB CS participants provide updated POC information to DoD when personnel changes occur.

Affected Public: Individuals and Households, Private Sector and Small Businesses.
